Report on the Financial Statements

We have audited the accompanying financial statements of *Ground Penetrating Radar Systems 401(k) Profit Sharing Plan & Trust* (the "Plan"), which comprise the statements of net assets available for benefits in liquidation as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits in liquidation for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on auditor judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of *Ground Penetrating Radar Systems 401(k) Profit Sharing Plan & Trust* as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Board of Directors of Ground Penetrating Radar Systems, the Plan Sponsor, approved a plan of liquidation on November 15, 2017, and management determined liquidation to be imminent at that time. As a result, the Plan used the liquidation basis of accounting for the presentation of the 2018 and 2017 financial statements. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The December 31, 2018 supplemental schedule of assets (held at end of year) in liquidation is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the 2018 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the *Ground Penetrating Radar Systems 401(k) Profit Sharing Plan & Trust* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *Ground Penetrating Radar Systems, Inc.* (the “Company” and “Employer”) who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company's Board of Directors approved the termination of the Plan effective November 15, 2017, and a plan of liquidation was approved on February 8, 2018. Contributions to the Plan were not permitted after the effective termination date and the Plan only allowed for participant loan repayments after the termination date. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Company may determine. In 2018, \$6,103,528 was distributed to Plan participants. As of December 31, 2018 there were two participant accounts that were not fully distributed amounting to \$2,523. The residual balances were distributed in 2019.

Contributions

Each year participants contributed up to 92 percent of pretax annual compensation, as defined in the Plan agreement. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company matched the first 3% of each participant’s deferral, plus 50% of the participant’s elective deferral that exceeds 3% of the participant’s compensation for the Plan year but did not exceed 5% of such compensation. The Company, at its discretion, could have made an additional profit sharing contribution to the Plan at an amount equal to a percentage of the participants’ eligible compensation. No such profit sharing contributions were made in 2018 and 2017. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan offered mutual funds as investment options for participants. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company’s matching contributions and an allocation of (a) the Company’s profit sharing contribution (when made), and (b) Plan earnings, and charged with an allocation of administrative expenses, if any. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions. Upon the November 15, 2017 termination of the Plan, participants became fully vested in all employer contributions, plus actual earnings thereon.

GROUND PENETRATING RADAR SYSTEMS 401(k) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

Notes Receivable from Participants

Through November 15, 2017, participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Notes receivable were secured by the balance in the participant's account and bore interest at rates ranging from 4.25% to 5.25%, which were commensurate with local prevailing rates at the time the notes were issued, as determined by the Plan Administrator. There were no outstanding loans at December 31, 2018.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age. The Plan also permits withdrawals of active participants' elective contributions, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited non-vested accounts were reallocated to qualifying participants. At the end of the Plan year, each qualifying participant's individual account received a pro rata allocation of forfeitures that was based on the qualifying participant's compensation in relation to the total compensation of all qualifying participants for the plan year. There were no forfeitures reallocated in 2018 or 2017, and there were no forfeited non-vested accounts at December 31, 2018 and 2017.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Participants are charged directly for loan fees and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

As a result of the Company's decision to terminate the Plan, the Plan's statements of net assets available for benefits and changes in net assets available for benefits are prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The adoption of the liquidation basis of accounting had no impact on the Plan's financial statements as its assets available for benefits are reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

GROUND PENETRATING RADAR SYSTEMS 401(k) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 2 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on such investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction to net appreciation or as an addition to net depreciation in the aggregate fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become the obligations of the Company.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Reclassifications

Certain amounts as reported in the 2017 financial statements have been reclassified to conform with the 2018 presentation.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019. The amendments modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification 820. Management continues to evaluate the impact of the adoption of ASU 2018-13 and its potential effect on the Plan's financial statement disclosures.

Notes to Financial Statements

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2018, the most recent statement of net assets available for benefits in liquidation presented herein, through October 14, 2019, the date these financial statements were available to be issued. No such significant events or transactions were identified.

2. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each of the Plan's assets or liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

GROUND PENETRATING RADAR SYSTEMS 401(k) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

Money market fund: Shares held in the money market fund is comprised of debt securities with individual maturities of 13 months or less and an average maturity of 75 days or less. The composition of securities is structured to maintain a value of \$1 per share and these funds are classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31:

2018	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 2,523	\$ -	\$ -	\$ 2,523
2017	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,120,613	\$ -	\$ -	\$ 5,120,613
Money market fund	686,767	-	-	686,767
Total investments at fair value	\$ 5,807,380	\$ -	\$ -	\$ 5,807,380

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels during 2018 and 2017.

3. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Merrill Lynch, Pierce, Fenner & Smith, Inc., a subsidiary of Bank of America, is the broker-dealer for the custodian of the Plan's investments. Bank of America has a substantial economic interest in BlackRock and Nuveen investments. Therefore, transactions related to these investments qualify as party-in-interest. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

4. TAX STATUS

The Company's Board of Directors adopted the Paychex Inc. Flexible 401(k) Profit Sharing Plan Nonstandardized Prototype Plan document. The prototype plan document has received an opinion letter from the Internal Revenue Service dated April 10, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

6. RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits in liquidation and the statements of changes in net assets available for benefits in liquidation.
