Independent Auditor's Report

The Administrator
New York Mets Employee Savings Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of New York Mets Employee Savings Plan which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017; the related statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Fidelity Management Trust Company, the Trustee of the Plan except for comparing such information with the related information included in the financial statements. I have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter - Report on Supplemental Schedule

The supplemental schedule as of the year ended December 31, 2018 as listed in the Table of Contents are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. It is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph herein, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

Employees Retirement Plan**

December 31, 2018 and 2017

Note 1 Description of Plan

The following description of the New York Mets Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Volume Submitter Plan and Trust document, related Adoption Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General The Plan, established by Sterling Mets, L.P., (the "Sponsor") is a defined contribution 401(k) plan covering all eligible employees employed by the employer or affiliate employers (together the "Employer" or "Administrator") that with the consent of the Sponsor have adopted the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Employer through an appointed group of individuals is responsible for the oversight of the Plan. The group determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility Eligible employees exclude: those who fail to meet the twelve consecutive months service requirement; those who are under age twenty one; those who are participants in the Major League Baseball Players Benefit Plan; those who are Minor League baseball players; those who are covered by collective bargaining agreements; and those, who are seasonal employees, or paid on a per-day or per-game basis, unless such person is credited with a minimum of 1,000 hours of service in the twelve-month period after becoming an employee, or in any Plan year thereafter. Eligible employees may elect to begin participation in the Plan as of the first day of the calendar month coinciding with or next following the date that the age and service eligibility requirements are met.

Employee Contributions Each year, participants may authorize the Employer to withhold up to 100% (to a maximum of \$18,500 in 2018 and \$18,000 in 2017) of eligible compensation for contribution to the Plan. Eligible compensation is statutorily limited to \$275,000 in 2018 and \$270,000 in 2017. Participants over 50 years of age may make an additional annual "catch up" contribution. The maximum annual catch up contribution for 2018 and 2017 is \$6,000. Participants also may contribute rollover amounts representing distributions or distributable amounts from other qualified retirement plans. Participants may elect to contribute all or a portion of their elective contributions to the Plan as pre-tax elective deferrals or after- tax Roth contributions.

Employer Contributions The Employer is obligated to contribute a matching contribution equal to 50% of each participant's contribution. Participant contributions in excess of 6% of participant eligible compensation for the Plan year are excluded when calculating the required Employer matching contribution. Catch up contributions and rollover contributions are not eligible for Employer matching. In addition, for all eligible employees hired after January 1, 2016 the Employer is further obligated to contribute a fixed percentage employer contribution of 3% of eligible compensation. Additional amounts may be contributed to the Plan solely at the option of the Employer.

Participant Accounts Each participant's Plan account is credited with the participant's contributions and allocations of his or her Employer's contributions, including any related earnings or losses and may be charged with an allocation of certain administrative expenses, if any. Allocations of earnings or losses are based on participants' account balances, as defined. The benefit to which a participant is entitled under the Plan is the benefit that can be provided from the participant's vested Plan balances.

Vesting Participants are immediately 100% vested in their own contributions including any related earnings or losses. Employer matching, required 3% fixed percentage and discretionary contributions, including any earnings or losses thereon, vest based on years of service. For these amounts, a participant becomes 100% vested, in 20% increments, over a period of one through five years of service. Also, for these amounts, a participant becomes 100% vested upon normal retirement age 65, total disability, death, or termination or partial termination of the Plan. In general, a participant who terminates employment with the Employer before becoming fully vested in their Plan account balances will forfeit the unvested employer contribution portion of their account balances.

**New York Mets
Employees Retirement Plan**

December 31, 2018 and 2017

Note 1 Description of Plan (continued)

Forfeitures Forfeitures of the non-vested portion of terminated participants' Plan accounts may be applied to reduce Employer contributions or pay Plan administrative expenses. Activity arising from unallocated forfeitures of terminated participants' non-vested account balances for the years ended December 31, 2018 and 2017 was:

	2018	2017
Forfeiture balance available - beginning of year	\$ 33,000	\$ 24,000
Increase arising from forfeitures of terminated participants' non-vested account balances	73,000	65,000
Investment activity	1,000	1,000
Amount applied to reduce Employer contributions	(90,000)	(57,000)
Forfeiture balance available - end of year	<u>\$ 17,000</u>	<u>\$ 33,000</u>

Participant Loans Participants may borrow from their Plan accounts, in general, up to an amount equal to the lesser of \$50,000 or 50% of their vested account balances. The minimum permitted loan is \$1,000. Loans are collateralized by the balances in the participant's Plan accounts. Principal and interest are to be paid ratably by the participant through payroll deductions and are credited to the participant's Plan accounts. Loan origination fees, if any, are charged directly to the participant's accounts.

Hardship Distributions Participants may request a distribution of all or a portion of their vested Plan account balances in the event of certain defined financial hardships, provided such request is for at least \$500. Participants must first exhaust all other reasonably available resources before becoming eligible for hardship distributions.

In-service Distributions Participants who have attained age 59 ½ may request an in-service distribution of all or a portion of their vested Plan account balances, provided such request is for at least \$500.

Payment of Benefits Upon termination of service due to death, disability or retirement, a participant generally may elect to defer distribution, or receive either a lump sum amount or installments equal to the vested value in his or her accounts.

Investment Options Upon enrollment in the Plan, participants may direct the investment of contributions made on their behalf and may transfer the investment of Plan account balances among approximately 35 investment options, primarily registered investment companies ("mutual funds"). The Employer, or its delegate, may add or subtract from the list of investment options from time to time. When employees direct their own Plan account investments, their Plan accounts are allocated earnings or losses reflective of their chosen investments. A participant's Plan account does not share in the investment performance of other participants' Plan accounts.

Plan Termination Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions and terminate the Plan subject to the provisions of ERISA and the Internal Revenue Code of 1986 as amended (the "Code"). Should the Plan terminate, participants would become 100% vested in all Plan accounts. Further, under some circumstances (such as a partial Plan termination caused by a significant reduction in Plan participants from one Plan year to the next), Plan participants with respect to whom a partial Plan termination occurs will become 100% vested in all their Plan accounts.

Note 2 Summary of Significant Accounting Policies

The financial statements of the Plan are prepared using the accrual method of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments are reported at fair value. The carrying value of other assets and liabilities approximates fair value because of the short-term nature of these items. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Attributes that are specific to an asset or liability, such as restrictions on the asset's sale, need to be considered when measuring fair value, if market participants would take those attributes into account when pricing the item. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company, the Trustee of the Plan. See Note 3 for a discussion of fair value measurements.

Participant contributions are recorded as they are withheld from participant wages. Employer contributions are recorded in the period in which the related participant contributions are due.

Participant contributions, if any, in excess of amounts allowed by the Internal Revenue Code are recorded as a liability payable to participants with a corresponding reduction to contributions.

Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits are recorded when paid.

Mutual fund, money market fund and common collective trust expenses, including investment management and advisory services, are charges against the respective investment vehicle assets and are reflected in the respective investment's share/unit value, dividends and net appreciation or (depreciation) in value of investments.

Certain operating and administrative expenses are absorbed by the Employer and, to that extent, are not reflected in these financial statements.

Certain amounts, classifications and disclosures included in prior-years financial statements are, from time to time, restated to conform to the presentation of the current year.

Note 3 Fair Value Plan Investment Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels.

Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Level 1 inputs have the highest priority.

Level 2 inputs include:

- quoted prices for similar, but not identical, assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets (i.e., markets in which there are few transactions for the asset or liability, the prices are not current, price quotations vary substantially, either over time or among market makers, or in which little information is publicly available, for example, a principal-to-principal market);
- inputs other than quoted prices that are observable for the assets or liabilities; and
- inputs that are derived principally from, or corroborated by, observable market data, either by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs have the lowest priority. Level 3 inputs, which are unobservable and significant, are used for fair value measurement only when observable inputs are not available. Thus, these inputs apply when there is little or no market activity for the asset or liability at the measurement date.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Appropriate valuation techniques based on the available inputs are used to measure the fair value of the Plan's investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Level 1 Fair Value Measurements - The fair value of all Plan investments in money market funds and mutual funds is based on year-end quoted net asset values of the shares held by the Plan, as certified by the Trustee. (See Note 4.) Gains and losses, realized and unrealized, included in the accompanying Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2018 and 2017, are reported in net appreciation or (depreciation) in fair value of investments. The Plan's investments in money market funds and mutual funds are deemed to be actively traded.

Level 2 Fair Value Measurements - The Plan's investment in the common collective trust ("CCT") is valued at the net asset value ("NAV") of units held. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. CCT units held in participant accounts may be redeemed on a daily basis to fund participant benefit payments and other participant initiated withdrawals. In unusual market conditions the CCT trustee may impose restrictions on redemptions of units. Plan level liquidations such as those arising from a termination of the Plan, require notice and could result in redemption restrictions for up to 12 months.

Level 3 Fair Value Measurements - No level 3 inputs were used by the Plan.

Employees Retirement Plan**

December 31, 2018 and 2017

Note 3 Fair Value Measurements (continued)

For the years ended December 31, 2018 and 2017 there were no transfers among levels 1, 2 or 3.

The methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Further, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Level 1	Level 2	Level 3	Total

Note 5 Parties in Interest and Related Party Transactions

Certain principals, officers and employees of the Employer are named fiduciaries of the Plan. They, along with Plan service providers, the Employer and Trustee, are considered "parties in interest" pursuant to definitions within ERISA (and "disqualified persons" within the Code). In general, individuals and companies that do business with the Plan also may be defined as parties in interest. Parties in interest may be restricted in their ability to be involved in transactions with the Plan and Plan fiduciaries.

Certain investments of the Plan are in shares (or units) of mutual funds, money market funds and common collective trusts. These investment vehicles may pay fees for investment advisory services, management or similar services, both to their own related mutual fund family umbrella companies and to other service providers, some of which may do business with the Plan, the Employer, the Plan Administrator, the Trustee, the custodian or the investment advisor. These transactions qualify as exempt party in interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions.

Through arrangements with the Trustee, the Plan recaptures fees from mutual funds. For the years ended December 31, 2018 and 2017, the Plan earned approximately \$47,000 and \$41,000, respectively from investments and offset certain Plan fees of approximately \$46,000 and \$39,000, respectively. At December 31, 2018 and 2017 the unallocated recapture account held \$12,000 and \$11,000, respectively.

Note 6 Risks, Concentrations and Uncertainties

Future Employer contributions to the Plan are subject to risk arising from concentration in, and financial capacity of, the sources providing those contributions.

Benefits provided by the Plan are not insured by the Pension Benefit Guaranty Corporation under ERISA. Also, the Plan's investments are not equivalent to bank deposits and are not insured or guaranteed by the FDIC. Further, all of the Plan's investments are exposed to various risks, such as interest rate and foreign exchange rate fluctuation, market volatility and credit risk. Accordingly, it is at least reasonably possible in the near-term that risks would materially affect future amounts reported in the Statements of Net Assets Available for Benefits, and in the Statements of Changes in Net Assets Available for Benefits; and consequently impact participants' Plan account balances, including vested account values at retirement date or upon another distributable event.

Plan investments may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers, a lack of a secondary market and changes in interest rates. Also see Note 3.

Note 7 Tax Status

The Internal Revenue Service has issued an advisory letter to the sponsoring organization of the pre-approved plan adopted by the Employer opining that the form of the pre-approved plan and related trust are designed in accordance with applicable tax qualification and tax exemption sections of the Code. The pre-approved plan and related trust have been amended since receiving the advisory letter. The Employer is not required, and has not sought, to apply for its own determination letter with regard to the tax qualification of the Plan. The Employer believes that the Plan is designed and currently is being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to examinations by taxing authorities for years before 2015. The application of tax laws and regulations to many types of transactions is susceptible to varying interpretations and accordingly, amounts and disclosures reported in the financial statements could be changed at a later date upon final determinations by the taxing authorities.

Note 8 Subsequent Events

Management has evaluated subsequent events through September 12, 2019, the date on which the financial statements were available to be issued.
