NOTE 1 - DESCRIPTION OF PLAN

The following description of the Augusta Sportswear, Inc. Retirement-Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution plan covering substantially all employees of Augusta Sportswear, Inc., Bomark Acquisition Corporation, Holloway Sportswear, Inc., Augusta Active Inc., and High 5 Sportswear, Inc. (the Company), who are 21 years old or older and who have three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2018. The amendment adopted an automatic contribution arrangement.

B. Contributions - Participants are automatically enrolled to contribute 1% of plan compensation with an automatic 1% increase each year on July 1st up to 6%. Participants may elect not to participate. Participants may contribute up to the IRS maximum percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a fully benefit responsive investment contract as investment options for participants. The Company contributes a safe harbor nonelective contribution of 3% of employee's compensation for the Plan year to all eligible employees. Safe harbor contributions are directed by the participants.

C. Participant Accounts - Each participant's account is credited with the participant's contributions, employer matching contributions and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting - Participants are immediately vested in their contributions and their portion of the safe harbor employer non-elective contributions plus actual earnings thereon. All employees who were employed with Holloway Sportswear, Inc. on December 23, 2014 who had a portion of their account balance invested in Holloway Sportswear, Inc. 401(k) Plan as of December 22, 2014 and whose account balance merged into the Plan are 100% vested in their account balances as of January 1, 2015. Prior to January 1, 2018, participants were vested in their portion of the employer non-elective profit sharing contributions based on years of continuous service. A participant is 100% vested in pre-January 1, 2018 employer non-elective profit sharing contributions after six years of credited (continuous) service. The participants vest as follows:

NOTE 1 - DESCRIPTION OF PLAN (continued)

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

E. Notes Receivable from Participants - Participants may borrow from their fund accounts a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate will generally be the prime interest rate charged by banks as published in the *Wall Street Journal* on the 14th of each month, plus 1%. Principal and interest is paid ratably through payroll deductions.

F. Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding $1,000, but not exceeding $5,000, may be rolled into an Individual Retirement Account. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of a qualifying financial hardship.

G. Forfeitures - The unvested portion of a terminated participant's account will be forfeited and may be used to reduce future Company contributions or to pay Plan expenses. Forfeitures of $2,360 and $987 were applied to the Company contributions for the years ended December 31, 2018 and 2017, respectively. At December 31, 2018 and 2017, the forfeited non-vested account balance was $14,288 and $14,306, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The policies and principles that significantly affect the determination of net assets and changes in the net assets are summarized below:

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value except the fully benefit responsive investment contracts which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Cash in Transit
On December 27, 2017, the Plan changed third-party administrators from Automatic Data Processing, Inc. Retirement Services to Massachusetts Mutual Life Insurance Company. Prior to December 27, 2017, assets were held by State Street Bank & Trust Co. (acquired by Reliance Trust Company). The assets were transferred to Reliance Trust Company but were in transit as of December 31, 2017. Reliance Trust Company received the assets January 2, 2018.

Excess Contributions Payable
The Plan failed the discrimination test for the year ended December 31, 2017. Excess contributions, if any, are refunded to participants during the following Plan year.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Plan Fees and Administrative Expenses
The Plan pays all trustee and asset fees. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, all other administrative expenses are paid directly by the Company.

Subsequent Events
The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP) provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund on the NYSE. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2018 and 2017:

	Total	Quoted Market Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
2018			
Mutual Funds:	$ 12,014,694	$ 12,014,694	$ -
Total investments, at fair value	$ 12,014,694	$ 12,014,694	$ -
2017			
Mutual Funds:	$ -	$ -	$ -
Total investments, at fair value	$ -	$ -	$ -

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Mass Mutual Retirement Services (MMRS) Blended Stable Value Fund is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the group annuity contract participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the investment option at contract value. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract Value represents contributions plus credited interest less participant withdrawals and fees.

The MMRS considers the investment option to be fully benefit-responsive notwithstanding the market value events under the investment option contract that limit the ability of the Plan to transact at contract value.

The average yield earned is calculated by dividing the annual interest credited to the plant during the Plan year by the average annual fair value (applicable for those plans that have been in-force with MMRS for more than one year). The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value (applicable for those plans that have been in-force with MMRS for more than one year). The average yield earned by the Plan and the average interest rate credited to the participants is the same, therefore, no adjustment is needed.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (continued)

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; and (2) the establishment or activation of, or material change in any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or a division or as a result of group layoffs or early retirement programs.

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the company contribution portion of their account.

NOTE 7 - TAX STATUS

The Plan is a prototype plan sponsored by Massachusetts Mutual Life Insurance Company. The Internal Revenue Service has determined and informed the overall plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by regulatory agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator does not believe there are any material uncertain tax positions and, accordingly, the Plan will not recognize any liability for unrecognized tax benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan's investments include shares of mutual funds managed by Reliance Trust Company and its affiliates. Reliance Trust Company and its affiliates earn fees for managing their mutual funds, and these fees are deducted from the earnings reported by the mutual funds. Certain fees associated with administering the Plan are also paid to Reliance Trust Company, Massachusetts Mutual Life Insurance Company, and Gallagher. Reliance Trust Company is the Plan trustee, Massachusetts Mutual Life Insurance Company is a third-party administrator for the Plan and Gallagher is a fiduciary advisor and, therefore, these transactions qualify as party-in-interest transactions. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company makes matching contributions to the Plan and pays certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of mutual funds and a stable value fund. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 10 - RECONCILIATION OF THE FORM 5500 TO THE FINANCIAL STATEMENTS

The Annual Return/Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The following is a reconciliation of net assets available for benefits per the Form 5500 at December 31, 2018 and 2017 to the financial statements:

	2018	2017
Net assets available for benefits per the Form 5500	$ 15,092,532	$ 17,154,256
Less: Adjustment for corrective distributions payable	-	(1,516)

NOTE 10 - RECONCILIATION OF THE FORM 5500 TO THE FINANCIAL STATEMENTS
(continued)
