Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Mutual of America Life Insurance Company (Mutual of America), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Mutual of America holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Mutual of America as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedules

The Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2018, and the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2017 Financial Statement

The financial statement of the Plan as of December 31, 2017, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 12, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statement, and (b) the form and content of the information included in the financial statement other than that derived from the certified investment information was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the 401(k) Profit Sharing Plan for Employees of Central Valley GMC d/b/a Affinity Truck Center (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Central Valley GMC d/b/a Affinity Truck Center, and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Central Valley GMC d/b/a Affinity Truck Center, (the Company) is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan after completing three months of service with the Employer. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any employer paid profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Deferrals from automatically enrolled participants are increased by 1% on January 1 of the second and third subsequent years, up to a maximum auto-deferral of 3%, unless elected otherwise by the participant.

Employer profit sharing contributions – The Company may elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all eligible participants' compensation. During the year ended December 31, 2018, the Company made $243,313 in profit sharing contributions to the Plan, of which $240,398 was for the Plan year ended December 31, 2018, and contributed subsequent to year-end.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and allocation of the Company's discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2018, the rates of interest on outstanding loans ranged from 4.25% to 6.00%, with various maturities through November 2023.

Payment of benefits – On termination of service due to death, disability, retirement, or termination of service for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a monthly annuity payment.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to (1) pay any expenses relating to the termination of employment of the participant and any other charges under the contract which are past due, (2) restore the forfeited portion of the accounts of reemployed participants and (3) allocated to active participants pro-rata based on compensation. As of December 31, 2018 and 2017, forfeited non-vested accounts totaled $15,466 and $2,838, respectively. During the year ended December 31, 2018, forfeited non-vested accounts in the amount of $2,855 were allocated to active participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, Mutual of America, certifies the contract value of the deposit administration contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 11, 2019, which is the date the financial statements were available to be issued.

Reclassification – Certain amounts from the prior year statement of net assets available for benefits have been reclassified in order to conform to the current year presentation.

NOTE 3 – INVESTMENTS

The Plan holds sub-accounts within a pooled separate account (PSA) under a group annuity contract with Mutual of America. The sub-accounts are invested in shares of a corresponding fund issued by Mutual of America, or in shares of funds issued by other management investment companies. Following is a description of the valuation techniques used for assets measured at fair value.

Units held in pooled separate account sub-accounts are valued using the net asset value (NAV) practical expedient of the sub-account as reported by the custodian. The NAV practical expedient is based on the fair value of the underlying assets owned by the sub-account, minus its liabilities, and then divided by the number of units outstanding.

The Plan currently invests in the following significant sub-accounts under the Mutual of America Separate Account Number FS1. Other sub-accounts available and insignificant sub-accounts are not disclosed here. There are no unfunded commitments, redemption frequency restrictions, redemption notice period, or any redemption restrictions, except restrictions may be imposed to minimize short-term trading activity.

Mutual of America Target Retirement Funds – these are a series of target date asset allocation portfolios, each identified by a future year. Each fund seeks to achieve current income and capital appreciation appropriate for the asset allocation associated with its approximate year of retirement which is included in the fund's name (Target Retirement Date). To pursue this goal, each fund invests in shares of other series of the Investment Company (IC Funds) in proportions that are balanced to meet the objective of the fund, which will move toward preservation of capital and production of income as the target retirement date approaches.

Mutual of America Aggressive Allocation – the fund seeks capital appreciation and, to a lesser extent, current income. The fund invests primarily in equity shares of IC Funds and also in fixed income IC Funds. The fund's target allocation currently is approximately 80% of net assets in equity IC Funds and approximately 20% of net assets in fixed income IC Funds. The fund seeks to maintain approximately 35% of its net assets in the Equity Index Fund, approximately 20% of its net assets in the Mid-Cap Equity Index Fund, approximately 15% of its net assets in the International Fund, approximately 5% of its net assets in the Small Cap Growth Fund and approximately 5% of its net assets in the Small Cap Value Fund. The fund seeks to maintain approximately 20% of its net assets in the Bond Fund.

Mutual of America Moderate Allocation – the fund seeks capital appreciation and current income. The fund invests both in equity and fixed income shares of IC Funds. The fund's target allocation currently is approximately 60% of net assets in equity IC Funds and approximately 40% of net assets in fixed income IC Funds. The fund seeks to maintain approximately 35% of its net assets in the Equity Index Fund, approximately 15% of its net assets in the Mid-Cap Equity Index Fund and approximately 10% of its net assets in the International Fund. The fund seeks to maintain approximately 25% of its net assets in the Bond Fund and approximately 15% of its net assets in the Mid-Term Bond Fund.

Mutual of America Conservative Allocation – the fund seeks current income and, to a lesser extent, capital appreciation. The fund invests the majority of its assets in fixed income shares of the IC Funds, and also invests in equity IC Funds. The fund's target allocation currently is approximately 65% of net assets in fixed income IC Funds and approximately 35% of net assets in equity IC Funds. The fund seeks to maintain approximately 30% of its net assets in the Bond Fund and approximately 35% of its nets assets in the Mid-Term Bond Fund. The fund seeks to maintain approximately 25% of its net assets in the Equity Index Fund, approximately 5% of its net assets in the Mid-Cap Equity Index Fund and approximately 5% of its net assets in the International Fund.

DWS Capital Growth VIP – the fund seeks to provide long-term growth of capital. The fund normally invests at least 65% of total assets in equities, mainly common stocks of U.S. companies. The fund generally focuses on established companies that are similar in size to the companies in the S&P 500 Index (generally 500 of the largest companies in the U.S.) or the Russell 1000 Growth Index (generally those stocks among the 1,000 largest U.S. companies that have relatively higher price-to-earnings ratios and higher forecasted growth values). Although the fund can invest in companies of any size, the fund intends to invest primarily in companies whose market capitalizations fall within the normal range of these indexes at the time of investment. The fund may also invest to a limited extent in companies outside the U.S.

Mutual of America Equity Index Fund – the fund seeks investment results that correspond to the investment performance of the S&P 500 Index. The fund primarily invests in the 500 common stocks included in the S&P 500 Index to replicate, to the extent practicable, the weightings of such stocks in the Index. The components of the Index are market capitalization weighted, adjusted for free float. Under normal circumstances, at least 80% of the fund's total assets are invested in securities included in the S&P 500 Index, which at December 31, 2018, included companies with market capitalizations from $2.9 billion up to $780.1 billion. The fund is benchmarked to the S&P 500 Index. This fund gets rebalanced at approximately the same time that the S&P 500 Index is rebalanced and reconstituted, which currently occurs on the third Friday of the last month of each quarter. The fund may concentrate its investments in an industry or group of industries to the extent that the index being tracked is also concentrated.

The following table provides additional information for PSAs that calculate net asset value per share (or its equivalent):

	Fair Value 12/31/2018	Fair Value 12/31/2017	Redemption Frequency	Redemption Notice Period	Redemption Restrictions	Unfunded Commitments
Pooled Separate Accounts	$ 3,767,687	$ 3,940,192	Daily	N/A	N/A	N/A

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH MUTUAL OF AMERICA LIFE INSURANCE COMPANY

The Plan invests in a fully benefit-responsive investment contract (FBRIC) with Mutual of America Life Insurance Company (Mutual of America). Mutual of America maintains the contributions in a general account, which is an unsecured, general obligation of Mutual of America. The obligation is backed by the general account assets of the insurance company that writes the investment contract. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a monthly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – TAX STATUS

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net depreciation in fair value of investments, interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mutual of America. Mutual of America is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 10 – RECONCILIATION TO FORM 5500

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

As disclosed in the accompanying Schedule of Delinquent Participant Contributions, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company will determine the amount of lost earnings and will remit these amounts to participants' accounts during the year ended December 31, 2019.

NOTE 12 – SUBSEQUENT EVENTS

The Plan was amended effective January 1, 2019, to change the eligibility provisions and automatic enrollment provisions. The Plan was amended effective May 1, 2019, so that a participant may withdraw any amounts allocated to employer and employee contribution accounts because the participant has attained age 59 1/2.
