Note 1 Description of Plan

The following description of the Advance Fire & Security, Inc. (the "Company") 401k Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a cash or deferred profit sharing plan established by the Company in order to provide eligible employees and their beneficiaries with a measure of retirement security. Employees become eligible on January 1st or six months after one year of service. A minimum age of 21 is required. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employee

The Plan provides that each participant, who has met eligibility requirements, as defined, may contribute to the Plan and elect to defer a percentage or an amount of their eligible compensation, as defined, on a pre-tax basis or after-tax basis not to exceed the maximum allowable under the Internal Revenue Code for any plan year ($18,500 for 2018). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions ($6,000 for 2018).

Employer

The Company, in its sole discretion, may make matching contributions to the Plan on an annual basis. The percentage of the matching contribution will be determined by the Company and allocated to participants at the end of the Plan year. In addition, the Plan allows the Company to make discretionary profit sharing contributions. Employer discretionary profit sharing contributions are allocated based on compensation in relation to all eligible participants. Matching contributions for the year ended December 31, 2018, was $54,456. The Company did not make discretionary profit sharing contributions to the Plan for the year ended December 31, 2018.

Participant Accounts

Each participant makes self-directed elections to have his/her account balances invested in one or more investment funds. Each participant's account is credited with the participant's contribution, the Company's matching and/or discretionary contributions, and any earnings or losses on their investment. Allocations of the profit sharing contribution are based on participant compensation as a percentage of total compensation paid to all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 Description of Plan (continued)

Vesting

The balance in each participant's pre-tax or after-tax (Roth) contribution account and any rollover contribution account including earnings thereon are fully vested at all times. The nonforfeitable percentage of the balances in each participant's employer matching and discretionary profit sharing contribution accounts are determined based on years of continuous service. A participant whose participation in the Plan terminates before he or she is fully vested for any reason other than retirement, disability or death, shall forfeit any portion of his or her interest in the Plan which is not vested.

A participant is 100% vested in employer matching and discretionary profit sharing contribution accounts after six years of credited service in accordance with the following schedule:

Years of Vesting Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Investment Options
The participants' contributions and the Company's matching contributions are allocated to the various investment options offered by the Plan as the participant directs.

Forfeitures
Forfeited non-vested balances may be used to offset plan expenses or may be used to reduce future employer contributions. As of December 31, 2018 and 2017, forfeiture balances of $4,945 and $2,414, respectively, were used to reduce the Plan's administrative expenses and employer contributions.

Payment of Benefits
Benefit payments are recorded when paid. On termination of service due to retirement, resignation, dismissal or death, a participant's account balance is distributed to the participant or designated beneficiary by payment in a lump sum.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as a distribution based on the terms of the Plan Document.

Administrative Expenses

All operating expenses of the Plan including expenses for recordkeeping, insurance and auditing are paid by the Plan Sponsor and do not appear as liabilities or deductions of the Plan. The expenses are allocated among the accounts of all participants in the Plan. The mutual funds in which the Plan invests report earnings net of expenses within the participant funds themselves.

Reclassification

Certain amounts in the 2017 financial statements have been reclassified to conform to the 2018 presentation.

Note 3 Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 (ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value:

Mutual Funds: valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 Fair Value Measurement (continued)

There have been no changes in the methodologies used at December 31, 2018 and 2017.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31, 2018 and 2017:

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 874,307**	**$ -**	**$ -**	**$ 874,307**

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 784,774	$ -	$ -	$ 784,774

Note 4 Investment Information Certified by the Plan's Custodian

The following is a summary of the investment information regarding the Plan as of December 31, 2018 and 2017 and for the year ended December 31, 2018, included in the Plan's financial statements, that was prepared or derived by Capital Bank and Trust Company, the Custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that such information is complete and accurate.

	2018	2017
Investments, at fair value	**$ 874,307**	$ 784,774
Net depreciation in fair value of investments	**$ (100,574)**	
Dividends	**$ 43,310**	

Note 5 Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA (cash or deferred arrangement) of the recordkeeper of the Plan, which received an opinion letter from the IRS dated March 31, 2014 stating that the volume submitter plan was designed in accordance with provisions of the IRC. The Plan has not yet filed for its own determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes due from the Plan has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. In the event the Plan is subject to interest and/or penalties, interest would be included with interest expense and penalties would be recognized as a component of administrative expenses. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2015.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at anytime and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7 Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the Custodian and the recordkeeper, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services were included as a reduction of the return earned on each fund. Fees paid to the record-keeper and Custodian, Capital Bank and Trust Company, included as administrative expenses on the statement of changes in net assets available for benefits, were $250 for the year ended December 31, 2018.

Note 8 Risk and Uncertainties

The Plan invests in various investments which are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Subsequent Events

Subsequent events for the Plan have been evaluated through October 14, 2019, the date the financial statements were available to be issued and there were no material subsequent events requiring disclosure.
