NOTE A -- Plan description

The following brief description of the Telstar Instruments, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for more complete information.

General

Telstar Instruments, Inc. (the Company), as the Plan sponsor, adopted the Fidelity Basic Plan Document No. 17 prototype Defined Contribution Plan as its Plan effective June 22, 2015. The Plan was amended and restated effective February 14, 2018. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Plan's trustees appointed by the Company's Board of Directors. Fidelity Workplace Services, LLC serves as the Plan recordkeeper and Fidelity Management Trust Company serves as the Plan trustee.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after having completed three months of service and are eighteen years of age or older during the Plan year. Employees covered by a collective bargaining agreement are not eligible to participate in the Plan, unless the agreement requires the employees to be included under the Plan. Any individuals with any documentation acknowledging status as an independent contractor are not eligible to participate in the Plan.

Contributions

Participants may make voluntary elective deferral contributions subject to prescribed limitations as well as rollover contributions from a qualified plan. (Participants may designate their elective deferral contributions as pre-tax elective deferrals or Roth elective deferrals in any proportion they choose). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may contribute discretionary matching contributions as determined by the Board of Directors. Participants become eligible to receive matching contributions from the Company only if they make elective deferral contributions and are employed as of the last day of the year.

NOTE A -- Plan description (continued)

Contributions (continued)

The Company did not make a discretionary matching contribution for the year ended December 31, 2018.

Payment of benefits

On termination of service due to death, disability or retirement, a participant is entitled to receive the participant's vested aggregate account balance and may choose to leave the assets invested in the Plan or take a lump-sum distribution. However, the Plan's administrator, without the consent of the participant, may distribute a participant's vested aggregate account balance in a lump-sum any time after a participant terminates employment if the participant's account balance does not exceed $5,000.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become one hundred percent (100%) vested in all amounts credited to their accounts.

Participant accounts

Separate accounts are maintained for each participant; an elective deferral contribution account, an elective Roth deferral contribution account, a discretionary matching contribution account, a rollover contribution account and a qualified non-elective contribution account (if applicable). Each participant's elective contribution account is credited with the participant's elective contributions and rollovers and an allocation of the Plan's earnings attributable to the elective account.

Each participant's matching contribution accounts are credited with the Company's contributions, along with an allocation of the Plan's earnings attributable to these accounts. Investment direction for each participant's account is provided by the participant.

Vesting

Participants are fully and immediately vested in their elective deferral contribution, rollover contribution and qualified non-elective contribution accounts together with allocated Plan earnings thereon. A participant's interest in the employer matching contributions is vested according to the following schedule:

NOTE A -- Plan description (continued)

Vesting (continued)

Years of service	Vested percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeiture

Forfeitures are retained in the Plan and first used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. There were no forfeited amounts for the year ended December 31, 2018.

NOTE B -- Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are valued at fair market value as of the Plan's year-end, taking into consideration investment earnings credited, expenses charged, payments made and changes in the value of the assets held in the funds. Fair market value is determined by quoted market prices.

Purchases and sales of the funds are recorded on a trade-date basis. Dividend and interest income is recorded on an accrual basis as earned.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% or $50,000 from their account balances, subject to plan provisions. The repayment term of the loans may vary from one to five years with the exception of a loan used to purchase a primary residence. The loans are secured by the participants' interests in the Plan's assets and bear interest at a rate that is comparable for similar types of loans by other lenders. Payments of interest and principal are made by withholding from each paycheck.

NOTE B -- Summary of accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants, distributions, and terminated employees' accounts are charged directly to the participant's account and are included in administrative expenses.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE C -- Investments

The Plan's investments are held in various money market and mutual funds. Participants may direct their contributions to any of the available investment options. The investments as of December 31, 2018 are noted on the supplemental schedule.

The following investments represent 5% or more of the Plan's net assets at December 31:

	2018	2017
Fidelity Freedom 2010	$ 560,565	$ 556,861
Fidelity Freedom 2020	$ 968,848	$ 1,071,916
Fidelity Freedom 2025	$ 1,494,740	$ 1,532,043
Fidelity Freedom 2045	$ 590,703	$ 544,704
Fidelity Freedom 2050	$ -	$ 491,252
Fidelity Govt. Money Market	$ 1,197,208	$ 1,196,664
Fidelity 500 Index PR	$ -	$ 1,107,842
Fidelity 500 Index	$ 1,182,072	$ -

NOTE D -- Fair value measurements

In accordance with generally accepted accounting principles, the Plan has categorized all investment assets according to the fair value hierarchy as either: Level 1, observable inputs that are derived from quoted prices (unadjusted) for identical assets or liabilities in an active market; Level 2, quoted prices in non-active markets or in active markets for similar assets or liabilities, inputs other than quoted prices that are observable, and inputs that are not directly observable, but are corroborated by observable market data; or Level 3, unobservable inputs, which cannot be corroborated by external market data.

The Plan does not hold any Level 2 or Level 3 investment assets. The following table summarizes the Level 1 investment assets held by the Plan at December 31:

	2018	2017
Money market funds	$ 1,197,208	$ 1,196,664
Mutual funds:		
Growth funds	111,994	83,499
Balanced funds	104,187	107,549
Fixed income funds	5,890,708	6,086,661
Value funds	58,781	68,727
Index funds	1,189,102	1,123,217
Total mutual funds	7,354,772	7,469,653
Total investments	$ 8,551,980	$ 8,666,317

The fair value of mutual funds is based on the quoted net asset values of the shares held by the Plan at year end.

NOTE E -- Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE F -- Tax status

The Plan's prototype (non-standardized) has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014, with respect to the tax-exempt status of the Plan. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt as of the date of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Board of Trustees of
Telstar Instruments, Inc.
401(k) Plan

We were engaged to audit the accompanying financial statements of Telstar Instruments, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain enough appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
