Note 1 - Description of Plan

The following brief description of the Taconic Biosciences, Inc. (Company) 401(k) Profit Sharing Plan and Trust (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution profit sharing plan with a 401(k) feature covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held by State Street Bank and Trust Company, the Trustee of the Plan. Company contributions, participant elective deferrals, and participant accounts are managed by Transamerica Retirement Solutions, the Recordkeeper of the Plan. The Plan Trustee is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or a fixed dollar amount of their pre-tax annual compensation to the Plan. In addition, participants may contribute after-tax Roth deferral contributions to the Plan. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral was $18,500 and $18,000 for the years ended December 31, 2018 and 2017, respectively. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Initial deferral rates for automatically enrolled participants were set at 4% for both years ended December 31, 2018 and 2017. The Plan has added an automatic elective deferral escalation feature to increase deferral rates for automatically enrolled participants by 1% annually, up to a maximum deferral rate of 10%.

Under the safe harbor election, the Company matches a portion of eligible employee contributions. Effective July 1, 2018 the safe harbor match is equal to 75% of the first 4% of a participant's eligible compensation. Prior to July 1, 2018, the safe harbor match was equal to 50% of the first 4% of a participant's eligible compensation. A safe harbor matching contribution is a minimum contribution made by the Company that allows the Plan to be exempt from 401(k) non-discrimination tests.

The Company may contribute additional matching contributions and profit sharing contributions at the discretion of the Board of Directors. There were no additional discretionary matching or profit sharing contributions for the years ended December 31, 2018 and 2017.

Participants direct the investment of their contributions, as well as the Company's safe harbor, discretionary matching contributions, and discretionary profit sharing contributions into the various investment options offered by the Plan.

Note 1 - Description of Plan - Continued

c. Plan Eligibility

Employees are eligible to participate in the Plan with respect to elective deferral contributions once they complete three months of service and have attained twenty-one years of age. To participate in the Company's safe harbor match, discretionary match, and profit sharing contributions, employees must have one year of service. Participants must have 1,000 hours of service and be employed on the last day of the Plan year to share in the Company's profit sharing contributions.

d. Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's safe harbor matching contribution and an allocation of: (a) the Company's discretionary matching and profit sharing contributions, if any, (b) forfeitures, if any, (c) the Plan's investment earnings (losses), net of investment expenses, and (d) administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon.

Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested upon: (1) disability; (2) death; (3) normal retirement at age 65; or (4) termination of the Plan. Vesting in the Company's discretionary matching and profit sharing contributions is as follows:

Years of Service	Vesting %
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

f. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. Participant notes are secured by the balance in the participant's accounts and bear interest at the prime rate plus one percent. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

Note 1 - Description of Plan - Continued

g. Payment of Benefits

On death, disability, retirement, or termination of service, a participant (or their beneficiary upon death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments as defined by the Plan document. Participants may receive in-service distributions upon reaching age 591/2, or on account of financial hardship. Rollover contributions may be withdrawn from the Plan at any time.

h. Forfeited Accounts

At December 31, 2018 and 2017, forfeitures totaled approximately $71,000 and $68,000, respectively. Forfeited, non-vested accounts may be used to: restore a participant's account upon rehire; reduce the employer's discretionary matching and profit sharing contributions; pay Plan administrative expenses; and add to the employer's profit sharing contribution. Forfeitures used to pay administrative expenses totaled approximately $15,000 and $42,000 for the years ended December 31, 2018 and 2017, respectively. No forfeitures were allocated to participants' accounts during the years ended December 31, 2018 and 2017.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisers.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of Significant Accounting Policies - Continued

d. Participant Notes Receivable

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Loans treated as benefit payments totaled approximately $66,000 and $57,000 for the years ended December 31, 2018 and 2017, respectively.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Administrative fees are paid by the Plan and may also be paid by the Company. Fees related to the administration of participant notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses. Recordkeeping fees paid by the Plan are allocated proportionately to participants based on the value of their account balances. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Expenses that are paid by the Company are excluded from these financial statements.

g. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 10, 2019, the date the financial statements were available to be issued.

Note 3 - Information Certified and Provided by Plan Trustee (Unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee of the Plan as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:

	December 31,	
	2018	2017
Cash, held for investment	$ 71,356	$ 67,850
Investments, at fair value	56,789,519	61,165,560
Participant notes	1,150,555	968,902
Investment income (loss)		
Net appreciation (depreciation) in fair value of investments	(4,544,373)	8,783,456
Interest and dividends	1,257,994	1,103,583
Interest income from participant notes receivable	51,848	39,071

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The following three levels of inputs may be used to measure fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: Valued based on the NAV of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Plan transactions (issuances and redemptions) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4 - Investments and Fair Value Measurements - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy				
Mutual funds	$ 55,182,617	$ -	$ -	$ 55,182,617
Investments measured at NAV (a)				
Common collective trust				1,606,902
Investments at fair value				$ 56,789,519

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy				
Mutual funds	$ 59,776,392	$ -	$ -	$ 59,776,392
Investments measured at NAV (a)				
Common collective trust				1,389,168
Investments at fair value				$ 61,165,560

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Related Party and Party-in-Interest Transactions

The Company paid no expenses in connection with the administration of the Plan for the years ended December 31, 2018 and 2017.

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

Certain investment options are managed by the Recordkeeper and Trustee of the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Internal Revenue Service (IRS) has ruled that the volume submitter profit sharing plan with Transamerica Retirement Solutions constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The volume submitter plan has received an opinion letter dated March 31, 2014 from the IRS as to the Plan's qualified status. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more-likely-than-not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

Form 5500 is prepared on the cash basis of accounting for the years ended December 31, 2018 and 2017.

The following is a reconciliation of net assets available for benefits per the financial statements to that shown on the Form 5500:
