1). Description of Plan

The following description of the DHR International (the "Company")/JobPlex 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a). General:

The Plan was adopted effective February 7, 2001, as a result of an Article 9 purchase of DHR International from EPS Solutions Corporation (EPS). Certain employees of EPS became employees of DHR International and subsequently rolled over their EPS retirement plan accounts to the new plan. The Plan is a defined contribution plan covering all full-time employees of the Company, ages 21 and older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

JobPlex, Inc. was added as a participating employer effective January 4, 2010.

The Company amended and restated its original Plan by adding Curator Commercial Management to the 401(k) Plan effective January 1, 2013.

The Company amended and restated the Plan effective January 1, 2015 and changed its Trustee to Ascensus Trust Company.

The Company amended and restated the Plan effective September 25, 2015 to add Hoffman Commercial Real Estate and to comply with the 2006 Pension Protection Act.

The Company amended the Plan effective August 1, 2017 to add automatic enrollment.

b). Contributions:

Employees are entered into the Plan on the first day of the month following their date of hire. The Plan has automatic enrollment so 3% of 401k eligible wages are withheld from their paychecks dated after this date unless they choose a different amount/percentage or opt out of participating.

The Plan provides for participants' elective contribution up to the amount of the participant's compensation, but not to exceed maximum amounts allowable by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers one money market fund and twenty-nine mutual funds as investment options for participants.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participants' salary reduction, up to 6% of participants' compensation. No discretionary contributions were made for 2018 or 2017.

c). Participants' Accounts:

Each participant's account is credited with the participant's contribution, the Company's matching contributions, Plan earnings and forfeitures of former Plan participants' nonvested account balances.

1). Description of Plan (Continued)

d). Forfeitures:

At December 31, 2018 and 2017 forfeited nonvested accounts totaled $729 and $683, respectively. Forfeitures must be used to reduce future employer contributions. During the years ended December 31, 2018 and 2017, employer contributions were reduced by $ -0- and $ -0- from forfeited nonvested accounts.

e). Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching contributions and the earnings thereon is based on years of continuous service and continued employment on the last day of the Plan year. A participant is 100 percent vested in the employers' matching contributions after six years of credited service.

f). Investment Options:

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options administered by Ascensus Trust Company.

g). Participant Loans:

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or fifty percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and will bear interest at the prime rate (as specified by the Wall Street Journal) plus 1%.

h). Payment of Benefits:

Benefit payments or withdrawals may be made for any of the following circumstances: normal retirement upon reaching age 60; total disability; employee death; termination of service; and financial hardship. Benefits will be paid as either a lump sum equal up to the value of the participant's vested account, partial payments or through the payment of equal or substantially equal installments paid not less than annually over a period not to exceed five years.

2). Summary of Significant Accounting Policies

a). Basis of Presentation:

The accompanying financial statements are prepared on an accrual basis of accounting in accordance with generally accepted accounting principles.

b). Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2). Summary of Significant Accounting Policies (Continued)

c). Valuation of Investments and Income Recognition:

Investments in group funds are recorded at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Ascensus Trust Company has reported the investments and changes therein of the trust fund to the Plan as having been determined through the use of fair values for all assets of the trust fund (See Exhibit II). See Note 10 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

d). Disclosure of Evaluation of Subsequent Events:

The Plan has adopted ASC Topic 855, *Subsequent Events*. In accordance with ASC 855, the Plan evaluated subsequent events through the report date, the date these financial statements were issued. There were no material events that required recognition or additional disclosures in these financial statements.

e). Participants' Loans:

Loans are available to all qualifying participants providing they do not have any other loans outstanding from the Plan. Repayments, including principal and interest are to be made at least quarterly over a five year period unless the loan is for the purchase of a principal residence, in which case the repayment period may not extend beyond ten years. Interest rates are determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money under similar circumstances. Unless otherwise determined by the Trustee, the interest rate will be the prime rate of interest charged by banks as referenced in the Wall Street Journal as of the date of the loan plus one percent.

Participants' loan balances are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the individual loan account that they pertain to when they occur. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement for tax purposes but the loan principal and accrued interest are kept on the books and continue to accrue interest until they are repaid or offset. A Loan Offset occurs when a participant attains a qualified event to disburse (i.e. separation of service, death or normal retirement age) and elects to treat an outstanding loan as a taxable distribution.

f). Excess Contributions Payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan had no excess contributions for 2018 to distribute to any participants before March 15, 2019.

2). Summary of Significant Accounting Policies (Continued)

g). Payment of Benefits:

Benefits are recorded when paid.

3). Tax Status of the Plan

The company uses Ascensus's prototype Non-standardized Plan and Ascensus has received a favorable determination letter from the Internal Revenue Service qualifying the Plan under the provisions stated in Section 401(a) of the Internal Revenue Code and for exemption of income taxes on the earnings of the trust fund under Section 501(a) of the Internal Revenue Code. The Plan has had amendments since the determination letter was received but the Plan Administrator does not believe these amendments have affected the exemption status of the Plan.

The Plan is subject to routine audits by the Internal Revenue Service or other tax authorities, generally for three years after the tax returns are filed; there are currently no audits for any tax periods in progress.

The Plan's trustee has confirmed that the Plan is up-to-date and has implemented all required changes to the Plan as of December 31, 2018.

4). Trustee and Investment Manager

Under the terms of the Trust agreement, Ascensus Trust Company is trustee. Investment policy and investment activities are at the discretion of the participants based upon those investments made available in the Plan. Investment options may change from time to time as directed by the Plan's Investment Committee.

5). Plan Termination

Although they have not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of the sponsor company's Board of Directors subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in the accounts.

6). Administrative Costs

The Company absorbs a significant amount of the costs associated with the Plan.

7). Transactions Required to be Reported

ERISA requires that transactions or aggregates of transactions with respect to a security wherein the amount of the transaction or aggregate of transactions exceeding 5% of the fair value of Plan assets at the beginning of the Plan year be separately disclosed. Such transactions are shown in Exhibit III. For the years ended 2018 and 2017, all transactions were participant driven so no transactions are required to be reported.

8). Information Prepared and Certified by Trustee

In accordance with Department of Labor rules and regulations for reporting and disclosures under ERISA (Section 2520.103-8), the audit and report of independent auditors need not extend to the statement of information prepared and certified by a bank, insurance carrier or similar institution. Ascensus, Inc, as authorized by Ascensus Trust Company has certified such information as being correct for the years ended December 31, 2018 and 2017, and the Plan's administrator has elected to use this information without audit. The following is included in the accompanying financial statements and supplemental schedules and was obtained from data that has been prepared and certified to as complete and accurate by the custodian. The amounts are reported on the cash basis.

Notes receivable - participant loans	93,373	97,345

9). Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

10). Fair Value Measurements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient.

Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Part II only. Accordingly, the amendments were retrospectively applied resulting in no changes to prior year reporting. Parts I and III are not applicable to this Plan.

10). Fair Value Measurements (Continued)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

Basis of Fair Value Measurement:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3 – Prices or valuations that require unobservable inputs for the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

As of December 31, 2018, the Plan's investments measured at fair value on a recurring basis were as follows:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market	$ 214,534	$ -	$ -	$ 214,534
Mutual Funds	12,049,200			12,049,200
Total Investments	$ 12,263,734	$ -	$ -	$ 12,263,734

Total Level 3 assets were 0.0% of total "Net Assets Available for Plan Benefits" on the Plan's statements of net assets available for plan benefits at fair value as of December 31, 2018.

11). Fully Benefit-Responsive Investment Contracts

The Plan does not directly hold any fully benefit-responsive investment contracts.

12). Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
