NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN

General

The Jim Beam Brands Company Union 401(k) Plan (the “Plan”) is designed to encourage and facilitate systematic savings and investment by eligible union employees of Beam Suntory Inc., Beam Global Spirits & Wine, Inc., Jim Beam Brands Co., Maker’s Mark Distillery, Inc., and Cruzan Viril, Ltd. (collectively the “Company” or “Beam”) for their retirement. The following provides a brief description of the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, which is available from the Plan administrator.

The Plan is a tax-qualified defined contribution retirement plan intended to comply with Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”). The Plan is subject to various provisions of the Code and the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The assets of the Plan are held in the Jim Beam Brands Co Union 401(k) Plan Trust (the “Trust”). Fidelity Management Trust Company (“Fidelity” or the “Trustee”) serves as the trustee of the Trust.

The Plan covers non-salaried, union employees of the Company who are at least 18 years of age. In general, employees are eligible for benefits on the date of hire or transfer to the Company, except for certain collective bargaining employees for which the effective date is defined in the Plan document.

Contributions

Contributions are held by the Trustee and accumulated in individual participant accounts. Pursuant to the terms of the Plan, participants may make tax deferred contributions under Section 401(k) of the Code that may not exceed 50% of “eligible compensation” (as defined under the Plan), subject to lower limits for “highly compensated employees” (as defined under the Code) who participate in the Plan. Participants’ annual tax deferred contributions are limited by the Code to \$18,500 and \$18,000 in 2018 and 2017, respectively. In addition, during the year in which a participant attains age 50 and in subsequent years, the participant may elect additional, pretax “catch up” contributions of up to \$6,000 in 2018 and 2017.

Participants that are eligible to make tax deferred contributions, may roll over balances from another eligible tax qualified retirement plan or individual retirement account into the Plan.

The Company provides a matching contribution and a non-elective employer contribution to participant accounts as defined by the Plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Participant Accounts

Participants may direct the investment of their accounts in the available investment funds under the Plan. If a participant does not make an investment election, it will be deemed that the age-appropriate Fidelity Freedom Fund (Target Date Fund) is selected.

Participant account balances are maintained to reflect each participant's beneficial interest in each of the investment funds available under the Plan. Participant account balances are increased by Company and participant contributions (including rollovers from other plans) and decreased by the amount of withdrawals and distributions as well as certain fees charged to participants' accounts. Income and losses on Plan assets are allocated to participants' accounts based on the ratio of each participant's account balance invested in an investment fund to the total of all participants' account balances invested in that fund as of the preceding valuation date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions and rollover contributions plus earnings on those contributions. Participants are vested in Company contributions and earnings as outlined below. If a participant becomes disabled or dies while employed by the Company, the participant becomes 100% vested in his or her total account balance.

<u>Matching Contributions</u>		<u>Non-elective Employer Contribution</u>	
<u>Years of service</u>	<u>Vested percent</u>	<u>Years of service</u>	<u>Vested percent</u>
Less than 1 year	0%	Less than 3 years	0%
1 year	100%	3 years	100%

Any amounts forfeited will be used to pay administrative expenses and then to reduce future employer contributions. As of December 31, 2018 and 2017, the forfeiture account balance totaled approximately \$35,100 and \$19,400, respectively. During 2018, approximately \$400 of forfeited non-vested accounts were used to pay plan expenses and none were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. The term of any loan shall not exceed five years, unless the loan is related to the purchase of the participant's principal

residence for which the term is ten years. A participant may only have one loan outstanding at any given time. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are payable from a participant's account under the Plan's provisions upon a participant's death, retirement, permanent disability or termination of employment in a lump sum or in installment payments. The Plan also permits withdrawals by participants who have incurred a "hardship" as defined in the Plan or who have attained age 59-1/2. Vested balances less than \$1,000 are distribution as a lump sum and do not require participant's consent. Normal retirement age under the Plan is 65.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are reflected at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. See note D for discussion of fair value measurements.

Jim Beam Brands Company Union 401(k) Plan
PLAN NUMBER: 006, EIN: 13-2581196
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2018 and 2017

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Income (Loss)

Security transactions are accounted for on the trade-date basis. Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation/depreciation is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments.

Payment of Benefits

Distributions and withdrawals are recorded when paid.

Administrative Expenses

Investment related expenses are included in net depreciation in fair value of investments recorded in the accompanying statement of changes in net assets available for benefits. All other expenses are paid by the Plan or the Company at the Company's discretion, except for individual participant transaction-based fees.

NOTE C - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan uses a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Jim Beam Brands Company Union 401(k) Plan
PLAN NUMBER: 006, EIN: 13-2581196
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2018 and 2017

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: are valued at the quoted net asset value of the shares held by the Plan at year end, which is obtained from an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE F - TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by letter dated December 18, 2017, that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax years in progress.

NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity or an affiliate thereof. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE I - SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events from December 31, 2018 through October 9, 2019, the date these financial statements were available to be issued. There were no subsequent events that require recognition or additional disclosure in these financial statements.
