NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the Delicato Vineyards Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering all employees except collectively bargained employees at Delicato Vineyards (the Company) who have attained the age of eighteen. Per the Plan document, an employee is eligible to contribute salary deferrals on the first day of the month after meeting eligibility requirements and an employee must complete three months of service to participate in safe harbor and employer match contributions. Effective January 1, 2016, eligible employees are automatically enrolled at a deferral rate of 5% on the first day of the month after meeting eligibility requirements. Participant's contributions that are less than 8% are automatically increased by 1% each year. Employees may opt-out of the auto enrollment and the automatic increase. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective December 1, 2016 to be in compliance with the rules and regulations of ERISA. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions Eligible employees of the Company may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans (rollover). The Company makes an annual safe harbor contribution to eligible participants with deferral elections. The safe harbor contribution is equal to 100% of the first 3% and 50% of the next 2% of salary deferral contributions. The Company may elect to make discretionary matching contributions that are not to exceed limits as defined by Internal Revenue Code. All eligible employees who have been credited with at least 1,000 hours worked during the year and who are employed on the last day of the plan year are eligible for employer matching contributions.

Participant Accounts Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contributions, (b) plan earnings, and charged with an allocation of administrative expenses, and (c) any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants The Plan does not allow participant notes receivable.

Payment of Benefits On termination of service due to death, disability, or retirement, a participant may elect to receive an annuity or lump-sum amount equal to the vested balance of his or her account or rollover to another qualified plan. A participant may elect a hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices offered by Massachusetts Mutual Life Insurance Company. Participants may change their investment options through written request to the Company or via the internet.

Note 1 Description of the Plan (Continued)

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Vesting Participants are immediately 100% vested in their elective deferrals, rollover contributions, and safe harbor matching contributions. Participants are 100% vested in their employer contributions after five years of credited service (20% per year after one year of credited service). A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeitures At December 31, 2018 and 2017, forfeited not fully vested accounts totaled $90,737 and $17,941, respectively. The Plan has elected to allocate forfeitures to first reduce plan administration fees, and the remaining will be used to reduce other employer contributions.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, or trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Excess Contributions Payable Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in accordance with plan provisions.

Payment of Benefits The Plan records benefits when paid. Total vested benefits due to terminated participants but not paid was $11,538,243 at December 31, 2018.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management has determined that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 2 Summary of Accounting Policies (Continued)

Recent Accounting Pronouncement In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 7, 2019, the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Trustee

The following is a summary of the Plan's asset information at December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2018	2017
Mutual funds	$58,315,437	$54,430,733
Group annuity contract	8,675,455	8,143,932

The trustee also certified to the completeness and accuracy of $7,532,124 of net depreciation in fair value and $3,833,486 of interest and dividend income for the year ended December 31, 2018.

Note 4 Transactions with Parties-in-Interest

Massachusetts Mutual Life Insurance Company, the Plan's trustee, Genovese Burford & Brothers Wealth and Retirement Plan Management, LLC, investment advisors, and Atherton & Associates, LLP, the Plan's independent auditor, qualify as parties-in-interest according to Section 3(14) of ERISA.

Note 5 Income Tax Status

The Plan has adopted a prototype plan which has obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 6 Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities, will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use at relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 8 Fair Value Measurements (Continued)

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2018 and 2017. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$58,315,437	$ -	$ -	$58,315,437
Total assets at fair value in hierarchy	$58,315,437	$ -	$ -	$58,315,437

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$54,430,733	$ -	$ -	$54,430,733
Total assets at fair value in hierarchy	$54,430,733	$ -	$ -	$54,430,733

Note 9 Fully Benefit-Responsive Investment Contracts

The Plan invests in a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company, where the SAGIC core bonds are a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC core bonds at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Group annuity contracts are as follows as of December 31:

	2018	2017
Group annuity contract	$8,675,455	$8,143,932

Note 9 Fully Benefit-Responsive Investment Contracts (Continued)

The group annuity contract is reported at contract value because it meets the criteria of a fully benefit-responsive contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

(a) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
(b) Premature termination of the contracts.
(c) Plan termination or merger.
(d) Changes to the Plan's prohibition on competing investment options.
(e) Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

(a) An uncured violation of the Plan's investment guidelines.
(b) A breach of material obligation under the contract.
(c) A material misrepresentation.
(d) A material amendment to the agreements without the consent of the issuer.

Note 10 Nonexempt Prohibited Transactions

During the plan year ended December 31, 2018, the Plan Sponsor inadvertently failed to deposit $171,749 of participant deferrals within the required time frame as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor has corrected and reimbursed the Plan for lost earnings on the delinquent contributions as of financial statement issuance date.
