NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE A – DESCRIPTION OF PLAN

The following brief description of the Repacorp, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the Summary Plan Description for a more comprehensive description of the Plan's provisions.

General Information

The Plan is a defined contribution profit sharing plan with a 401(k) savings feature covering substantially all employees of Repacorp, Inc. (the Company) who have one year of service, with a minimum of 1,000 hours and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under Internal Revenue Code (the Code). Effective January 1, 2019 the Plan was amended to remove the minimum of 1,000 hours requirement from the eligibility criteria.

Contributions

Each year, participants may contribute up to 100% of their annual compensation through pre-tax deferrals or Roth 401(k) deferrals, subject to the Code limits as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants may direct investment of their account balances into various investment options offered by the Plan.

The Company makes a safe harbor contribution up to 4%, matching participant contributions for all eligible participants as defined by the Plan. The Company's safe harbor contributions for the year ended December 31, 2018 totaled \$173,425.

The Company may also make additional discretionary matching contributions that are allocated to all eligible participants. There were no discretionary matching contributions made for the year ended December 31, 2018.

At December 31, 2018, a contribution receivable of \$18,495 was recorded to estimate a Qualified NonElective Contribution (QNEC) to the Plan. This corrective action relates to inadvertent exclusion of certain eligible wages from Plan compensation to calculate elective deferrals and safe harbor contributions in certain years. The contribution of \$18,495 is comprised of an estimate of principal corrective contributions of \$16,720 that are included as employer contributions on the statement of changes in net assets available for benefits and additional corrective contributions of \$1,775 that represent an estimate of earnings adjustments and are included in Investment Loss on the statement of changes in net assets available for benefits.

December 31, 2018 and 2017

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and plan earnings. Each participant account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in the participant accounts are participant-directed; however, the trustee has complete control over the investment offerings made available to the plan participants.

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's additional discretionary matching contribution portions, plus actual earnings thereon, vest after the second year of service at 20% each year and are fully vested after six years of service.

Participant Loans

Participant loans are not permitted under the Plan.

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination of employment, disability or death. Additionally, the Plan provides for in-service distributions after a participant has reached age 59 ½ and after their account is fully vested. Participants may also receive distributions from the employee deferral or rollover balance for qualified financial hardships. Distributions may be made as a single lump-sum payment, partial withdrawals of at least \$1,000, or installments over a period of not more than the participants' assumed life expectancy (or the assumed life expectancies of the participant and their beneficiary). Vested account balances that do not exceed \$5,000 may only be distributed in a single lump-sum payment. If a participant has terminated employment, he or she must begin receiving benefits no later than April 1, of the calendar year following the year in which he or she reach age 70 ½.

Forfeitures

Forfeitures resulting from the non-vested portion of participants' accounts who terminate prior to being fully vested are used to reduce future employer contributions. At December 31, 2018 and 2017, there were no forfeiture balances. For the plan year ended December 31, 2018, no forfeiture funds were used to reduce employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in the employer's portion of contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan are allocated to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative expenses paid by the Plan were \$100 for the year ended December 31, 2018.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when approved. There were no unpaid distribution requests as of December 31, 2018 or 2017.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 250.103-8 of the Department of Labor's Rules and Regulations for Report and Disclosures under ERISA. Accordingly, all investment information discussed in the accompanying financial statements and Schedule of Assets (Held at Year End), including investments held at December 31, 2018 and 2017, net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2018, were derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE) (CONTINUED)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and Schedule of Assets (Held at Year End).

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds and Money Market Funds: Shares of mutual funds and money market funds are stated at fair value based on observable prices in active markets. These investments have been classified within Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 247,030	\$ -	\$ -	\$ 247,030
Mutual funds	5,743,889	-	-	5,743,889
Total investments at fair value	<u>\$ 5,990,919</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,990,919</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,504	\$ -	\$ -	\$ 2,504

NOTE E – TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2013-6 and Announcement 2011-49, the plan sponsor has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended subsequent to the issuance of the determination letter. The plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

NOTE E – TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain tax position that are more likely than not would not be sustained upon examination by the IRS. The Plan has taken no uncertain tax positions that require adjustment to the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
