The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC, as amended.

Contributions

Participants may contribute 100 percent of their annual wages for up to a maximum amount as prescribed by law. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. At the discretion of the Board of Directors, the Company may make matching contributions, additional discretionary contributions, and/or qualified nonelective contributions. For the year ended December 31, 2018, the Board of Directors elected to match 50 percent of the participant's eligible elective contribution of up to 6 percent of the participant's pay in a Company-matching account.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions. The nonelective contributions made by the Company, plus actual earnings thereon, are based on years of vesting service and are vested as follows:

Years of Vesting Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Company contributions and earnings shall also become 100 percent vested if the Plan is terminated or any of the following events should occur: a participant reaches normal retirement age under the Plan, death, or disability of the participant while employed.

Notes Receivable from Participants

Participants may borrow against their Plan account balance within Plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. The loan amount can be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's nonforfeitable interest under the Plan or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on prevailing interest rates. Principal and interest are paid ratably through biweekly payroll deductions. The loans are secured by the vested account balance in the participant's account.

Benefit Payments

Upon termination of employment, a participant may be entitled to a distribution from the Plan in which the availability of the distribution will depend on the amount of the participant's vested account balance. The participant may elect to take the distribution in any of the following forms: lump-sum payment or transfer, installment payments, or annuity payments. In-service distributions may be permitted for participants who reach 59½ or that have eligible financial hardships.

Note 1: Description of Plan (Continued)

Forfeitures

Forfeitures of the employee's nonvested portion of the Company's contributions are used to reduce future employer's contributions and administrative expenses. At December 31, 2018 and 2017, forfeited nonvested accounts totaled $47,753 and $40,563, respectively. The Plan used $10,149 of forfeited nonvested accounts to pay employer contributions.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company, except for certain transaction fees, which are deducted from the applicable participants' accounts.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net realized and unrealized earnings (losses) on investments.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

At December 31, 2018 and 2017, the fair value of the Plan's investments in pooled separate accounts is measured using net asset value per share ("NAV") as a practical expedient. Each unit in a pooled separate account invests directly in a unit of the mutual fund. Unit values are calculated based on the observable NAV of the underlying investment in the mutual funds.

At December 31, 2018 and 2017, the value of the Plan's guaranteed interest contract is measured at contract value, as more fully described in Note 5.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized depreciation is recorded in the accompanying statement of changes in net assets available for benefits in net realized and unrealized losses on investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with US GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Investments Prepared and Certified by the Custodian

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net realized and unrealized losses on investments and interest for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company ("MassMutual"), the custodian of the Plan.

Note 5: Guaranteed Interest Contract

The Plan entered into a guaranteed interest contract (the "Contract"), which is a traditional benefit-responsive investment contract, with MassMutual. MassMutual maintains the contributions in a guaranteed interest account provided through a group annuity contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the Contract is fully benefit responsive, contract value is the relevant measurement attribute to the Contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The average yield earned by the Contract and the crediting interest rate paid to participants was 3.00 percent at December 31, 2018 and 2017.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the Contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Contract issuers or that would limit the ability of the Plan to transact at contract value with the participants.

Under the Contract, a crediting rate is established for a six-month period of time ("rate period"); all assets invested in the Contract are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. MassMutual assumes market, credit, and interest rate risk for the assets supporting the Contract.

Note 5: Guaranteed Interest Contract (Continued)

MassMutual re-sets Contract rates semiannually, taking into consideration a number of factors, including the following: (1) investment year method experience of the Contract or pool, (2) projected levels of cash flows within the current interest rate environment, and (3) projected maturity of the underlying investments. Generally speaking, the Contract crediting rates will typically show less volatility than current market rates.

In addition, certain events allow the issuer to terminate the Contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the Contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 7: Excess Contributions Payable

ERISA requires the Plan to satisfy certain nondiscrimination provisions. At December 31, 2018 and 2017, the Plan is required to return some contributions in order to satisfy these provisions. As of December 31, 2018 and 2017, the excess contributions payable were $44,590 and $40,452, respectively.

Note 8: Tax Status

The Plan is based on the MassMutual Non-Standardized Prototype Profit Sharing/401(k) Plan, which received a determination letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, stating that the prototype plan was designed in accordance with the provisions of the IRC. The Plan has not yet filed for its own determination letter from the IRS; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan; it has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 9: Withdrawn Participants

At December 31, 2018, no amounts were allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 10: Parties in Interest

The investments in pooled separate accounts and the Contract are managed by MassMutual, the custodian; therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees and therefore also qualify as parties in interest under ERISA. Additionally, the Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 11: Net Asset Value per Share

The following table for December 31, 2018, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 6,721,243	None	Daily	None	None

The following table for December 31, 2017, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 7,374,233	None	Daily	None	None

Note 12: Differences on the Form 5500

The financial statements have been prepared on the accrual basis as required by US GAAP. However, at December 31, 2018 and 2017, the Form 5500 to be filed with the IRS has been prepared on the cash basis.

Note 12: Differences on the Form 5500 (Continued)
