NOTE A - GENERAL DESCRIPTION OF THE PLAN

Plan Summary

All Aboard America! 401(K) Profit Sharing Plan (the "Plan"), (formerly Industrial Bus Lines 401(k) Profit Sharing Plan) is a defined contribution plan for the benefit of the employees of All Aboard America Holdings, Inc. ("the Company"). All employees who have been credited with one year of service and have attained the age of 21 are eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following is a brief general description of the Plan. For more detailed plan information, see the plan document.

Effective June 11, 2018, the Plan trustee and third-party administrator was changed to Great West Life & Annuity Insurance Company ("Great West") from Lincoln National Life Insurance Company ("Lincoln"). All of the plan assets with Lincoln were transferred to Great West.

Contributions

Participants may contribute a specific percentage or dollar amount to the Plan as a salary deferral. There are two types of salary deferrals. Pre-Tax 401(k) deferrals and Roth 401(k) deferrals as defined in the Plan, were limited to $18,500 for 2018. Participants aged 50 or older may elect to defer additional amounts (called "catch-up contributions"), up to $6,000 for 2018, to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows for the Company to make discretionary matching contributions to the Plan, as well as other discretionary contributions. For 2018, the Company's discretionary matching contribution was 50% of the participant's contributions limited to 4% of the participants' wages. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the contributions and an allocation of the Company's contributions, if any, and Plan earnings, and charged with an allocation of administrative expenses. The plan sponsor, All Aboard America Holdings, Inc. absorbs all other costs of the plan. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are 50% vested in the Company's matching contribution plus actual earnings

thereon after 1 year of service and 100% vested after 2 years of service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Corrective Distributions

Excess contributions payable to participants are recorded for contributions in excess of amounts allowed by the IRS. The Plan is required to return contributions received in excess of IRC limits. Corrective distributions in the amount of $0 and $32,434 were payable to participants at December 31, 2018 and 2017, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to

sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See note J for discussion of fair value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net depreciation in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reported period. Actual results could differ from these estimates.

NOTE C – NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest rates equal to 1 percentage point above the prime rate. Principal and interest are paid ratably through payroll deductions.

NOTE D – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2017, the Plan held a fully benefit-responsive guaranteed contract with Lincoln National Life Insurance Company (Lincoln). Lincoln maintains contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) am material amendment to the agreement without the consent of the issuer.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F – TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications.

The Plan obtained its latest determination letter dated March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan administrators believe the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE G – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator requested that no auditing procedures be performed on investment information and related activity. Lincoln National Life Insurance and Great-West Trust Company, LLC, the trustees, have certified that the investment assets, investment transactions and investment income included in the accompanying financial statements, notes to financial statements and supplemental schedule are complete and accurate as of December 31, 2018 and 2017 and for the year ended December 31, 2018.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – RELATED PARTY TRANSACTIONS

The Plan held investments managed by Great West Life & Annuity Insurance beginning June 11, 2018 and by Lincoln National Life Insurance during 2017 through June 10, 2018. Great West is the current trustee and recordkeeper and Lincoln National Life Insurance Company was the prior trustee and recordkeeper. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan were $39,746 for the year ended December 31, 2018. The Plan incurred audit fees in the amounts of $10,000 for the year ended December 31, 2018. The audit fees were paid by All Aboard America Holdings, Inc. the Plan's sponsor.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for identical or similar assets or liabilities in active or inactive markets, observable inputs other than quoted prices or inputs derived from or corroborated by observable market data by correlation or other means and Level 3 inputs are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements

The fair values of the mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the

NOTE J – FAIR VALUE MEASUREMENTS – continued

U.S. Securities and Exchange Commission. The mutual funds held by the Plan are considered to be actively traded.

Collective Investments Trust Funds

The collective investment trust funds are measured at net asset value (NAV) as the practical expedient to estimate fair value. NAV as provided by the fund's management is based on the fair value of the underlying investments held by the fund less its liabilities. Participants may make daily fund transactions. While the Fund's Trustee will attempt to maintain sufficient liquidity to meet all withdrawal requests, it is possible that such requests will exceed the Fund's available liquidity requiring the Fund's Trustee to defer honoring the withdrawal request. Exchanges of the collective investment trust fund held by the Plan at December 31, 2018 into directly competing investments, as defined, are not permitted. Exchanges must be directed into a non-competing investment for a period of 90 days before being moved to a competing investment. There are no unfunded commitments as of December 31, 2018 for the collective trust fund.

Pooled Separate Accounts

The pooled separate accounts are segregated investment accounts established by The Lincoln National Life Insurance Company or Lincoln Life & Annuity Company of New York. The unit values of participation units in the pooled separate accounts are estimated by Lincoln based on the value of the underlying assets owned by the fund minus the fund's liabilities, divided by the number of participation units outstanding based on the net asset value of the shares of the underlying funds. This value is commonly referred to as the net asset value (NAV). The net asset value is used as a practical expedient to estimate fair value.
