The Daland Companies Employees' Retirement Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1: Description of the Plan

The following description of The Daland Companies Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by the Daland Corporation (the Company) for the benefit of its employees and its adopting affiliates who have at least 1,000 hours of service during the year and are at least 21 years of age. Related employers who also participate in the Plan include Captain Development Company, Inc.; Carolina Pizza Company, Inc.; Jonbro, Inc.; Mackinaw Food Service Corporation; Michigan Pizza Service Company, Inc.; Northfield Restaurant Corporation; Peru Pizza Company, Inc.; Triad Associates, Inc.; TriConn, LLC; Virginia Pizza Company, Inc.; YOLO, LLC and Kokomo Pizza, LLC. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Effective January 1, 2018, the Plan's trustee changed from Mid-Atlantic Trust Company to Reliance Trust Company, and the Plan custodian changed from Mid-Atlantic Trust Company to AXA Equitable Life Insurance Company. The Plan was amended and restated in its entirety effective January 8, 2018.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of 2% up to 75% of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Company contributions are discretionary as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2018 and 2017

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after three years of continuous service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, an eligible employee may elect to receive an amount equal to the value of his or her account in the form of a lump-sum payment or installments. If married, the account is required to be paid by joint and survivor annuity unless waived with mutual consent of the spouse.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less, only for circumstances documented in the Plan document. The loans are secured by the balance in the participant's account and bear interest at fixed rates of 1% above the prime interest rate published in the Wall Street Journal at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$10,230 and \$2,306, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses. Also, in 2018 and 2017, \$0 and \$1,190, respectively, from forfeited nonvested accounts were used to reduce plan expenses and employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

The Daland Companies Employees' Retirement Plan

Notes to Financial Statements

December 31, 2018 and 2017

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices are used to value investments. The Pooled separate accounts are valued at estimated fair value as provided by AXA Equitable Life Insurance Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants before March 15, 2019.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Certification of Plan Custodian

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AXA Equitable Life Insurance Company for 2018 and Mid Atlantic Trust Company for 2017, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017

The Daland Companies Employees' Retirement Plan

Notes to Financial Statements

December 31, 2018 and 2017

- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017
- Investment and notes receivable from participants information included in the accompanying schedule of assets (held at end of year) as of December 31, 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are units of investments managed by AXA Equitable Life Insurance Company. AXA Equitable Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan paid approximately \$76,500 of custodian expenses to AXA Equitable Life Insurance Company during 2017. The Plan paid approximately \$29,000 of recordkeeping and administrative fees to AGH, LC during 2017. Additionally, the Plan paid approximately \$1,000 of custodian expenses to Mid Atlantic Trust Company during 2017. The Company provides certain administrative services at no cost to the Plan.

Note 5: Change in Plan Custodian

Effective January 1, 2018, a new trustee and custodian of the Plan were appointed. Effective January 8, 2018, the Plan was amended and restated ("Plan Amendment"). Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning January 1, 2018, and continued through January 28, 2018. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited and held in the Plan's cash account until the completion of the Black Out period. At the end of the Black Out period, these funds were transferred to the new custodian and invested in funds as requested by each participant. The provisions of the new Plan are similar to the provisions of the old Plan.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
2018				
Money market fund	\$ 10,862	\$ 10,862	\$ -	\$ -
Pooled separate accounts	8,048,706	-	8,048,706	-
	<u>\$ 8,059,568</u>	<u>\$ 10,862</u>	<u>\$ 8,048,706</u>	<u>\$ -</u>
2017				
Mutual funds	<u>\$ 8,964,653</u>	<u>\$ 8,964,653</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2018 and 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

The Daland Companies Employees' Retirement Plan

Notes to Financial Statements

December 31, 2018 and 2017

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy and included pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net increase (decrease) in net assets available for benefits per the financial statements	\$ (907,268)	\$ 1,315,913
Prior year employers' contributions receivable	-	754
Prior year participants' contributions receivable	-	13,208
Net increase (decrease) in net assets available for benefits per Form 5500	<u>\$ (907,268)</u>	<u>\$ 1,329,875</u>

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

The Daland Companies Employees' Retirement Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by AXA Equitable Life Insurance Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 11: Subsequent Events

Subsequent events have been evaluated through October 14, 2019, which is the date the financial statements were available to be issued.
