NOVOLEX TE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

1. Description of Plan:

The following description of Novolex TE 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all hourly employees at the Northern Kentucky, New Jersey, Tennessee, and Arizona manufacturing plants of Duro Hilex Poly, LLC (the "Company"), governed by collective bargaining agreements. Employees are eligible to become participants once they have reached twenty-one years of age and completed one year of service and can enroll in the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year after the date of eligibility, as defined in the plan agreement. Effective January 1, 2017, the Plan's name was changed from Duro Hilex Poly, LLC Northern Kentucky Hourly Employees Retirement Savings Plan to Novolex TE 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may defer a portion of their pretax annual compensation, as defined, subject to certain statutory limitations. Participants may also elect to make Roth 401(k) contributions, of which are subject to federal income taxes in the year of deferral. For 2018 and 2017, the deferred amount may not exceed \$18,500 and \$18,000, respectively. Additionally, the Internal Revenue Code allows for participants over the age of 50 to make additional contributions (catch-up contributions) in excess of these limits. The maximum catch-up contributions for 2018 and 2017 was \$6,000. The Company may elect to make a matching contribution on an annual basis for all participants who elect to make pre-tax or Roth salary deferral contributions to the Plan. The amount of the matching contribution, if any, will be determined each Plan year and announced to all participants. The Company is permitted to make a nonelective contribution equal to a discretionary percentage of eligible compensation (determined each year by the Company and as stated in the collective bargaining agreement). If a nonelective contribution is made by the Company, it is in the same ratio that the participants' salary bears to the total salary of all participants in the Plan. In order to receive the nonelective contributions, participants must be employed on the last day of the plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's pretax or Roth contributions, the Company's matching contribution, the Company's nonelective contribution, plan earnings or losses, and administrative expenses which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested at all times in their pretax and Roth contributions and earnings or losses thereon. Participants become vested in Company contributions made for Plan years beginning prior to January 1, 2007 as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 4 years	0%
Greater than or equal to 4 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the date on which the loan was made, or 50% of the value of the vested interest in the participant's account. No participant may have more than one loan outstanding at one time. Loan repayments may not exceed five years except that loans for purchase of a primary residence may not exceed 30 years. The loan is secured by an equivalent lien on the participant's non-forfeitable interest in the Plan at the time of the loan and bears interest at the prime rate as published in The Wall Street Journal plus 1%. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum payment or partial cash payments. Active participants may withdraw all of their pretax and Roth contributions, employer contributions, employer nonelective contributions, and related earnings, under hardship conditions, as defined in the plan agreement, subject to certain restrictions and tax penalties.

1. Description of Plan (continued):

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. These accounts will be used to pay administrative expenses of the Plan or to reduce employer nonelective contributions. In 2018 and 2017, \$2,324 and \$4,950 were used to pay administrative expenses of the Plan, respectively. In 2018 and 2017, \$-0- was used to reduce employer nonelective contributions. Forfeiture balances available for the years ended December 31, 2018 and 2017 were \$597 and \$8, respectively.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net (depreciation) appreciation in fair value of investments. Fees for distributions as well as the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

2. Summary of Significant Accounting Policies (continued):

Recently Issued Accounting Standards

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-09, *Codification Improvements*. The FASB issued ASU 2018-09 to clarify, correct errors in, and make improvements to the Codification. The amendments make the Codification easier to understand and easier to apply by eliminating inconsistencies and providing clarifications. Amendments to this update remove the paragraph related to the stable value common collective trust fund to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with Topic 820. The amendments in this ASU are effective for annual periods beginning after December 15, 2019. At this time, management is evaluating the potential impact of the amendments of ASU 2018-09 in the Plan's financial statements.

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying, and adding certain disclosures. The FASB issued ASU 2018-13 to improve the effectiveness of disclosures about fair value measurements required under ASC 820 in the notes to the financial statements. The Plan's policy for the timing of transfers between levels of the fair value hierarchy and the Plan's valuation processes for Level 3 fair value measurements have been removed. In addition, Plans that use the practical expedient to measure the fair value of certain investments at their net asset values are required to disclose (1) the timing of liquidation of an investee's assets and (2) the date when redemption restrictions will lapse, but only if the investee has communicated this information to the Plan or announced it publicly. Plans are also required to disclose transfers into and out of Level 3 of the fair value hierarchy, and purchases and issuances of Level 3 assets and liabilities. They are no longer required to reconcile the opening balances to the closing balances of recurring Level 3 fair value measurements. The ASU also eliminates the requirement to disclose changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements. The amendments in this ASU are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. At this time, management is evaluating the potential impact of the amendments of ASU 2018-13 in the Plan's financial statements.

Date of Management's Review

Subsequent events have been evaluated through October 9, 2019, the date which the financial statements were available to be issued.

3. Information Certified by the Trustee:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan (the "trustee") has certified that the following data included in the accompanying financial statements is complete and accurate.

	<u>2018</u>	<u>2017</u>
Investments at fair value	\$ 8,033,844	\$ 8,379,323
Interest and dividend income	107,932	99,405
Net (depreciation) appreciation in fair value of investments	(524,677)	957,760

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental information.

4. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements* ("ASC 820") defines fair value, establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under ASC 820 are described as follows:

Level 1	Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.
Level 2	Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2018 and 2017.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

4. Fair Value Measurements (continued):

Level 1 Fair Value Measurements

Mutual funds: Valued at the daily closing price as reported by the fund. Net assets values (NAV) are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

Interest bearing cash: Valued at the net asset value (NAV) of shares held by the Plan at year end and amortized cost to approximate the current fair value of certain securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets at fair value	<u>\$ 6,476,784</u>	<u>\$ 4,488</u>	<u>\$ -0-</u>	<u>\$ 6,481,272</u>

Investments measured using net asset value per share practical expedient				<u>1,525,948</u>
Total investments				<u>\$ 8,379,323</u>

The Plan invests in a common collective trust fund, which trades at the net asset value (NAV) per share practical expedient of the fund. The fund is not categorized within the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

4. Fair Value Measurements (continued):

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>

Fair value	\$ 1,552,572	\$ 1,525,948
Unfunded commitment	None	None
Redemption frequency	Daily	Daily
Redemption notice period	None	None

5. Tax Status:

The Internal Revenue Service has determined and informed the trustee by a letter dated March 31, 2014 that the prototype plan on which the Plan is based, and the related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The prototype plan has been amended subsequent to that date. However, the plan administrator believes that the Plan, which is based on the prototype plan, was at all times during the years ended December 31, 2018 and 2017, designed and operated in compliance with the applicable requirements of the IRC, and that the Plan and related trust continued to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

6. Plan Termination:

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

NOVOLEX TE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

7. Related-Party Transactions and Party-in-Interest Transactions:

Certain plan investments are cash reserve accounts managed by State Street Bank & Trust Company. State Street Bank and Trust Company is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transamerica Retirement Solutions administers the Plan and fees paid by the Plan for these services. Raymond James and Associates serves as an investment advisor to the Plan and receives fees paid directly by the Plan. AgeeFisherBarrett, LLC serves as the auditor of the Plan and receives fees paid directly by the Plan.

The Plan has notes receivable from participants at December 31, 2018 and 2017. As a result, these notes and all transactions relating to these notes qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from being prohibited transactions by ERISA.

8. Risks and Uncertainties:

The Plan invests in various investments securities. Investment securities, in general, are exposed to various risks, including interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of persons who were terminated prior to year-end but had not yet received payment. At December 31, 2018 and 2017, the vested account balances of terminated participants are \$1,062,361 and \$761,449, respectively.
