The Company may also make a discretionary profit sharing contribution for eligible participants that are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. The Company did not make a discretionary profit sharing contribution for the year ended December 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions over a five-year period, as defined in the Plan.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce future Company contributions. During the year ended December 31, 2018, forfeitures of \$8,138 were used to pay Plan administrative expenses and \$2,356 were utilized to make a correction for one participant. As of December 31, 2018, forfeitures of \$55,009 are available for future use.

Payment of Benefits - When eligible, participants may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as permitted under the Plan. Installment payments are permitted for required minimum distributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Matrix Trust Company (the "Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

SYSERCO, INC. SALARY DEFERRAL PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

All of the Plan's investments at fair value are Level 1 and the following table sets forth the Plan's investments at fair value:

As of December 31,	2018		2017
Mutual funds	\$	8,211,634	\$ 7,645,193
Total investments at fair value	\$	8,211,634	\$ 7,645,193

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Noninterest-bearing cash, investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- b. Net depreciation of investments, dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- c. Investments, fully benefit-responsive investment contract, and participant loans as of December 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with American United Life Insurance Company ("AUL") totaling \$536,256 for 2018 and \$421,382 for 2017. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with AUL. Such interest rates are reset annually as of the beginning of each year.

The AUL Stable Value Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on AUL's ability to meet its financial obligations. AUL's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with AUL. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with AUL and that would also limit the Plan's ability to transact at contract value with participants.

In addition, certain events allow AUL to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include: (1) rejections of a modification to the contract, (2) AUL ceases issuing new contracts of this type and intends to terminate substantially all contracts similar in nature, (3) the Plan does not meet a minimum investment threshold as defined in the contract, (4) the Plan is operated in a manner that AUL determines would disqualify the Plan, or (5) the Plan Sponsor files for bankruptcy, is deemed insolvent, or otherwise ceases operations.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

6. TAX STATUS

The Company adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. OneAmerica received direct and indirect compensation of \$39,793, of which \$8,138 was paid from forfeitures and \$1,701 was paid by participants through the Plan. In addition, the Trustee received indirect compensation from investments based on a formula.

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 14, 2019, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective January 1, 2019, the Plan was amended so that participants must be employed on the last day of the Plan year in order to be eligible for Company matching contributions.

Matrix Trust Company's Role in Assisting Plan Sponsors in Completing Schedule C

Plan sponsors are responsible for completing the annual Form 5500 filing and are tasked with identifying and reviewing the reportable Schedule C compensation paid to plan service providers. The information contained in this communication is being provided to assist in the completion of Schedule C for Form 5500 filing for the 2018 plan year (which would be filed during 2019).

It is important for TPAs and plan sponsors to understand that Matrix Trust Company ("**Matrix Trust**") can only provide information related to its compensation as a service provider. Matrix Trust can provide activity related to payments made to other service providers only to the extent that the compensation flows through either the trust, the custodial account, or a fund service fee account. Investment product disclosures, annual reports and prospectuses (as applicable) should be reviewed for other components of reportable compensation under Schedule C.

Where compensation can be classified as Eligible Indirect Compensation ("**EIC**"), Matrix Trust has provided the appropriate disclosures in this document rather than a set dollar amount for each plan, as permitted under guidance issued by the U.S. Department of Labor.

A. REPORTING REQUIREMENTS

Plan sponsors of retirement plans with over 100 participants must identify persons who indirectly or directly received \$5,000 or more in compensation during the plan year for services rendered to the Plan on Schedule C of Form 5500.

B. DIRECT COMPENSATION

Direct compensation paid to Matrix Trust by your plan is reported on your account statement or other reports provided by Matrix Trust, for example, a check register. These reports enable you to determine any payments that may have been made directly from plan assets.

To the extent Matrix Trust fees are asset based, fees will be calculated utilizing a daily average balance for the invoice period.

To the extent that Matrix Trust fees are paid by the plan sponsor and not reimbursed by plan assets, the fees do not represent direct or indirect compensation paid to Matrix Trust for purposes of 408(b)(2).

C. INDIRECT COMPENSATION

Matrix Trust, or an affiliate, may have received indirect compensation from sources other than your plan during the past calendar year. Matrix Trust is providing a description of the formula used to calculate or determine indirect compensation so this compensation can be reported as "Eligible Indirect Compensation" paid to Matrix Trust or an affiliate on Schedule C of the Form 5500 for the 2018 plan year, if compensation paid meets the reporting thresholds.

Matrix Trust may have received indirect compensation in connection with services:

- in the form of "float" income; and
- through its affiliate's Mutual Fund Fee collection process as described below with respect to Fund Service Fee Services.

Float Income

Non-interest bearing general or omnibus accounts are maintained at JPMorgan Chase Bank, N.A., M&T Bank, and TD Bank, N.A. in order to facilitate transactions of retirement plans. Matrix Trust may receive earnings for the period that the funds are held in these accounts. The earnings credited on these amounts are known as "float".

Float earnings are considered eligible indirect compensation for Schedule C of Form 5500 purposes and indirect compensation under ERISA Section 408(b)(2). Information with respect to the determination of float earnings is incorporated on page 4 of this document.

Fund Service Fee Services (if elected and to the extent applicable)

Where Matrix Trust has been so authorized, Matrix Trust through its affiliate and registered broker dealer, MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), may receive fees from certain investment companies, mutual funds, stable value funds, guaranteed investment contracts, guaranteed annuity contracts and similar investment vehicles (the "**Fund(s)**") in the form of 12b-1 fees or firm concessions (i.e., finders fees), or in the form of shareholder servicing, sub-transfer agent and sub-accounting fees ("**Mutual Fund Fees**"). In accordance with the Fund Service Fee Collection Addendum, Matrix Trust may deposit an amount equal to a percentage (or percentages) of the Mutual Fund Fees collected to a Fund Service Fee Account for the administrative services provided to the plan ("**Fund Service Fees**"). The Fund Service Fees will remain in the Fund Service Fee Account until Matrix Trust is instructed to disburse it.

Fund Service Fees are generated only to the extent the following are all true:

- the plan has selected its investment options from those that are available on the Matrix Trust platform;
- the plan has holdings in investment options which generate Mutual Fund Fees; and
- the plan Sponsor or Authorized Person has authorized Matrix Trust, through its affiliate, to collect the Mutual Fund Fees.

If the plan is trading on Matrix Trust's trading platform and Mutual Fund Fees are available for the plan investment options selected for the plan, available Mutual Fund Fees are identified on the plan fund list in the Sub-TA and 12b-1 columns for each investment option listed and is paid by the investment provider offering the fund.

In accordance with an intercompany agreement between MSCS Financial and Matrix Trust, MSCS Financial pays to Matrix Trust the Fund Service Fees, which Matrix Trust, in turn, pays out in accordance with the Fund Service Fee Collection Addendum. MSCS Financial retains 0% of Mutual Fund Fees collected for its services.

In addition, payments to parties other than MSCS Financial or Matrix Trust from the related Fund Service Fee Account statement may be reportable as direct or indirect compensation paid to those parties.

D. ADDITIONAL POTENTIAL INDIRECT COMPENSATION RELATED TO CERTAIN BROKERAGE ACCOUNTS

Where the named fiduciary of the plan and/or its authorized representative(s) has directed Matrix Trust to establish a TD Ameritrade Brokerage Account, Matrix Trust will receive indirect compensation paid by TD Ameritrade in consideration of certain services rendered by Matrix Trust, including account reconciliation services, account set-up and maintenance, related money movement of cash between the plan core accounts and brokerage firm for contribution and disbursement activity and the performance of related administrative tasks. For these services, Matrix Trust receives quarterly, in arrears, an amount equal to 1.5 basis points of the value of plan assets in TD Ameritrade brokerage account(s) during such quarter, based on the average of the plan assets held in the brokerage account(s) on the last business day of each month in the applicable quarter. These payments are made in arrears.

E. ADDITIONAL POTENTIAL INDIRECT COMPENSATION RELATED TO MODELTOOL(K)IT™SERVICES

Where the named Fiduciary of the plan and/or its authorized representative(s) has entered into an agreement to subscribe to ModelTool(k)it™ ("**MTK**"), a total fee of .875 basis points charged quarterly in arrears shall apply to the market value of assets covered under the MTK agreement. Of that total fee, Envestnet Retirement Services ("**ERS**") receives at least .6875 basis points as its compensation for providing services detailed in the MTK agreement. ERS is a subcontractor retained by Matrix Settlement & Clearance Services, LLC ("**MSCS**"). MSCS, an affiliate of Matrix Trust, shall receive no more than .1875 basis points of the total MTK fee as its compensation for making MTK available as a service on its trading platform. Additionally, in the event any of the investments covered by the MTK agreement generate Mutual Fund Fees, Matrix Trust's affiliate MSCS Financial will collect such Mutual Fund Fees and, in accordance with the MTK agreement, Matrix Trust will credit Fund Service Fees to the MTK portfolio in an amount equal to 90% of Mutual Fund Fees collected. MSCS Financial is compensated by the collection of Mutual Fund Fees and may retain an amount equal to 10% of such Mutual Fund Fees collected. (Beginning July 1, 2019, Matrix Trust will credit Fund Service Fees to the MTK portfolio in an amount equal to 100% of Mutual Fund Fees collected. Also beginning July 1, 2019, while MSCS Financial is compensated by the collection of Mutual Fund Fees, it will no longer retain an amount equal to 100% of Mutual Fund Fees collected)

F. ADDITIONAL POTENTIAL INDIRECT COMPENSATION RELATED TO LEVEL COMPENSATION SERVICES

Where the named Fiduciary of the plan has engaged an Investment Advisor whose firm subscribes to Matrix Trust Level Compensation Services, **MSCS Financial**, an affiliate of Matrix Trust Company, shall serve as Broker of Record. MSCS Financial will retain up to 2 basis points of any 12b-1 fees or firm concessions (*i.e.*, finders fees) and shareholder servicing ("**Level Compensation Fees**") it collects from the Funds on behalf of the Investment Advisor for its administrative services in collecting and distribution Level Compensation Fees to Investment Advisor. MSCS Financial compensation will be deducted from Level Compensation Fees as received by the Funds.

G. ETF TRADING SERVICES

Where the named Fiduciary of the plan and/or its authorized representative(s) have directed Matrix Trust to establish an Exchange Traded Fund ("**ETF**") on the MSCS trading platform as an investment option within the plan, a subcontractor to Matrix Trust and MSCS Financial, Virtu Americas LLC, receives \$0.01 per share per trade as compensation for its trading services in providing ETF trades priced as of market close.

H. TREASURY MANAGEMENT SERVICES

Where the named Fiduciary of the plan and/or its authorized representative(s) has elected to utilize certain services to assist in the resolution of participant related stale dated checks, a subcontractor to Matrix Trust and MSCS, Risk Compliance Performance Solutions, LLC ("**RCPS**"), receives \$40 per check as direct compensation which is deducted directly from the participant related stale dated check. The compensation to RCPS is for its services which include conducting a search, corresponding to solicit resolution and distributing funds to the participants of the stale dated checks. Please note that in the event RCPS services are elected, any float earnings to Matrix Trust related to the period when a distribution check is requested and the distribution check is presented for payment shall cease.

I. NON-MONETARY COMPENSATION

Matrix Trust and MSCS Financial maintain policies that place limits on the circumstances under which gifts, travel and entertainment may be accepted by employees. **Other than for modest gifts given or received in the normal course of business, employees are not permitted to receive gifts from clients and vendors.** Under the 408(b)(2) regulation, a service provider's acceptance of these non-monetary items may involve the receipt of indirect compensation from a plan where the value attributable to the plan, on a pro rata basis, exceeds \$250 over the term of the plan's contract with the service provider. In light of the policies, Matrix Trust does not anticipate that the value of any such non-monetary items will approach the \$250 threshold with respect to the plan.

MATRIX TRUST COMPANY
FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS

I. ADDITIONAL COMPENSATION ATTRIBUTABLE TO FLOAT

Matrix Trust Company (“**Matrix Trust**”) may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as “float.” The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust’s provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or “omnibus” bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the Plan and retained by Matrix Trust in connection with Matrix Trust’s services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, JPMorgan Chase Bank, N.A. provides all of the banking arrangements described above with the exception of certain banking arrangements provided by M&T Bank or TD Bank, N.A. JPMorgan Chase Bank, N.A., M&T Bank, and TD Bank, N.A. are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

II. CIRCUMSTANCES AND TIME FRAMES DURING WHICH FLOAT MAY BE EARNED

1. Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan’s cash contribution to the plan’s Matrix Trust account (“**Client Account**”) on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan’s behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A “business day” is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust’s receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (i.e., stocks and bonds) generally occurs within three business days.

2. Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

3. Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to

Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

4. Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust does not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix Trust is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

III. RATE ON FLOAT EARNINGS

The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame. This compensation varies, but a reasonable estimate based on a blend of rates is from 1.42% to 2.46%.
