VENATOR AMERICAS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Venator Americas LLC 401(k) Plan, formerly the Venator 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Venator Americas LLC and participating employer Chemical Specialties LLC (collectively, the "Company" or "Employer"), except those covered by collective bargaining agreements, nonresident aliens who do not receive any earned income from the Employer that constitutes United States source income, leased employees, and those not regularly employed in the United States or included on the United States dollar payroll of the Company. The Plan was amended in 2018 to change the Plan name and to increase the participants' contribution limit up to 100% of eligible compensation.

Employees are eligible to participate in the Plan on their date of hire. The Plan is administered by a plan administrator appointed by the Audit Committee of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company ("Fidelity") is the trustee for the Plan.

Contributions

Participants may elect to make contributions to the Plan of up to 100% (25% through June 12, 2018) of eligible compensation, subject to certain limitations provided under the Internal Revenue Code (IRC). Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers.

The Employer shall contribute one dollar for each dollar of participant contributions made by the eligible employee for the plan year, up to a maximum of 4% of eligible compensation for the plan year. The Employer shall also contribute a nondiscretionary contribution ranging from 6% to 12% of eligible compensation during the plan year based on certain criteria outlined in the Plan document.

The Plan is participant directed and participants may change their contribution rates as of the beginning of each payroll period and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are at all times fully vested in their participant and Employer contributions and the appreciation or depreciation thereon.

Payment of Benefits

Benefits are payable upon retirement, disability, death, or termination of service with the Employer. Normal retirement age under the Plan is 65. Hardship withdrawals, from a participant's deferral contributions account, and in-service withdrawals for participants who have attained age 59½, from all vested accounts, are permitted. Participants may receive their distributions in a lump-sum or an installment payment.

Notes Receivable from Participants

Plan participants may borrow Plan assets at a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance in the Plan. Three outstanding notes per participant are permitted. Notes are repaid in level installments through payroll deductions for periods ranging up to five years unless it is for the purchase of the participant's principal residence, in which case the note repayment may not extend beyond ten years from the date of the note. The notes bear interest as determined by the plan administrator at the date of the note and are secured by the participant's vested account to the extent of the principal amount of the note plus accrued interest.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. At December 31, 2018 and 2017, no allowance was considered necessary by management.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net depreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Federal Income Taxes

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter dated March 31, 2014 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 - COLLECTIVE TRUST

The Plan invests in investment contracts through the Vanguard Retirement Savings Trust I, a common collective trust fund. At December 31, 2018 and 2017, all of the Vanguard Retirement Savings Trust I's investments were in the Vanguard Retirement Savings Master Trust (the "Vanguard Trust").

The Vanguard Trust provides for the collective investment of assets of tax-exempt pension and profit sharing plans, primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts that are selected by the trustee, Vanguard Fiduciary Trust Company. The issuers' ability to meet these obligations may be affected by economic developments in their respective companies and industries.

The funds held by the Plan provide for daily redemptions at contract value by participants with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the funds. If the Plan initiates a full redemption of the fund, the issuer reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidation will be carried out in an orderly business manner.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Participant-Directed Brokerage Account: Includes investments valued at fair value using a market approach based on quotations from national securities exchanges.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Investments measured using the NAV practical expedient are described below:

Common Collective Trust Fund: Valued at NAV based on the contractual terms of the underlying unit value reported by the investment advisor based on the fair value of the underlying investments less liabilities. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

The following tables set forth by level, within the fair value hierarchy, the investments in the Plan at fair value as of December 31, 2018 and 2017:

	2018			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$26,564,045			$26,564,045
Participant-Directed Brokerage Account	557,230			557,230
Total investments in the fair value hierarchy	27,121,275			27,121,275
Investments measured at net asset value (a)				2,713,208
Total investments at fair value	$27,121,275			$29,834,483

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

	2017			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$32,827,019			$32,827,019
Participant-Directed Brokerage Account	625,155			625,155
Total investments in the fair value hierarchy	33,452,174			33,452,174
Investments measured at net asset value (a)				2,768,863
Total investments at fair value	$33,452,174			$36,221,037

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investment line item presented in the statements of net assets available for benefits.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017 and the Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2018 and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various Fidelity mutual funds and other investments. These investments are considered party-in-interest transactions because Fidelity serves as trustee of the Plan. In addition, certain fees are paid to the trustee. The Plan's management has approved these investment options and fees. The Plan also invests in the Company's parent company common stock through the participant-directed brokerage account. Transactions in the common stock are considered party-in-interest transactions because the Company is the Plan's sponsor. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - NONDISCRIMINATORY REFUNDS

At December 31, 2018, liabilities were recorded for amounts refundable by the Plan to highly compensated participants for contributions made in excess of amounts allowed by the IRC in the amount of $22,740. There were no nondiscriminatory refunds at December 31, 2017.
