INDEPENDENT AUDITOR'S REPORT

Plan Committee
Sharjo, Inc. Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Sharjo, Inc. Employee Stock Ownership Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Sharjo, Inc. Employee Stock Ownership Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at Year-End), referred to as “supplemental information,” is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SHARJO, INC. EMPLOYEE STOCK OWNERSHIP PLAN
Notes to Financial Statements

1. PLAN DESCRIPTION

The following brief description of the Sharjo, Inc. Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete discussion of the Plan's provisions.

Sharjo, Inc. (Plan Sponsor) established the Plan effective as of July 1, 2008. As of January 1, 2012, the Plan was amended and operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1975 (ERISA).

General - The Plan is a defined contribution plan covering all eligible employees of the Plan Sponsor. The Plan originally purchased 60,000 shares employer securities from the Sappingfield Family Trust on December 31, 2009. The stock was purchased at a price of $88.167 per share for an aggregate purchase price of $5,290,000. The loan was most recently refinanced in October 2013 as discussed in Note 4. The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Plan Sponsor. The lender has no rights against shares of common stock once they are allocated under the provisions of the Plan. Accordingly, the financial statements of the Plan as of December 31, 2018 and 2017, and for the years then ended, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with vested rights in allocated common stock (Allocated), and
2. Common stock not yet allocated to employees (Unallocated).

Eligibility - All employees of the Plan Sponsor are eligible to participate in the Plan once they have completed a year of service (as defined by 1,000 hours of service) during the Plan year and reached the age of 21. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of Company contributions for such year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Plan is administered by the Plan Committee comprising of two people appointed by the Board of Directors. The Plan's contract administrator and third-party trustee is Menke & Associates, Inc. John Sappingfield and Charles Hoage, appointed by the Board of Directors of the Company are designated trustees of the Plan.

Contributions - The Plan Sponsor is obligated to make contributions to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employees are not permitted to make contributions. The employer contribution for the years ended December 31, 2018 and 2017 was $633,283 and 606,279, respectively.

Participant accounts and allocations – Each participant's account is credited as of the last day of each plan year with allocations of the company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Plan Sponsor as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting – Participants vest in the employer contribution in 20% annual increments beginning with two years of service, and is fully vested after six years of credit service. A participant's account will be fully vested upon reaching normal retirement age prior to termination and upon death or disability prior to termination.

1. PLAN DESCRIPTION (CONTINUED)

Payment of benefits – On termination of service due to death, disability or retirement, a participant may receive the value of the vested interest in his or her account will be distributed in substantially equal annual installments over a period of five years. The period over which distributions occur will be increased by one year, up to five additional years for each $200,000. However, regardless of the preceding, a participant with a vested account balance of less than $1,000 will receive a lump sum distribution. A participant's nonvested balance will immediately become vested when the termination is due to death.

For distributions for terminations other than death, disability, or retirement, a participant will begin receiving benefits based on the above schedule beginning with the end of the 5th plan year following the plan year in which the participant separates from service.

Notwithstanding the other provisions, the Plan shall not be required to distribute any employer securities acquired with the proceeds of a securities acquisition loan until the close of the plan year in which such securities acquisition loan has been repaid in full.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During the years ended December 31, 2018 and 2017, the Company repurchased from participants 347.4197 and 61.6741 shares, respectively, at prices determined from the independent appraisal.

Voting Rights - All Company Stock held by the Trust shall be voted by the Trustee in accordance with instructions from the Plan Committee. Notwithstanding the foregoing, Participants and/or beneficiaries shall be entitled to direct the Trustee as to the voting of any voting shares of Company Stock allocated to their Company Stock Accounts with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of a trade or business, or other similar transactions prescribed by regulation. In accordance with instructions from the Plan Committee, the Trustee shall vote any unallocated shares held by the Trust as well as any allocated shares for which a Participant has failed to give timely voting direction.

Put Option - Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase in either a single payment or payments with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Forfeitures – Upon termination of employment, the unvested portion of a participant's employer contribution account is forfeited. Employer contributions and Plan forfeitures are allocated based upon each participant's compensation as compared to total compensation for the Plan Year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2018 and 2017 totaled $136,593 and $113,486, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Actual results may differ from such estimates.

Valuation of investments and income recognition – The shares of Company common stock are valued at fair value. See note 4 for discussion of fair value measurements.

Purchases and sales of investments are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses – As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Reclassification - Certain amounts in the prior year have been reclassified to conform with current year.

3. INVESTMENTS

The Plan's investments in Company common stock, at December 31, are presented in the following table:

	2018		2017	
	Allocated	Unallocated	Allocated	Unallocated
Number of Shares	55,984	4,016	51,022	8,978
Cost	$ 4,935,923	$ 354,077	$ 4,498,440	$ 791,560
Fair Value	$ 6,494,144	$ 465,856	$ 4,887,887	$ 860,113

4. FAIR VALUE MEASUREMENTS

The FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

> *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Employer securities: Value is based on an annual independent appraisal. This appraisal was based on a combination of the following unobservable inputs: multiple of earnings, comparable private transactions and adjusted asset valuations. The valuation process involves the selection of an independent appraiser on an annual basis. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares the report of estimated per share value that a participant will receive upon distribution. The trustees of the Plan review and approve the appraisal report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
2018				
Employer securities	-	-	6,960,000	6,960,000
2017				
Employer securities	-	-	5,748,000	5,748,000

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables provide further details of the Plan's Level 3 fair value measurement:

	Employer Securities
Beginning Balance at January 1, 2016	$ 4,506,000
Purchases	5,187
Sales	(5,187)
Total gains or losses	1,242,000
Ending Balance at December 31, 2017	$ 5,748,000
Purchases	33,283
Sales	(33,283)
Total gains or losses	1,212,000
Ending Balance at December 31, 2018	$ 6,960,000

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported in net unrealized appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2018 and 2017, there were no significant transfers into or out of Level 3.

5. LOAN PAYABLE

In 2013, the Plan sponsor refinanced a $3,314,681 promissory note agreement with the Sappingfield Family Trust. The proceeds of the loan were used to purchase Sponsor Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants when principal and interest payments are made. The number of shares released in any year is the number of shares held as collateral, multiplied by the ratio of the current payments, divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 4,962.6108 and 4,770.0773 shares being released and allocated for the plan years ended December 31, 2018 and 2017, respectively. The agreement provides for the loan to be repaid over nine years. The loan bears an interest rate of 7% per annum.

Principal payments on the loan payable are due as follows for the years ending December 31:

2019	$ 917,043
2020	80,197
	$ 997,240

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Note 2, the Company pays all plan expenses. The plan has a Menke and Associates as a service provider. Such provider is a party in interest under ERISA.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 25, 2013, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan and the IRC. Upon termination of the Plan, the Trustee will be directed to pay all liabilities and expenses of the Plan and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

9. RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Plan Sponsor's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

10. PARTICIPANT OPENING BALANCES

During testing of opening balances of participant accounts in the year ended December 31, 2016, it was determined that the basis for determining eligible compensation was calculated incorrectly in certain years prior to December 31, 2016. This resulted in misallocation of employer contributions during those years. The Plan has corrected participants accounts in 2017 and is waiting for approval from the IRS through their Voluntary Correction Program.

11. SUBSEQUENT EVENTS

The Plan's management has reviewed the results of operations for the period of time from its year ended December 31, 2018 through October 8, 2019, the date the financial statements were available to be issued, and has determined that no additional adjustments are necessary to the amounts reported in the accompanying financial statements nor subsequent events have occurred, the nature of which would require disclosure.
