To the 401(k) Committee
Astreya Partners, Inc. 401(k)
Profit Sharing Plan & Trust
Santa Clara, California

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Astreya Partners, Inc. 401(k) Profit Sharing Plan & Trust for the year ended December 31, 2018 and have issued our report thereon dated October 11, 2019. As permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Reliance Trust Company, the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated January 24, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimates affecting the financial statements were the assumptions used to calculate the estimated fair value of investments at year end. We evaluated the key factors and assumptions used to develop the estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- Note 2: Summary of Significant Accounting Policies
- Note 4: Information Prepared and Certified by Trustee
- Note 5: Fair Value Measurements
- Note 8: Reconciliation of Financial Statements to Form 5500

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2019.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan Sponsor, 401(k) Committee and management of the Astreya Partners, Inc. 401(k) Profit Sharing Plan & Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of October 11, 2019, the following representations made to you during your audit.

Notes to Financial Statements
December 31, 2018 and 2017

1. DESCRIPTION OF THE PLAN

The following description of the Astreya Partners, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2003 to provide retirement benefits for employees of Astreya Partners, Inc. (the "Company"). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Plan's assets are held by the trustee of the Plan, Reliance Trust Company ("Reliance"). Automatic Data Processing, Inc. ("ADP") provides recordkeeping and administrative services to the Plan. Certain administrative expenses of the Plan, including recordkeeping, were paid directly by the Company. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Eligibility

All employees except employees covered by a collective bargaining agreement, non-resident aliens with no earned income, and employees not required to be taken into account for nondiscrimination testing purposes under Internal Revenue Code ("Code") section 4110(b)(6)(C) but only during the code section 410(b)(6)(C) transition period are eligible to participate in the Plan on the first day of the month after reaching the age of 19.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 50% of their eligible compensation as defined by the Plan, on a pre-tax basis and/or on a Roth after-tax basis, up to a maximum amount allowed by the Internal Revenue Code. Employees over the age of 50 are allowed to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants may direct the investment of their contributions and employer contributions, if any, into any of the various investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company has the option to make a discretionary nonelective contribution to all eligible participants based upon a percentage of the participant's annual eligible compensation to total eligible compensation. The Company made no discretionary nonelective contributions in 2018. Matching contributions are not allowed under this Plan.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of: (i) the Company's contributions (if any), (ii) Plan earnings and (iii) administrative expenses. Allocations are based on participant earnings or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Expenses

Investment fees, which may vary according to the individual investment funds selected, and certain other administrative expenses are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's discretionary profit sharing contributions will vest at the rate of 33% each year after one year of a participant's credited service, becoming 100% vested after three years of credited service.

Upon attainment of normal retirement age, death, or total disability, the full value of a participant's account becomes fully vested and non-forfeitable.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at rates that range from 5.25% to 7.25%, which is commensurate with local prevailing rates. As of December 31, 2018, loans outstanding have scheduled maturities through September 2023. The repayment of principal plus interest is generally required by the Plan to be made through payroll deductions over five years unless the loan is used for the purchase of a primary residence, which may be paid over a thirty year period.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than $1,000, the balance is distributed immediately in a lump-sum cash payment. Balances between $1,000 and $5,000 must be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a distribution. If the account balance is over $5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, installment payments over a period not longer than life expectancy or postpone payment to a later date and remain in the Plan as described in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principals generally accepted in the United States of America ("U.S. GAAP").

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts and disclosures reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions in 2017. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2019 the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Reliance has certified information regarding the cost and fair value of all investment and notes receivable from participant assets held at December 31, 2018 and 2017, and all investment and notes receivable from participant transactions entered into during the year ended December 31, 2018, which was used in the preparation of the accompanying financial statements and supplemental schedules.

5. FAIR VALUE MEASUREMENTS

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - quoted prices in active markets for identical assets or liabilities;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at cost which approximates fair value.

Common collective trusts: Valued at its NAV based on the market value of its underlying investments. While the majority of the underlying asset values are quoted prices, the net asset value of the common collective trusts are not publicly quoted.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (continued)

The following table presents the major categories of assets measured at fair value on a recurring basis during the year ended December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 5,105,573	$ -	$ -	$ 5,105,573

Investments measured at net asset value (*)				492,956
				$ 5,731,040

The following table presents the major categories of assets measured at fair value on a recurring basis during the year ended December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 4,524,262	$ -	$ -	$ 4,524,262

	$ 4,608,205	$ -	$ -	4,608,205
Investments measured at net asset value (*)				318,110
				$ 4,926,315

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2017:

Type	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts	$ 318,110	N/A	Daily	None

6. INCOME TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated July 8, 2014, stating that the written form of the Plan is qualified under Section 401 of the Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2007-6, the Plan sponsor has determined that it is eligible to use and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not filed for a separate determination letter; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability or disclosure in the financial statements as of December 31, 2018 and 2017. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTIES-IN-INTEREST TRANSACTIONS

Certain funds in the Plan's investment fund options are managed by Reliance, the trustee, or one of its affiliates. As the Plan trustee, these investments qualify as exempt party-in-interest transactions specifically exempted from the prohibited transaction rules of ERISA.
