Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MainSource Financial Group, Inc. 401(k) and Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets in liquidation as of December 31, 2018 and 2017, and the related statement of changes in net assets in liquidation for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by TD Ameritrade Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018 that the information provided to the plan administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 4 to the financial statements, the Plan sponsor elected during 2017 to terminate the Plan. As a result, the Plan administrator determined that liquidation was imminent, and the Plan changed its basis of accounting for periods subsequent to December 31, 2016 from the going concern basis to a liquidation basis. Also as described in Note 4, pursuant to the Plan's termination, the net assets of the Plan were fully distributed as of December 31, 2018. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MAINSOURCE FINANCIAL GROUP, INC.
401(k) AND EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of MainSource Financial Group, Inc. 401(k) and Employee Stock Ownership Plan (“the Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of the MainSource Financial Group, MainSource Bank, and MainSource Title LLC (collectively, “the Company”) who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Each year, participants may contribute up to 60% of their pretax eligible compensation to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective January 1, 2010, new participants are automatically enrolled to defer 3% of eligible compensation subject to the same provisions previously mentioned. The contributions are invested in a Life Cycle Fund that corresponds to the participant’s estimated time of retirement, unless the participant changes the allocation. The Company may, at the discretion of the Board of Directors, make a matching contribution to the Plan to participants who have provided at least one year of service. For 2018, the Company matched the employee contributions at a rate of 80% up to 8% of the participant’s compensation. The Company may also, at the discretion of the Board of Directors, make an additional employer contribution to the Plan to participants with at least one year of service who are employed on the last day of the Plan year. No such contributions were authorized in 2018. All contributions are subject to certain limitations.

Participant Accounts: Each participant’s account is credited with the participant’s own contribution and their share of the Company’s contributions and is charged with their withdrawals and an allocation of administrative expenses. The allocation of the Company’s matching contribution is based on participant deferrals and compensation. The allocation of any additional discretionary Company contribution is based on compensation. Allocation of earnings is based on participants’ account balances. The benefit to which a participant is entitled is that provided from the participant’s vested account.

Vesting: Upon the 2018 termination of the Plan, all participants became fully vested. Participants are immediately vested in their own contributions and rollovers plus earnings thereon. Prior to termination of the Plan, vesting in the Company’s matching contribution and additional employer contribution portion of their accounts plus earnings thereon is based on years of service, as defined in the Plan, based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0
2	20
3	40
4	60
5	80
6	100

A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Forfeitures: Forfeited balances of terminated participants’ nonvested accounts may be used to offset future employer matching contributions or administrative expenses of the Plan. At December 31, 2018 and 2017, forfeited accounts totaled \$0 and \$222,180, respectively. During 2018, \$45,605 of the forfeiture account was used to offset employer matching contributions and administrative expenses.

Payment of Benefits: Upon termination of service, a participant may elect to receive an amount equal to the value of his or her vested interest in their account in the form of a lump sum or installment payments. Balances are generally paid as a single lump-sum distribution.

[Table of Contents](#)

MAINSOURCE FINANCIAL GROUP, INC. 401(k) AND EMPLOYEE STOCK OWNERSHIP PLAN NOTES TO FINANCIAL STATEMENTS December 31, 2018 and 2017

Administrative and Investment Management Expenses: Plan recordkeeping, accounting, and trustee fees are paid by the Plan and are reflected in the financial statements as plan expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Notes Receivable from Participants: Participants may borrow from the Plan. The amount that can be borrowed is a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from 1 to 5 years; however, they may be as long as 30 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the plan administrator. Principal and interest payments are made through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: During 2017 the Company elected to terminate the Plan. Accordingly, the financial statements of the Plan are prepared under the liquidation basis of accounting as plan management determined liquidation is imminent.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment management fees are netted into the returns on the mutual fund investments.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates.

Risks and Uncertainties: The Plan provides for various investment options. The underlying investment securities are exposed to various risks such as interest rate, market, liquidity and credit risk. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued, but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Concentration of Credit Risk: At December 31, 2017, approximately 22% of the Plan's assets were invested in MainSource Financial Group, Inc. common stock. This stock has full voting rights.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 11, 2019, which is the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

Fair Value: Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the end of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds and money market funds: The fair values of mutual fund and money market fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Company common stock: The fair value of MainSource Financial Group, Inc. common stock is determined by obtaining quoted prices from a nationally recognized exchange (level 1 inputs).

Stable value fund: The fair value of participation units in the Federated Capital Preservation Fund — Institutional Service Pricing Class, a stable value collective trust, is based upon the net asset values of such fund, as reported in the audited financial statements of the fund. The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirement for the purpose of funding a bona fide benefit payment, making a Participant loan, honoring an employee-directed transfer of the employee's interest in the plan to another investment election, or paying trust fees. Withdrawals from the Fund for any other purpose generally require 12 months advance written notice.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - PLAN TERMINATION

On April 1, 2018, MainSource Financial Group was acquired by First Financial Bancorp (FFB) and as a result of this acquisition, the MainSource Financial Group 401k plan was terminated on March 31, 2018. Participants were given the option of either rolling over their account to an eligible retirement plan or a Roth individual retirement account or taking a lump sum distribution. The election needed to be made by May 15, 2018. Participant distribution requests (other than those who rolled over to FFB) were processed as they were received. Transfers to the FFB plan were made on May 24, 2018. First round of auto-rollovers to First Bankers Trust (for participants who did not make elections) were made on August 8, 2018. The Mainsource Financial Group 401k Committee, which oversees the plan, determined in November 2017 that the Plan would be terminated one day before the close of the aforementioned acquisition. This triggered liquidation accounting for 2017 as discussed in Note 2. All employees were fully vested and allowed to roll into the First Financial 401k Plan. All remaining forfeitures were paid as an employer contribution paid in 2018.
