**NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Momentive Performance Materials Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan sponsored by Momentive Performance Materials Inc. (the “Company” or the “Plan Sponsor”) for certain eligible associates of the Company and its US subsidiaries that are participating employers. The Plan was effective January 29, 2007, and is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility: Newly hired associates are eligible to participate immediately following their date of hire.

Contributions: Non-exempt associates of the Company may participate in the Plan by contributing a portion of their eligible compensation (from 1% up to and not exceeding the lesser of 30% of eligible compensation or the statutory limit) to the Plan. Contributions from exempt associates are limited to a maximum of 25%, and exempt associates who are Highly Compensated Employees, as defined in the Plan, are limited to contributions of up to 15% of eligible compensation.

Participants can elect to have their contributions deducted on a tax deferred (pre-tax), after-tax, or roth basis. Effective January 1, 2014, eligible associates who do not decline enrollment or affirmatively elect to participate within thirty days of employment will be automatically enrolled at a pre-tax deferral rate of 5% of eligible compensation. In the event participants elect to make tax deferred contributions and reaches the prescribed IRS limits for pre-tax contributions, they may elect to continue making contributions on an after-tax basis until they reach the maximum contribution level permitted by law.

Employer matching contributions made under the Plan vary depending on employee classification and date of hire. Following is a chart summarizing the employer match provisions:

Maximum employer match	Eligible Employee Class
100% of the first 5% of eligible contributions (maximum 5%)	All exempt associates
	Non-grandfathered non-bargained salaried non-exempt employees
	Non-grandfathered IUE-CWA associates
	Non-grandfathered Sistersville Union employees
	Gross Company (MSC to MPM) employees
50% of the first 7% of eligible contributions (maximum 3.5%)	Grandfathered non-bargained salaried non-exempt employees
	Grandfathered IUE-CWA associates
	Grandfathered Sistersville Union employees

During 2017, exempt associates were eligible for the Employer Achievement Match, a discretionary matching contribution of 25% of the participant's employer match, if the global incentive performance targets set by the Board of Directors or its delegate are attained. Effective January 1, 2018, exempt associates are no longer eligible for the Employer Achievement Match.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Exempt and non-union, non-exempt associates are eligible for an annual Employer Retirement Contribution, which is determined as a percentage of eligible compensation based on years of service. Effective January 1, 2014, associates hired on or after this date, and who are covered by the bargaining agreement with the IUE-CWA, the Industrial Division of the Communications Workers of America, AFL-CIO, CLC, Locals 84707, 81359 and 81380, are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered IUE-CWA associates. Effective January 1, 2015, associates hired on or after this date and who are covered by the bargaining agreement with the ICWUC, International Chemical Workers Union Council of the United Food and Commercial Workers are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered, ICWUC Sistersville Union associates.

The Plan allows for catch-up contributions in accordance with Internal Revenue Code Section 414(v).

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of the Employer's contributions and investment earnings, net of certain administrative expenses, and is charged with his or her withdrawals. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Most participants are immediately fully (100%) vested in their employer contributions and related investment earnings. Exempt associates hired September 1, 2012 or later vest in their employer matching contributions upon the completion of three years of service.

The Employer Retirement Contribution vests 100% upon the completion of three years of service.

Forfeitures: Following termination of employment, any unvested portion of a participant's account is forfeited at the earlier of the time of distribution of the vested portion, or upon five consecutive one year breaks in service. Funds from forfeitures are first applied to reinstate the unvested account balance for rehired participants whose previous termination resulted in forfeiture and who are re-employed by the Employer prior to incurring five consecutive one year breaks in service. Any remaining forfeited funds may be used to fund future matching employer contributions.

Retirement, Death and Disability: Participants who are not otherwise fully vested become 100% vested in their account balance upon the attainment of age 65 (normal retirement age), death or disability.

Investment Options: Upon enrollment in the Plan, participants can designate their contributions and Employer contributions to be invested in a combination of mutual funds and collective trust funds. If the participant does not designate any funds, the account is invested in a Qualified Default Investment Account ("QDIA") with a customized portfolio of investments based on the date the participant will attain age 65.

Investment Income: The investment income or loss for each fund is allocated proportionately to the participant accounts, on a daily basis, net of fees and expenses.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Administrative Expenses: Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. The Company pays other costs of administering the Plan. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments.

In 2012, the Plan's fee structure was renegotiated to include a per-participant administrative fee, which is charged by the Plan's record keeper on a quarterly basis. In conjunction with this agreement, the Plan's trustee agreed to reimburse the Plan for revenue credits it receives from certain mutual funds offered to participants. Revenue credits in excess of administrative expenses may be allocated to participant accounts at the election of the Plan Sponsor. For the year ended December 31, 2018, the Plan received \$20,524 in revenue credits, which has been recorded at gross as other income in the statement of changes in net assets available for benefits. These credits will be used to pay record keeping expenses of the Plan. The Company expects to pay any record keeping fees in excess of revenue credits available.

Notes Receivable From Participants: Active Plan participants may elect to take loans from the Plan using their account as collateral and subject to the Loan Policy established by the Company and legal limitations. The loan repayment period is any multiple of months up to 60 months or up to 180 months for purchase of a primary residence. The fixed interest rate charged is the prime rate minus 1% on the last day of the month prior to the inception of the loan.

Plan Termination: Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions or to terminate the Plan in accordance with the provisions of ERISA at any time. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason. In the event of termination of the Plan, which is at the sole discretion of the Board of Directors of the Company, all contributions credited to participants' accounts will be fully vested and will be distributed to the participants in the manner provided by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, revenues are recognized when earned and expenses are recognized when incurred. Benefit payments are recorded when paid.

Notes Receivable From Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan invests in various investments. The Plan offers alternatives that mitigate participant risks, including the opportunity to diversify investments across numerous participant-directed fund elections; however the underlying investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition: Plan investments are stated at fair value.

Investment purchase and sale transactions are recognized on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments held during the year.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Collective Trust Funds: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust held by the Plan provides for daily redemptions at reported net asset values per share, with no advance notice requirement. No unfunded commitments exist for any of the collective trust funds.

The methods described above may produce a fair value result that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2018 Using				
	<u>Total</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 241,724,770	\$ 241,724,770	\$ -	\$ -
Collective trust funds*	<u>81,571,170</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 323,295,940</u>	<u>\$ 241,724,770</u>	<u>\$ -</u>	<u>\$ -</u>

Fair Value Measurements at December 31, 2017 Using				
	<u>Total</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 237,653,826	\$ 237,653,826	\$ -	\$ -
Collective trust funds*	<u>85,936,642</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 323,590,468</u>	<u>\$ 237,653,826</u>	<u>\$ -</u>	<u>\$ -</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit the reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Fidelity Management Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules. Fidelity Management Trust Company has certified to the Plan administrator that the investments and investment income and notes receivable from participants and related interest income are complete and accurate as of December 31, 2018 and 2017 and for the year ended December 31, 2018. This information has been relied upon by the Plan administrator in preparation of the Plan's financial statements in accordance with ERISA. This certified information has not been audited by independent accountants.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2018 and 2017, the Plan invested in mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is affiliated with Fidelity Investments. Fidelity Management Trust Company is the trustee, and therefore, these investments qualify as party-in-interest investments. The Plan also held notes receivable from participants at December 31, 2018 and 2017, which constitute party-in-interest transactions. The Plan incurred \$171,394 of expenses related to administrative and other services paid to parties-in-interest during the year ended December 31, 2018.

NOTE 5 - TAX STATUS OF PLAN

The Internal Revenue Service has determined and informed the Company by a letter dated August 21, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been restated since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2018 and 2017 from the financial statements to the annual report filed on Form 5500, Schedule H as required by the Department of Labor:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits – financial statements	\$ 340,925,637	\$ 341,441,500
Less: Contributions receivable	<u>(8,671,778)</u>	<u>(9,298,816)</u>
Net Assets available for plan benefits – Form 5500	<u>\$ 332,253,859</u>	<u>\$ 332,142,684</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2018 per the financial statements to the net income reported in the 2018 Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (515,863)
Less: Contributions receivable at end of year	(8,671,778)
Add: Contributions receivable at beginning of year	<u>9,298,816</u>
Net income per Form 5500	<u>\$ 111,175</u>

The difference between the financial statement balances and Form 5500 is primarily due to the fact that the financial statements are prepared using the accrual basis of accounting whereas Form 5500 balances are determined in accordance with the modified cash basis of accounting.

NOTE 7 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events for recognition and disclosure through October 14, 2019, which is the date the financial statements were available to be issued.
