INDEPENDENT AUDITOR'S REPORT

October 11, 2019

To the Plan Administrator and Plan Participants
Precision Capital, Ltd. 401(k) Plan
Mentor, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Precision Capital, Ltd. 401(k) Plan, formerly the Metal Seal Precision, Ltd. 401(k) Plan, (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company (dba Principal Trust Company), the current trustee of the Plan, and Capital Bank and Trust Company, the former custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the current trustee and former custodian held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the current trustee as of December 31, 2018, and for the period from October 22, 2018 through December 31, 2018, and the former custodian as of December 31, 2017, and for the period from January 1, 2018 through October 21, 2018, that the information provided to the plan administrator by the current trustee and former custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter - Plan Mergers

As discussed in Note 1 to the financial statements, the plan administrator approved the mergers of Plan assets and participants of the RW Screw, LLC 401(k) Profit Sharing Plan, the Pohlman, LLC 401(k) Plan, and the Stoneworks, Ltd. 401(k) Profit Sharing Plan into the Precision Capital, Ltd. 401(k) Plan (formerly the Metal Seal Precision, Ltd. 401(k) Plan) effective October 1, 2018. Our opinion has not been modified with respect to this matter.

Other Matter - Supplemental Schedules

The supplemental schedule of assets held at end of year as of December 31, 2018, and the supplemental schedule of delinquent participant transactions for the year ended December 31, 2018, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the current trustee and former custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PRECISION CAPITAL, LTD. 401(k) PLAN

Notes to the Financial Statements

Note 1 - Plan Description

The following description of the Precision Capital, Ltd. 401(k) Plan (formerly the Metal Seal Precision, Ltd. 401(k) Plan) (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan initially adopted on November 1, 2011. Prior to October 1, 2018, the Plan provided retirement benefits to nonunion employees of Metal Seal Precision, Ltd. (Metal Seal) who had attained age 21 and completed one year of service, as defined. Plan participants entered the Plan on the first day of the quarter subsequent to meeting the eligibility requirements. During 2018, the plan administrator approved the mergers of the plan assets and participants of RW Screw, LLC 401(k) Profit Sharing Plan in the amount of \$13,956,885, Pohlman, LLC 401(k) Plan in the amount of \$2,842,794, and Stoneworks, Ltd. 401(k) Profit Sharing Plan in the amount of \$1,743,015, totaling \$18,542,694, into the Plan effective October 1, 2018. Accordingly, effective October 1, 2018, the Plan provides retirement benefits to nonunion employees that have attained age 18 of Precision Capital, Ltd., Metal Seal, RW Screw, LLC, Pohlman, LLC, Stoneworks, Ltd., and Designer Cabinets, Granite and Tile, LLC, (collectively, the Companies). Employees of the Companies become eligible to participate immediately upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may elect to have a portion of their pre-tax compensation contributed to the Plan, and subsequent to October 1, 2018, may also contribute Roth contributions, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan provides a safe harbor matching contribution equal to 100% of the first 3%, and 50% of the next 2%, of compensation that a participant contributes to the Plan. Effective October 1, 2018, the Companies may also make a discretionary profit sharing contribution to all eligible participants. Allocations of the Companies' profit sharing contribution are given only to participants who are employed on the last day of the Plan year, and are based on the participants' compensation for the Plan year related to the contribution. There were no discretionary profit sharing contributions authorized for 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PRECISION CAPITAL, LTD. 401(k) PLAN

Notes to the Financial Statements

Note 1 - Plan Description (Continued)

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investments of their contributions into any of several investment options with varying degree of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerance and time horizons. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, and are 100% vested in the safe harbor matching contributions. Vesting in the Companies' discretionary profit sharing contributions is based on years of continuous service. A participant is 100% vested after six years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates, as determined by the plan administrator. The repayment period may not exceed five years, unless the loan is secured to purchase the primary residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, or attainment of age 59½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a future period. Effective October 1, 2018, participants may also elect to receive the value of their vested interest in the form of annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distribution of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions. Former participants in the Pohlman, LLC 401(k) Plan have a protected benefit for early retirement in the event they reached early retirement, as defined, prior to October 1, 2018.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or to reduce future employer matching contributions. At December 31, 2018 and 2017, there were no forfeited nonvested accounts. During the year ended December 31, 2018, \$5,168 was used to reduce employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

PRECISION CAPITAL, LTD. 401(k) PLAN

Notes to the Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the value participants normally receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee or custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Companies and are excluded from these financial statements. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

PRECISION CAPITAL, LTD. 401(k) PLAN

Notes to the Financial Statements

Note 3 - Information Prepared and Certified by Current Trustee and Former Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends, for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company (dba Principal Trust Company), current trustee, as of December 31, 2018, and for the period October 22, 2018 through December 31, 2018, and Capital Bank and Trust Company, former custodian, as of December 31, 2017, and for the period January 1, 2018 through October 21, 2018.

Note 4 - Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest level priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

PRECISION CAPITAL, LTD. 401(k) PLAN

Notes to the Financial Statements

Note 4 - Fair Value Measurements (Continued)

Common / collective trust funds: Valued based on the NAV of units in the collective trust fund. The NAV as provided by the trustee, is used as the practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no notice.

Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account. Participant transactions (purchases and sales) may occur daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 14,538,792	\$ -	\$ -	\$ 14,538,792
Investments measured using NAV as a practical expedient (a):				
Common collective trust funds				1,727,959
Pooled separate accounts				552,396
Investments at fair value	<u>\$ 14,538,792</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,819,147</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 2,880,408</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,880,408</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances the transfer is reported at the beginning of the reporting period.

Notes to the Financial Statements

Note 4 - Fair Value Measurements (Continued)

The significance of transfers between levels is evaluated based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, the Plan did not hold any Level 3 investments.

Note 5 - Guaranteed Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The composite crediting interest rate is based on a formula established by the issuer, but may not be less than 1% (guaranteed minimum rate) or greater than 3%. Composite crediting interest rates are based on the applicable vintage schedule for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully-benefit responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Examples of such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle in an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Notes to the Financial Statements

Note 6 - Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by Delaware Charter Guarantee & Trust Company (dba Principal Trust Company), which is the current trustee and recordkeeper. Capital Bank and Trust Company, former custodian, previously managed the Plan investments and was the previous recordkeeper. These transactions and associated administrative expenses qualify as party-in-interest transactions.

Note 7 - Tax Status

Principal Life Insurance Co., sponsor of the prototype document, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Sponsor adopted this prototype plan document on October 1, 2018. The Plan was amended April 1, 2019. The prototype plan opinion letter has been relied upon by this Plan. The plan administration believes the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2018 statement of net assets available for benefits.

Note 9 - Subsequent Events

Plan management has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.
