Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. NOTE 1 – DESCRIPTION OF PLAN

The Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") was originally established on January 1, 2007 and was designed to reward eligible employees for long and loyal service by providing them with retirement benefits.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan covering all employees of Monterey SD Partners, Inc. and other participating companies (collectively, the "Company") who are eighteen (18) years or older. The Plan is not collectively-bargained. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"), as amended.

The Plan's participating related companies currently include: Monterey SD Partners, Inc.; Acacia Gasoline and Car Wash, LP; Les June, LP; Eastlake Petroleum, LP; Encinitas Promenade Gas and Oil; 4S Ranch Gasoline and Car Wash; Pico Rivera Gasoline and Car Wash, LP; and Carlsbad Gas and Car Wash, Inc.

The Plan's third-party recordkeeping, reporting and other administrative services are rendered by Paychex Retirement Services.

Eligibility

Each employee who is at least eighteen (18) years of age shall become eligible to participate. There is no eligibility service required for elective deferrals and matching contributions. For employer profit sharing contributions, one year of eligibility service (1,000 hours of service) is required.

Contributions

Each year a participant may contribute through elective deferrals up to 96% of pretax annual compensation as defined in the Plan, subject to the individual and average limits set by federal tax laws. Additionally, a participant may also designate all or a portion of the elective deferral contributions as Roth elective deferral contributions instead of pre-tax elective deferral contributions. Roth elective deferral contributions do not reduce total taxable income and do not reduce participants' current taxes.

In accordance with the Plan's safe harbor provisions, the Company makes matching contributions to the individual account of each eligible employee equal to 100% of the amount the employee's elective deferrals that do not exceed three percent of the employee's compensation for the Plan year, plus 50% of the amount of the employee's elective deferrals that exceed 3% of the employee's compensation but do not exceed 5% of the employee's compensation. Additional profit sharing amounts may be contributed at the Company's

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

option. During the year ended December 31, 2018, the Company did not make any profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are provided with information on investment choices available with Mid Atlantic Trust Company, and with procedures in making investment elections and frequency with which they can change their investments.

Vesting

Participants are vested immediately in their elective deferral contributions and employer matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested in the Company's profit sharing contribution after six years of credited service.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company or attaining age 59 ½ are entitled to withdraw all or a portion of their vested account balance.

"Hardship" distributions are not permitted by the Plan. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. Benefits under the Plan shall be distributed solely from the assets of the Trust.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms can be up to five years (or longer for the purchase of a primary residence). The notes are secured by the vested balance in the participant's account and bear interest at 6.25% per annum, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2018, participant loans have maturities through April 2023.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents forfeiture. The Plan document permits the use of forfeitures to reduce future employer contributions for the Plan year. The balance in the forfeiture account was $24,576 and $0 at December 31, 2018 and 2017, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Plan Administration

The Company is the Plan Sponsor and the Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options to its participants. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the years ended December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. During the plan year ended December 31, 2018, the Plan converted 2016 and 2017 excess contributions to the forfeitures account.

Subsequent Events

Subsequent events have been evaluated through October 14, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS CERTIFIED BY THE PLAN'S TRUSTEE (OPEN)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information prepared by Mid Atlantic Trust Company, the trustee of the Plan. The Plan administrator has obtained certification from the custodian that such information is complete and accurate.

Total investments held by Mid Atlantic Trust Company in the accompanying statements of net assets available for benefits were $1,071,425 and $983,578 as of December 31, 2018 and 2017, respectively. Net depreciation in fair value of investments of $71,057 and dividend income of $32,781 were certified by the trustee in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

Supplemental Schedule:

All investment balances and information included in the supplemental schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017. During the year ended December 31, 2018, there were no transfers of financial instruments into or out of Level 3.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust – The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25157, Class 68), a common/collective trust (CCT) is based on net asset value (NAV) per share, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions at or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The CCT invests in MetLife Group Annuity Contracts 25157, which consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant NAV. The CCT provides for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in administrative fees.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions exempt from the prohibited transactions rule of ERISA.

NOTE 6 – CORRECTIVE TRANSACTIONS

During the year ended December 31, 2018, the Company remitted Qualified Non-Elective Contributions (QNEC) totaling $347, representing 50% of missed employee deferrals for 2017 and 2018. The remittals were completed under the IRS's Employee Plans Compliance Resolution System Program.

At December 31, 2017 the Plan recorded receivables and employer contributions of $1,622 for the QNEC and employer matching contributions for 2016 and 2017. The Plan also recorded a liability of $25,868 at December 31, 2017 for matching contributions that exceeded IRS limits. The Plan corrected these items and recorded forfeitures of $24,246.

At December 31, 2018, the Plan has recorded a receivable of $411 for miscalculated employer contributions and a payable of $16,550 for matching contributions in 2018 that exceeded IRS limits. The Plan expects that a portion of the liability will be recorded as forfeitures in 2019.

As of the date of the financial statements, the Company has not remitted the related lost earnings, if any, on any of the underpayments. The earnings corrections are not considered material to the financial statements.

NOTE 7 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated April 10, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination for the years 2015 through 2017 for federal purposes and the years 2014 through 2017 for state purposes.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2018, and for the year then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

NOTE 1 – DESCRIPTION OF PLAN

The Monterey SD Partners, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") was originally established on January 1, 2007 and was designed to reward eligible employees for long and loyal service by providing them with retirement benefits.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan covering all employees of Monterey SD Partners, Inc. and other participating companies (collectively, the "Company") who are eighteen (18) years or older. The Plan is not collectively-bargained. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"), as amended.

The Plan's participating related companies currently include: Monterey SD Partners, Inc.; Acacia Gasoline and Car Wash, LP; Les June, LP; Eastlake Petroleum, LP; Encinitas Promenade Gas and Oil; 4S Ranch Gasoline and Car Wash; Pico Rivera Gasoline and Car Wash, LP; and Carlsbad Gas and Car Wash, Inc.

The Plan's third-party recordkeeping, reporting and other administrative services are rendered by Paychex Retirement Services.

Eligibility

Each employee who is at least eighteen (18) years of age shall become eligible to participate. There is no eligibility service required for elective deferrals and matching contributions. For employer profit sharing contributions, one year of eligibility service (1,000 hours of service) is required.

Contributions

Each year a participant may contribute through elective deferrals up to 96% of pretax annual compensation as defined in the Plan, subject to the individual and average limits set by federal tax laws. Additionally, a participant may also designate all or a portion of the elective deferral contributions as Roth elective deferral contributions instead of pre-tax elective deferral contributions. Roth elective deferral contributions do not reduce total taxable income and do not reduce participants' current taxes.

In accordance with the Plan's safe harbor provisions, the Company makes matching contributions to the individual account of each eligible employee equal to 100% of the amount the employee's elective deferrals that do not exceed three percent of the employee's compensation for the Plan year, plus 50% of the amount of the employee's elective deferrals that exceed 3% of the employee's compensation but do not exceed 5% of the employee's compensation. Additional profit sharing amounts may be contributed at the Company's

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

option. During the year ended December 31, 2018, the Company did not make any profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are provided with information on investment choices available with Mid Atlantic Trust Company, and with procedures in making investment elections and frequency with which they can change their investments.

Vesting

Participants are vested immediately in their elective deferral contributions and employer matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested in the Company's profit sharing contribution after six years of credited service.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company or attaining age 59 ½ are entitled to withdraw all or a portion of their vested account balance.

"Hardship" distributions are not permitted by the Plan. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. Benefits under the Plan shall be distributed solely from the assets of the Trust.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms can be up to five years (or longer for the purchase of a primary residence). The notes are secured by the vested balance in the participant's account and bear interest at 6.25% per annum, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2018, participant loans have maturities through April 2023.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents forfeiture. The Plan document permits the use of forfeitures to reduce future employer contributions for the Plan year. The balance in the forfeiture account was $24,576 and $0 at December 31, 2018 and 2017, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Plan Administration

The Company is the Plan Sponsor and the Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options to its participants. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the years ended December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. During the plan year ended December 31, 2018, the Plan converted 2016 and 2017 excess contributions to the forfeitures account.

Subsequent Events

Subsequent events have been evaluated through October 14, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS CERTIFIED BY THE PLAN'S TRUSTEE (OPEN)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information prepared by Mid Atlantic Trust Company, the trustee of the Plan. The Plan administrator has obtained certification from the custodian that such information is complete and accurate.

Total investments held by Mid Atlantic Trust Company in the accompanying statements of net assets available for benefits were $1,071,425 and $983,578 as of December 31, 2018 and 2017, respectively. Net depreciation in fair value of investments of $71,057 and dividend income of $32,781 were certified by the trustee in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

Supplemental Schedule:

All investment balances and information included in the supplemental schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017. During the year ended December 31, 2018, there were no transfers of financial instruments into or out of Level 3.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust – The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25157, Class 68), a common/collective trust (CCT) is based on net asset value (NAV) per share, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions at or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The CCT invests in MetLife Group Annuity Contracts 25157, which consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant NAV. The CCT provides for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds:	$ 594,104	$ -	$ -	$ 594,104
Investments in the fair value hierarchy	$ 594,104	$ -	$ -	$ 594,104
Common /collective trust Measured at NAV(a)				$ 477,321
				$ 1,071,425

Assets at Fair Value as of December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 560,507	$ -	$ -	$ 560,507
Investments in the fair value hierarchy	$ 560,507	$ -	$ -	$ 560,507
Common/collective trust Measured at NAV(a)				$ 423,071
				$ 983,578

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in administrative fees.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions exempt from the prohibited transactions rule of ERISA.

NOTE 6 – CORRECTIVE TRANSACTIONS

During the year ended December 31, 2018, the Company remitted Qualified Non-Elective Contributions (QNEC) totaling $347, representing 50% of missed employee deferrals for 2017 and 2018. The remittals were completed under the IRS's Employee Plans Compliance Resolution System Program.

At December 31, 2017 the Plan recorded receivables and employer contributions of $1,622 for the QNEC and employer matching contributions for 2016 and 2017. The Plan also recorded a liability of $25,868 at December 31, 2017 for matching contributions that exceeded IRS limits. The Plan corrected these items and recorded forfeitures of $24,246.

At December 31, 2018, the Plan has recorded a receivable of $411 for miscalculated employer contributions and a payable of $16,550 for matching contributions in 2018 that exceeded IRS limits. The Plan expects that a portion of the liability will be recorded as forfeitures in 2019.

As of the date of the financial statements, the Company has not remitted the related lost earnings, if any, on any of the underpayments. The earnings corrections are not considered material to the financial statements.

NOTE 7 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated April 10, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination for the years 2015 through 2017 for federal purposes and the years 2014 through 2017 for state purposes.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
