QUESTCO COMPANIES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 1 DESCRIPTION OF PLAN

The following description of the Questco Companies Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a multiple employer defined contribution plan covering eligible employees of Questco Holdings, Inc. (the Principal Participating Employer) and Adopting Employers. Employees are eligible to participate in the Plan based on elections made by the Adopting Employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offering and monitoring investment performance.

Contributions – Each year, participants may contribute any amount of annual compensation as elected by their Adopting Employer. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Each Adopting Employer elects the level of the matching and profit-sharing contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and their Adopting Employer's matching contributions, as well as allocations of their Adopting Employer's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and their Adopting Employer's Safe Harbor matching contributions, if applicable, plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant generally begins to vest after two years of service (20%) and increases ratably until fully vested in year six. However, vesting schedules vary depending on the Adopting Employer's election.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of the vested account balance. The number of outstanding loans is limited to two per participant. Effective October 1, 2019, the number of outstanding loans is limited to one per participant. The loans are secured by the balance in the participant's vested account and bear interest at the prime rate plus 1.00% at the date of the loan. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits – Upon termination of service, a participant may receive the value of the vested interest in his or her account balance as a lump sum distribution.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 1 DESCRIPTION OF PLAN (Continued)

Forfeited Accounts – At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$215,384 and \$206,825 respectively. These accounts will be used to pay plan expenses, reduce future employer contributions or be allocated to eligible participant accounts. During 2018, forfeitures of \$160,338 were used to reduce employer matching contributions and \$152 were used to pay plan expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses – Certain expenses of maintaining the Plan are paid by the Principal Participating Employer and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 3 CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Massachusetts Mutual Life Insurance Company (MassMutual).

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a) Quoted prices for similar assets or liabilities in active markets
- b) Quoted prices for identical or similar assets or liabilities in inactive markets
- c) Inputs other than quoted prices that are observable for the asset or liability
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Common/collective trusts: Valued at the net asset value (NAV) of units of a financial institution collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,202,027	\$ -	\$ -	\$ 17,202,027

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

MassMutual Retirement Services (MMRS) SAGIC Diversified Bond (SAGIC) is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is also often referred to as "Book Value."

The average yield of 2.37% earned is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value (applicable for those plans that have been in-force with MMRS for more than one year). The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the Plan year by the average annual fair value (applicable for those plans that have been in-force with MMRS for more than one year). The average yield earned by the Plan and the average interest rate credited to participants is the same, therefore, no adjustment is needed.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Consult the Plan's group annuity contract for further information.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual. Therefore, these transactions qualify as party-in-interest transactions. MassMutual receives revenue from mutual fund providers for services MassMutual provides to the funds. This revenue is used to offset certain amounts owed to MassMutual for its administrative services to the Plan. If the revenue received by MassMutual from such mutual fund service providers exceeds the amounts owed, MassMutual remits the excess to the Plan. Such amounts may be used to pay plan expenses or allocated to the accounts of the participants. During 2018, there were no excess amounts. The Plan may make a payment to MassMutual for administrative expenses not covered by revenue sharing.

During 2018, the Company failed to remit employee deferrals totaling \$12,722 in a timely manner.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Principal Participating Employer has a right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Adopting Employer's contributions.

NOTE 8 TAX STATUS

The Plan has been formed utilizing the *Defined Contribution Volume Submitter Plan and Trust* sponsored by MassMutual. MassMutual obtained a favorable determination letter dated March 31, 2014; however, such letter is only applicable to MassMutual. The Plan administrator has adopted all Plan provisions within the prototype document and believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, also believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
