## KM Strategic Management 401(k) Retirement Savings Plan

## Notes to Financial Statements

### Note A—Description of Plan

1. **General**: The following description of KM Strategic Management 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

   The Plan is a 401(k) profit sharing plan covering all employees of the Company who have two or more months of service and a minimum age is not a requirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

   The Plan sponsor has added Pacific Diagnostic Imaging, LLC's employees and their contributions to the KM Strategic Management 401(k) Retirement Plan effective January 1, 2018.

2. **Contributions:** Each year, participants may contribute up to certain limits of pretax annual compensation, as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined contribution plans as rollover contributions. The Company may make an employer discretionary contribution to the Plan. It may be contributed at the option of the Company's board of directors. All contributions are invested through the custodian's Principal Life Insurance Company. Contributions are subject to certain Internal Revenue Code (IRC) annual limitations. Participants direct the investment of their deferrals into various investment options offered by the Plan. The Plan offers guaranteed interest investments and pooled separate account investments.

3. **Participant Accounts:** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on continuous services. A participant is vested in the Company's share of contribution at 25% after two years, 50% after three years, 75% after four years, and 100% after five years of credited services.

5. **Forfeitures:** Forfeitures of non-vested Company contributions are first used to pay plan expenses. Any forfeiture left after paying plan expenses are reallocated to employee contributions. There are no forfeited amounts in year 2017 and 2018.

**Note A—Description of Plan—continued**

6. **Notes Receivable from Participant:** Participants may borrow from their accounts a minimum of $1,000 up to a maximum, equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participants account and bear interest at rates, which are commensurate with local prevailing rates at a commercial U.S. bank and are determined at the time of loan is made, currently ranging from 5.25% to 6.25%. Loan transactions are treated as transfer to (from) the investment funds from (to) a participant's loan receivable. Principal and interest payments are made through payroll deductions. Loans that are considered uncollectible are treated as deemed distributions and therefore there is no allowance for uncollectible loans.

7. **Payment of Benefits:** On termination of services due to death, disability, hardship or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments and the optional form chosen. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**Note B—Summary of Accounting Policies**

1. **Basis of Accounting:** The financial statements of the Plan are prepared on accrual method of accounting.

2. **Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosers. Actual results may differ from these estimates.

3. **Investment Valuation and Income Recognition:** The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2017 and 2018. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

   Investment contracts are valued at contract value which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transitions under the terms of the plan.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on

investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded

4. **Payment of Benefits**: Benefits are recorded when paid.

5. **Administrative Expenses:** Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

6. **Subsequent Events:** For the year-ended December 31, 2018, the Company has evaluated subsequent events for potential recognition and disclosure through October 14, 2019; the date of the financial statements was available to be issued.

7. Investments are evaluated on a recurring basis and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note I for discussion of fair value measurements.

**Note C—Nonparticipant-Directed Investments**

The Plan has only participant directed investments.

**Note D—Guaranteed Investment Contract**

The Plan has a fully benefit responsive investment contract with Principal Insurance Services (Principal). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net asset available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal represents contributions made under

**Note D—Guaranteed Investment Contract --continued**

the contract, plus earnings, less participant withdrawal and administrative expenses. Participant may ordinarily direct the withdrawal or transfer of all or in portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately .54% to .55% for 2017 and .74% to .75% for 2018. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including the complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

**Note E—Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2017 and 2018 to Schedule H of Form 5500:

| | 2017 | 2018 |
|---|---|---|
| Net assets available for benefits per financial statements | $2,129,564 | $2,177,142 |
| Participant contribution receivable | < 5,184> | < 5,585> |
| Adjustment to fair value | <1,350> | <2,072> |
| Net assets available for benefits per Schedules H to the Forms 5500 | $2,123,030 | $2,169,485 |

**Note E—Reconciliation of Financial Statements to Schedule H of Form 5500--continued**

The following is a reconciliation of contribution received from participants per financial statements for the year ended December 31, 2018, to Schedule H of Form 5500:

| | |
|---|---|
| Contribution received from participants per financial statements | $213,512 |
| Add—Participant contribution receivable at 12/31/2017 | 5,184 |
| Less—Participant contribution receivable at 12/31/2018 | <5,585> |
| Contribution received from participants per Schedule H of Form 5500 | $213,111 |

**Note F—Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

**Note G—Department of Labor (DOL) Compliance**

The Plan is in compliance with DOL. The current year audited report with extension will be due by October 15, 2019.

**Note H—Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated 8/7/2001 that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the plan's design is currently being operated in compliance with the applicable requirement of the IRC. The Plan has been re-stated and amended on July 10, 2017 and the Company has adopted the re-stated plan as of December 31, 2017. Therefore, no provision for income taxes has been made in the Plan's financial statements.

The Plan adopted the accounting standards for accounting for uncertainty in income taxes. These standards provide accounting and disclosure guidance about uncertain tax positions taken by a Plan. Management believes that all of the positions taken by the Plan in its federal returns are more likely than not to be sustained upon examination. The Plan's returns are subject to examination generally for the three years after they are filed.

### Note I—Fair Value Measurements

Fair Value measurements provide a framework for measuring fair value under Generally Accepted Accounting Principles (GAAP), which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other mean.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2018.

**Mutual Funds**: Mutual funds are valued at daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commissions. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Note I—Fair Value Measurements--continued**

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2018

| Investment Category | Assets at Fair Value as of December 31, 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Self - directed brokerage Accounts | $2,000,909 | - | - | $2,000,909 |
| Investment in fully benefit- responsive investment at contract value | | | | 80,551 |
| | | | | $2,081,460 |

| Investment Category | Assets at Fair Value as of December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Self - directed brokerage Accounts | $2,043,913 | - | - | $2,043,913 |

| | | | | $2,138,734 |

**Note J—Information Certified by the Trustee/Custodian (Unaudited)**

At December 31, 2017 and 2018, the Plan's investments and notes receivables form participants were held by the Principal Life Insurance Company, Trustee/Custodian. The Plan's financial information that is included in the financial statements is based on information certified by the Trustee as complete and accurate pursuant to 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974

**Note J—Information Certified by the Trustee/Custodian (Unaudited)--continued**

The fair value of investments and investment income at December 31, 2018 and December 31, 2017 and for the year ended December 31, 2018 was certified by the trustee are summarized in the Exhibit A.

**Note K—Risks and Uncertainties**

The Plan invests in a variety of investment securities. Investment securities in general are exposed to various risks such as interest rate, market and credit. The financial markets in recent months have shown heightened volatility and the markets are significantly down. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term could materially affect investment balances and the amounts reported in the financial statements. Additionally, many mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their market may be less liquid and their prices more volatile than similar type of securities of comparable U.S. companies.

**Note L—Related Party Transactions**

Certain Plan investments are issued and managed by Principal Life Insurance Company (PLIC) and its affiliates. The Principal Life Insurance Company is the Plan's trustee as defined by the Plan and, therefore, investments issued and managed by PLIC qualify as party-in-interest transactions (see Exhibit A). Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for the investments management services amounted to $14,293 for the year ended December 31, 2018. The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

**Note M—Prohibited Transactions**.

During 2017, participant contributions of $500 withheld from participants' were not remitted to the plan's trustee within the period prescribed by the Department of Labor regulations. During 2018, the Company funded the lost earning on the late remitted contribution and paid the related Department of Labor excise taxes, as applicable.
