Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dick Poe Motors 401(k) Plan, which comprise the statement of net assets available for plan benefits as of December 31, 2018, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements and Supplemental Schedules

Management is responsible for the preparation and fair presentation of these financial statements and supplemental schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements and supplemental schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements and supplemental schedules based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan sponsor instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the Asset Custodian, except for comparing such information with the related information included in the financial statements. We have been informed by the plan sponsor that the Asset Custodian held the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Asset Custodian as of and for the year ended December 31, 2018, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2018 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of Assets Held at End of Year as of December 31, 2018 and schedule of Delinquent Participant Contributions for the year ended December 31, 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017 were audited by predecessor auditors who merged with Eide Bailly LLP effective July 22, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. This report, dated October 12, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by the Asset Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan:

The following brief description of the Dick Poe Motors 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is available to all employees of Dick Poe Motors, L.P. (the Company) who are at least 21 years of age, have completed three months of entry service, and are considered an eligible employee as defined by the Plan.

Trust

The Plan provides for the establishment of a trust to hold the Plan assets. Principal does not make investment decisions for the Plan. Principal Life Insurance Company is the Plan's Asset Custodian and Recordkeeper and holds the Plan's investment assets and executed investment transactions for the years ended December 31, 2018 and 2017.

Contributions

Participants may elect to contribute by reducing their compensation by a fixed amount or percentage up to the lesser of 100% of compensation or $18,500 for the current Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various funds within an insurance company pooled separate account. The Company may make discretionary profit sharing contributions and qualified non-elective contributions. The Company's profit sharing contributions are invested in the same proportions as the participant directed their personal monies. Contributions are subject to certain statutory limitations.

The Plan participant may, with the Company's consent, make a rollover contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued):

Vesting

All voluntary contributions and rollover contributions by participants and qualified non-elective contributions by the Company are fully vested when made. Discretionary profit sharing contributions made by the Company are subject to the following vesting schedule:

Vesting Service (Years)	Vesting Percentages
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants are automatically fully vested, regardless of the vesting schedule, upon attainment of normal or early retirement age, disability, or death.

Forfeited Accounts

Forfeitures are applied to decrease the Company profit sharing contribution for such plan year. Any unused forfeitures can be allocated to participants on a pro-rata basis.

Forfeited non-vested accounts totaled $0 and $6 as of December 31, 2018 and 2017, respectively, which were used to offset plan expenses per the Plan document.

Unallocated Assets

Unallocated assets consist of cash received by the Plan which has not yet been allocated to participants' accounts. There were no unallocated assets at December 31, 2018 and 2017.

Payment of Benefits

Upon a participant's termination of employment or retirement, the participant or their beneficiary is entitled to receive a lump-sum amount equal to the value of their vested account balance if that vested account is $5,000 or less. If a participant's vested account balance is greater than $5,000 the participant may choose optional forms of benefit including a single sum payment or various annuity options.

1. Description of Plan (Continued):

Notes Receivable from Participants

Participants may borrow, as defined in the Plan, from their fund accounts a minimum amount of $1,000. Any new loans, when added to the outstanding balance of all other loans from the Plan, are limited to the lesser of $50,000 or 50% of a participant's vested account balance. Loan terms may not exceed five years, unless the loan is to be used to purchase the participant's principal residence, in which case the term may extend beyond five years. The loans are secured by the balance in the participant's account and bear interest at a rate as defined by the Plan (7.00% and 6.25% for 2018 and 2017, respectively). Principal and interest are paid through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue the contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Upon termination of the Plan, the Trust shall continue until all benefits have been distributed under the Plan.

2. Summary of Significant Accounting Policies and Use of Estimates:

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold during the year, as well as held at year end.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Fair Value Measurements - Plan Investments

The fair value of financial assets and liabilities is measured according to guidance issued by the FASB for *Fair Value Measurements and Disclosures*. The guidance defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The guidance was amended to require disclosure of fair value measurements for each class of assets and liabilities and to disclose transfers in and out of Level 1 and 2.

2. Summary of Significant Accounting Policies and Use of Estimates (Continued):

Fair Value Measurements - Plan Investments (Continued)

The standard establishes a framework which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The levels of the fair value hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical investments available in active markets the Plan has the ability to access as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the investment and the reporting entity makes estimates and assumptions related to the pricing of the investment including assumptions regarding risk.

A financial asset's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy (see Note 4).

Notes Receivable from Participants

Notes receivable from participants represent employee loans and are valued at their outstanding principal balance plus accrued interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Use of Estimates

As applicable, estimates and assumptions are used in preparing financial statements in accordance with U.S. generally accepted accounting principles. Such estimates and assumptions can affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

This information is an integral part of the accompanying financial statements.

2. Summary of Significant Accounting Policies and Use of Estimates (Continued):

Date of Management's Review

Management has evaluated subsequent events through the date of the auditor's report dated October 8, 2019, which is the date the financial statements were available to be issued.

3. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value. There have been changes to the methodologies used by the Plan Sponsor at December 31, 2018 and 2017 due to the issuance of Accounting Standards Update (ASU) 2018-09 "*Codification Improvements*" that clarifies what is considered determinable and published when determining readily determinable fair value. Such changes have been applied on a prospective basis.

Common collective funds – Valued at fair value based on the net asset value (NAV) of units held of the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions. During 2017 the common collective fund was valued at fair value based on the NAV of units held of the collective fund. The NAV, as provided by the custodian, was used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled separate accounts – Valued at fair value based on the NAV of units. The NAV is based on the observable market prices of the underlying assets within the account less liabilities. The NAV for the underlying assets of the account is a readily determinable measure of their fair value and is the basis for current transactions. During 2017, the NAV, as provided by the custodian, was used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Common collective funds	$ 107,553	$ -	$ -	$ 107,553
Pooled separate accounts	585,237	-	-	585,237
Total investments at fair value	$ 692,790	$ -	$ -	$ 692,790

Transfers between Levels

For the years ended December 31, 2018 and 2017, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

4. Fair Value Measurements (Continued):

The following table sets forth the disclosure for the fair value measurement of investments that are measured at Net Asset Value per share (or its equivalent) as a practical expedient as of December 31, 2017. There were no investments measured at NAV as a practical expedient as of December 31, 2018.

	Fair Value December 31, 2017	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective funds	$ 60,844	$ -	Daily	Daily
Pooled separate accounts	$ 741,189	$ -	Daily	Daily

5. Investments:

Unaudited Information Prepared and Certified by the Asset Custodian

The December 31, 2018 and 2017 statements of net assets available for plan benefits, the investment activities included on the statement of changes in net assets available for plan benefits for the years ended December 31, 2018 and 2017, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total investments and notes receivable from participants totaling $704,345 and $814,808 at December 31, 2018 and 2017, respectively.

6. Tax Status of the Plan and Related Trust:

Effective April 1, 1997 the Plan is operating under Principal Life Insurance Company's Prototype Standardized Profit Sharing Plan with CODA (prototype plan). The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Employer believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Parties in Interest:

The Plan invests in certain accounts which are managed by Principal Life Insurance Company (the Asset Custodian and Recordkeeper). The Plan paid certain expenses related to Plan operations and investment activity to various service providers.

Certain employees and officers of the Company, who may be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

This information is an integral part of the accompanying financial statements.

8. Nonexempt Party-in-Interest Transaction:

During 2018, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately $6,392 within the period prescribed by DOL regulations. Since Plan inception, the Company failed to remit employee contributions totaling $42,624 within the period prescribed by the DOL. Delays in remitting contributions were due to administrative errors, and the Company will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

9. Reconciliation of Financial Statements to Schedule H of Form 5500:

	2018	2017
Net assets available for plan benefits per the financial statements	$ 755,787	$ 820,100
