NOTES TO FINANCIAL STATEMENTS

Note 1 **Plan Description and Significant Accounting Policies**

The following description of Cheeseman LLC (the Employer) 401(k) Plan (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Employer and employees of Dove Investments, Inc. and Zumstein Land Development, Inc. To be eligible, these individuals must have completed 60 days of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates: The plan administrator uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

Participant Accounts: The Plan maintains participant-directed investment accounts for each participant containing the participant's contributions, employer contributions and net earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Payments of Benefits: Participants are immediately vested in their voluntary contributions plus actual earnings thereon, and in all Employer contributions.

Payment of benefits in a lump-sum amount equal to the value of the participant's account will be made on termination of service due to death, disability or retirement. In-service withdrawals for hardship, or after attainment of age 59 1/2 are also permitted. Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Note 1 **Plan Description and Significant Accounting Policies** (cont.)

Contributions: Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 27 mutual funds as investment options for participants. The Employer can, at its discretion, make matching and/or profit-sharing contributions. The matching contributions are calculated in relationship to either the participant's contribution or the participant's compensation. The Employer contributed 50 percent of the first 4 percent of compensation that a participant contributed to the Plan for the year ending December 31, 2017. In August, 2018, the employer contribution was increased to 75% of the first 4% of compensation for all employees who had 10 or more years of service. Contributions are subject to certain statutory limitations. The employer made no profit-sharing contributions in the years ending December 31, 2018 and 2017.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

Forfeitures: Forfeitures are based on a vesting schedule specified in the Plan's adoption agreement. The employer has chosen to allow all employer contributions to vest immediately after receipt by the Plan. Therefore, there are no forfeitures of the company match for 2018.

Administrative Fees: The Employer has agreed to pay certain administrative fees of the Plan.

Payment of Benefits: Benefits are recorded when paid.

Note 2 **Information Certified by the Plan's Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31

Investments at fair value		
Money market fund shares	\$ 415 624	\$ 381 588

	2018	2017
Investment income:		
Dividends	\$ 577 135	\$ 404 671
Interest	5 833	1 898
Net depreciation in fair value of investments	(1 023 830)	760 213
Deductions from net assets		
Investment and administrative expense	\$ 9 337	\$ 8 769

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 3 **Tax Status**

The plan has adopted a prototype standardized plan which has received an opinion letter from the Internal Revenue Service dated March 31, 2014. This opinion states that the plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 4 **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5 **Fair Value Measurement**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 6 **Party-in-interest Transactions**

Certain plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for investment management services amounted to \$9,337 for the year ended December 31, 2018.

Note 7 **Subsequent Events**

Management has evaluated subsequent events through October 9, 2019, the date these financial statements were available to be issued to evaluate whether any such events warrant adjustment to any reported amounts or inclusion of additional disclosures.

Management has determined that no events have occurred that would warrant adjustment to amounts reported in these statements as of December 31, 2018.
