Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate to the best of their knowledge.

Their report, dated October 12, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

Dogfish 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Dogfish 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is 401(k) elective deferral plan, which covers substantially all employees of Dogfish Head Companies LLC, Dogfish Head Craft Brewery, LLC, Dogfish Head, LLC, Dogfish Head Distillery, LLC and Dogfish Inn, LLC (collectively, the Company or Employer). Employees are eligible for participation in the Plan upon six months of service. The Plan Investment Committee is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Investment Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 85% of their eligible earnings, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations. The minimum elective deferral is 1%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan requires the Employer to make safe harbor matching contributions equal to 100% of the first 3% of employee elective salary deferrals, and an additional 50% of the next 2% of salary deferrals thereafter. Employer matching contributions totaled \$686,293 for the year ended December 31, 2018.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's elective salary deferral, the Employer matching contribution and an allocation of Plan earnings, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants are not allowed to borrow from their accounts under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: The Plan provides for 100% immediate vesting of participant contributions, the Employer's matching contributions, plus actual earnings attributable to such contributions.

Payment of benefits: Upon termination of service, a participant may withdrawal an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or various installment options as provided by the Plan. Benefits may be paid in cash, rolled over to another qualified retirement plan, or remain in the Plan until the participant chooses to take a distribution. If the vested participant balance is greater than \$5,000 at the time of termination, the participants may elect to defer receiving payments until age 70½ or receive installments. In-service distributions are permitted from fully vested accounts after attaining age 59½.

Hardship withdrawals are available upon demonstration of financial hardship with limitations as defined in the Plan. After withdrawal, a participant may not make deferral contributions to the Plan for at least six months after receipt of the hardship distribution.

The Plan also provides for minimum required distributions per Internal Revenue Service (IRS) regulations by April 1 of the calendar year following the later of the calendar year in which participants reach age 70½ or the calendar year the participant retires.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Contributions: Contributions from the Plan participants and the safe harbor matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from the amounts paid. All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits: Benefits are recorded when paid during the Plan year.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Administrative expenses include fees related to the administration of participant benefit payments that are charged directly to the participant's account. Investment related expenses are included in net depreciation in fair value of investments.

Adoption of accounting pronouncement: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan adopted this Update for the removal, modification, or addition of certain fair value measurement disclosures presented in the financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Reliance Trust Company

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments at fair value:		
Registered investment companies	\$ 8,586,164	\$ 7,531,067
Common collective trust stable value fund	231,495	90,565
	<u>\$ 8,817,659</u>	<u>\$ 7,621,632</u>

Reliance Trust Company also certified to the completeness and accuracy of \$1,235,988 of net depreciation in fair value of investments and \$535,369 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2018

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Dogfish 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust stable value fund: A stable value fund is composed primarily of fully benefit-responsive investment contracts that is valued at NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,586,164	\$ -	\$ -	\$ 8,586,164
Investments measured at NAV (a)				231,495
				<u>\$ 8,817,659</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,531,067	\$ -	\$ -	\$ 7,531,067
Investments measured at NAV (a)				90,565
				<u>\$ 7,621,632</u>

- (a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Dogfish 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2018 and 2017:

Investment	Fair Value Estimated Using NAV Per Share				
	Fair Value		Unfunded	Redemption	Redemption
	December 31,				
	2018	2017	Commitment	Frequency	Notice Period
Common collective trust stable value fund	\$ 231,495	\$ 90,565	None	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers between fair value levels during the 2018 and 2017 Plan years.

Note 6. Related Party Transactions and Parties-in-Interest

Reliance Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as parties-in-interest transactions. The Employer paid certain administrative expenses of the Plan during 2018. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they were paid through revenue shares, rather than a direct payment. No fees were paid to the trustee directly from the Plan.

Note 7. Plan Merger

On July 3, 2019, Off-Centered Way, LLC, the parent of the Employer, merged with Boston Beer Company, Inc. In connection with the transaction, the Board of Directors of Boston Beer Company, Inc. voted to merge the Plan with the Boston Beer Company 401(k) Plan effective December 31, 2019. All of the Plan's net assets will transfer on February 1, 2020.

Note 8. Tax Status

Effective May 1, 2017, the Plan adopted a non-standardized form of a prototype plan sponsored by ADP, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
