NOTE A - DESCRIPTION OF PLAN

The following description of Tyson & Mendes, LLP (the Company) 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan initially effective on January 1, 2004 and restated on January 1, 2015. The Plan covers all employees of the Company who have attained the age of twenty-one and have completed 30 days of continuous employment. In order to be eligible for profit sharing contributions, the Plan requires the completion of 500 hours of service within the Plan year. If the participant is employed by the Company on the last day of the Plan year, the 500 hours of service requirement is waived. Participants may make elective deferrals into the Plan upon meeting the eligibility requirements and subject to an entry date, the first day of each month of the Plan year. Employees are considered to have met the age and service requirements if employed on May 10, 2004. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Presentation

Certain amounts in the financial statements and associated notes may not add due to rounding.

Plan Administration

The Plan Sponsor is the administrator of the Plan and oversees governance of the Plan. As administrator, the Plan Sponsor has authority and responsibility for matters in connection with the operation and administration of the Plan (including the authority to select the Plan's investment options, which are available for employees to select for investment). Mid Atlantic Trust Company (MATC) is the trustee of the Plan and acts at the direction of the Plan's administrator. Paychex, Inc. (Paychex) is the recordkeeper for the Plan and is responsible for the day-to-day recordkeeping functions of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. For this purpose, termination includes a complete discontinuance of contributions under the Plan or a partial termination. In the event of Plan termination, participants' accounts become fully vested and nonforfeitable. In the case of a partial termination, only those employees who are affected by the partial termination of the Plan will become fully vested and nonforfeitable.

Contributions

For the years ended December 31, 2018 and 2017, each eligible employee may contribute up to 100% of their pretax compensation, as defined in the Plan, to a maximum of $18,500 and $18,000, respectively. Participants who reach age fifty by the end of the tax year may contribute up to $6,000 of additional tax deferred compensation under catch-up provisions of the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans.

NOTE A - DESCRIPTION OF PLAN (continued)

Plan participants are also eligible for a Company match. The Company matches participant pre-tax contributions at a rate of 100% on the first 3% and 50% on the next 3-5% of participant salary deferral contributions. Employer contributions at December 31, 2018 and 2017 were $439,060 and $258,993, respectively.

The Plan provides for discretionary employer profit sharing contributions. There were no profit sharing contributions for the years ended December 31, 2018 and 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if applicable, and (b) Plan earnings, and is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. A participant is entitled to benefits based on their vested account balance. Participant contributions at December 31, 2018 and 2017 were $870,843 and $489,322, respectively.

Vesting

Participants are immediately fully vested in their contributions and the employer matching contribution plus actual earnings thereon. Vesting in the Company's profit sharing contributions plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service. Non-vested benefits are forfeited when a participant's employment terminates. Regardless of the vesting schedule, a participant shall become fully vested upon reaching retirement age, death, or disability.

Investment Options

The Plan offers a broad range of diversified investment options with different risk and return characteristics. The variety enables participants to select the options that best fit their investment style, from conservative to aggressive.

Notes Receivable from Participants

If authorized by the Plan's trustee, participants may borrow from their pretax vested account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half the pretax vested account balance or 95% of the total vested account balance excluding the Roth elective deferral balance. Under no event will the loan amount exceed $50,000. Loans are secured by up to 50% of the participant's vested account and bear interest at the prime rate plus 1%. Loan terms generally range from 1 to 4.5 years. Principal and interest is paid ratably through monthly payroll deductions. Notes receivable for the years ended December 31, 2018 and 2017 were $10,785 and $7,869, respectively.

NOTE A - DESCRIPTION OF PLAN (continued)

Payment of Benefits

Distributions from a participant's account are generally made upon termination of employment, retirement, disability, or death. Terminated employees, with account values up to $1,000, will receive a lump sum payment equal to their account value. Participants or their beneficiaries with account values greater than $1,000 may receive distributions in a lump sum, installment, or annuity contract payments. Benefits paid to beneficiaries upon death of participants are made in accordance with elections available under the Plan. Total benefit payments made to participants for the years ended December 31, 2018 and 2017 were $289,795 and $112,600, respectively.

Forfeited Accounts

Forfeitures of non-vested employer contributions will first be used to reduce plan administrative expenses and any remaining forfeiture amounts will be used for future matching employer contributions. Forfeitures of non-vested accounts totaled $116 and $58 for the years ended December 31, 2018 and 2017, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 13, 2019, which is the date the financial statements were available to be issued. There were no material subsequent events which affected the amounts or disclosures in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustee determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans receivable are valued at face value which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company provides for certain administrative expenses for the Plan and pays for certain outside administrative services. The cost of Company provided services is not reflected in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan follows the methods of fair value measurement under FASB ASC 820 to value its financial assets. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets and have the highest priority.
Level 2	Observable inputs other than quoted prices for identical assets (Level 1).
Level 3	Unobservable inputs with the lowest priority.

The Plan uses appropriate techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds (including Money Market Funds) - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). The funds must publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

December 31, 2018	Fair Value	Observable Inputs (Level 1)
Mutual Funds:		
Equity Funds	$ 2,052,686	$ 2,052,686
International Equity Funds	466,651	466,651
Fixed Income Funds	240,432	240,432
Balanced Funds	817,719	817,719
Money Market Funds	170,561	170,561
Total Assets at Fair Value	$ 3,748,049	$ 3,748,049

December 31, 2017 (Unaudited)	Fair Value	Observable Inputs (Level 1)

NOTE D - INVESTMENTS

Unaudited Information Certified by MATC

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MATC. The information certified includes total investments of $3,748,222 for the year ended December 31, 2018. Total investments (at fair value) reported on the statement of net assets available for benefits include $173 of investment redemptions made on December 31, 2018 and posted on January 2, 2019.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by $997,500 and $1,112,721 for the years ended December 31, 2018 and 2017, respectively.

NOTE E - RELATED PARTY TRANSACTIONS

Paychex provides certain non-fiduciary administrative services and MATC provides directed trustee services on behalf of the Plan. Accordingly, transactions between these entities qualify as party-in-interest transactions. Fees paid by the Plan for these services were included in administration expense, and totaled $12,307 and $7,680 for the years ended December 31, 2018 and 2017, respectively.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE F - TAX STATUS

The Company has adopted a prototype plan and relies on the prototype plan's determination letter from the Internal Revenue Service (IRS) dated April 10, 2014. The Company has not applied for a determination letter from the IRS specific for the Plan. The trustee and plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, accordingly, is exempt from Federal and State income tax. Therefore no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - INELIGIBLE CONTRIBUTIONS PAYABLE

Ineligible employees were enrolled in the Plan in error in 2018 and 2017. Amounts payable to the participants totaled $4,591 and $346 for the years December 31, 2018 and 2017, respectively.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements as of December 31, 2018 and 2017 agree to Forms 5500 filed with the Department of Labor (DOL).
