Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Harsco Employees Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5 and 7, which was certified by Wells Fargo Bank, N.A., and U.S. Bank, N.A., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that U.S. Bank, N.A., held the Plan's investment assets and executed investment transactions as of December 31, 2018 and 2017, and for the period from September 1, 2017, to December 31, 2018, and that Wells Fargo Bank, N.A., held the Plan's investment assets and executed investment transactions for the period from January 1, 2017, to September 20, 2017. The Plan Administrator has obtained certifications from the trustees as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Information

The supplemental information noted in the table of contents as of and for the year ended December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HARSCO EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Harsco Employees Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined benefit plan providing retirement, death and disability benefits to all eligible salaried and hourly paid supervisory, office and clerical employees of Harsco Corporation (the “Company”), as defined by the Plan, who are not otherwise covered by any other qualified pension plan to which the Company contributes on behalf of such employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Pension benefit accrual service for a select few divisions of active U.S. qualified and non-qualified salaried pension plan participants was frozen as of December 31, 2003. Since then, there have been several additional locations frozen. The most recent freeze of pension benefit accruals occurred on August 31, 2016, for the collectively bargained participants at the Natrona Heights location. Following that freeze, service and compensation accruals, as noted in amendments to the Plan document, have been frozen for all participants except for one hourly union location.

Although the Company received Board approval as of December 31, 2003, to merge all defined benefit plans maintained by the Company or its subsidiaries in its ERISA controlled group into the Harsco Employees Pension Plan, some of the plans have yet to be merged. The mergers were planned in order to reduce administrative and funding costs that otherwise would be incurred if these plans continued as separate plans. The mergers will be subject to union approval where required.

Effective January 1, 2017, the Plan document was restated to incorporate all amendments through December 31, 2016.

The Plan evaluated subsequent events for recognition or disclosure through October 2, 2019, the date the financial statements were available to be issued.

The Plan is administered by the Company’s Pension Investment Committee (“Committee”), which is a committee of the board of directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Company’s board of directors.

Participation

An employee becomes a participant in the Plan on the first day of the year coinciding with or next following the date eligibility requirements are met.

(continued)

HARSCO EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Service Rules

Employees are credited with a year of service for each Plan year during which they meet the minimum hours of service requirement applicable to their division of employment. The minimum requirements for the respective divisions are specified within the Plan document and range from 1,000 to 1,800 hours of service.

Pension Benefits

Employees are entitled to annual pension benefits beginning at normal retirement age (65). Participants may elect to receive their vested benefits in the form of a lump sum or a monthly annuity. The amount of the benefit is determined by length of service, date of termination, age of participant, and the division in which the employee worked. In certain divisions, the Plan permits early retirement if the participant meets the required length of service and age. As a result, participants may be eligible for early retirement at ages 55-64 and completion of five to fifteen years of continuous service dependent upon the division's pension provisions. The amount of the monthly benefit will vary depending upon, among other things, which division the employee is in as defined in the Plan document. If the present value of the pension does not exceed \$5,000, a lump-sum payment is automatic. If employees terminate before rendering 5 years of service, they forfeit the right to 100% of their accrued benefit.

In the event of re-employment of a participant who had previously had a break in service and received from the Company a lump sum distribution, the participant may choose to repay the full amount of the distribution plus interest upon being reemployed in order to reinstate their credited service for vesting as if no break in service had occurred.

Death and Disability Benefits

The Plan provides for death and disability benefits. In the event of death, the amount of benefit the beneficiary will receive will depend upon, among other things, the employee's status as of the date of death and whether the participant was already receiving normal retirement benefits. In the event a participant becomes totally and permanently disabled, the benefit to be received will depend upon, among other things, the employee's status at the time of disability. Disability retirement is available on the first day of any month coincident with or following the completion of 15 years of service and one year of permanent disability. Upon meeting these requirements, a participant is entitled to 100% of their accrued benefit.

Vesting

A participant is fully vested after completion of five years of continuous service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

(continued)

HARSCO EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. See Note 6 for a discussion of fair value measurements. The Company's finance department determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net increase (decrease) in plan interest in the Harsco Pension Profit Sharing Collective Investment Fund ("CIF") includes the Plan's gains and losses on CIF units bought and sold as well as held during the year.

Funding Policy

The Plan is funded by the Company with actuarially determined contributions. The contributions are determined using an actuarial cost method which takes into consideration the present value of benefits expected to accrue during the plan year. The Plan has complied with the minimum funding requirements established by ERISA for 2018 and 2017.

Investment Fees

Investment income reflects certain fees paid by the investment funds, as well as the underlying investment funds of the CIF, to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

Administrative costs, such as legal, accounting, actuarial, and trustee fees, as well as the Pension Benefit Guaranty Corporation ("PBGC") premium, are paid by the Plan.

(continued)

HARSCO EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Recently Issued Accounting Pronouncement

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) – Employee Benefit Plan Master Trust Reporting. ASU 2017-06 requires plans to make additional disclosures related to their interest in master trusts. This ASU becomes effective for the Plan on January 1, 2019, and requires retrospective application. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation for the five consecutive years of highest earnings out of the last ten calendar years. The accumulated plan benefits for active employees at the Plan's one remaining active location are based on their service rendered and history of compensation as of the benefit information date. The accumulated plan benefits for active employees at frozen locations are based on their credited service and history of compensation at the time the plan was frozen.

Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary as of January 1, 2018 and 2017, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation and the determination of the present value of accumulated plan benefits as of January 1, 2018 and 2017, are as follows:

Discount rate *	6.75% compounded annually for 2018 and 2017.
Mortality basis	For 2018: Separate rates for non-annuitants based on RP2014 "Employee" table (male and female) without collar adjustment, projected generationally from the base year of 2006 using Scale MP2018; annuitants based on RP2014 "Healthy Annuitants" table (male and female) without collar adjustment, projected generationally from the base year of 2006 using Scale MP2018.

(continued)

HARSCO EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

For 2017: Separate rates for non-annuitants based on RP2014 “Employee” table (male and female) without collar adjustment, projected generationally from the base year of 2006 using Scale MP2017; annuitants based on RP2014 “Healthy Annuitants” table (male and female) without collar adjustment, projected generationally from the base year of 2006 using Scale MP2017.

Retirement 30% at age 62 increasing to 100% at age 67 for 2018 and 2017.

* Net of 0.50% for assumed expenses in 2018 and 2017.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits is as follows as of January 1, 2018 and 2017, (in thousands):

	2018	2017
Vested benefits		
Participants currently receiving payments	\$ 107,399	\$ 105,468
Other participants	87,906	89,123
	195,305	194,591
Nonvested benefits	491	558
Total actuarial present value of accumulated plan benefits	<u>\$ 195,796</u>	<u>\$ 195,149</u>

The changes in the actuarial present value of accumulated plan benefits for the years ended January 1, 2018 and 2017, are presented below (in thousands):

	2018	2017
Actuarial present value of accumulated plan benefits at beginning of year	\$ 195,149	\$ 197,170
Increase (decrease) attributable to		
Benefits accumulated	21	56
Interest due to the decrease in the discount period	12,773	12,855
Benefits paid	(12,085)	(13,798)
Actuarial gains	(134)	(341)
Assumption changes	72	(793)
Net increase (decrease)	647	(2,021)
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 195,796</u>	<u>\$ 195,149</u>

(continued)

HARSCO EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

For the year ended January 1, 2018, the increase in actuarial present value of accumulated plan benefits from changes in actuarial assumptions is primarily a result of a decrease in the discount rates and updates to the mortality assumptions used to value future lump sum benefits. For the year ended January 1, 2017, the decrease in actuarial present value of accumulated plan benefits from changes in actuarial assumptions is primarily a result of changing the mortality table used to determine the life expectancy of participants.

The January 1, 2017, actuarial valuation considered the amendment to freeze benefit accruals at the Natrona Heights location, effective August 31, 2016, which is discussed further in Note 1. This amendment did not impact the actuarial present value of accumulated plan benefits.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2018 and 2017. Had the valuations been performed as of December 31, there would be no material differences.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated.

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b) Other vested benefits insured by the PBGC (a U.S. government agency) up to the applicable limitations (discussed subsequently).
- c) All other vested benefits (that is, vested benefits not insured by PBGC).
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a ceiling, which is adjusted periodically, on the amount of monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

5. PLAN INTEREST IN THE HARSCO PENSION AND PROFIT SHARING COLLECTIVE INVESTMENT FUND (UNAUDITED)

The Plan invests primarily in the CIF. The CIF is a unitized pool. Each participant holds units of the pool that represent their pro-rata share of the underlying investments. On a monthly basis, the investment pool is valued and a new pool net asset value ("NAV") is calculated to represent this value. All income allocations are processed on a per unit basis. On September 1, 2017, the CIF's trustee changed from Wells Fargo Bank, N.A. ("Wells Fargo") to U.S. Bank, N.A. ("U.S. Bank"). Upon transition of the CIF's assets to U.S. Bank, the outstanding units of the CIF were split by a ratio of 58.39:1. Neither the value of the Plan's investment in the CIF nor the Plan's allocable portion of the CIF were impacted by the split in units.

All income, realized and unrealized gains/losses, are included in/rolled into the monthly NAV.

The following investment information disclosed in the accompanying financial statements and supplemental information was obtained or derived from information that has been prepared and certified to as complete and accurate by U.S. Bank and Wells Fargo, the trustees of the CIF, and has not been audited by independent auditors.

The fair value of the net assets held by the CIF and the Plan's allocable portion as of December 31 are summarized as follows (dollars in thousands):

	2018	2017

* Includes approximately \$8,937 and \$8,393 of Harsco Corporation common stock, which represents approximately 4.38% and 3.68% of net assets for 2018 and 2017, respectively

The CIF's investment income consists of the following for the years ended December 31 (in thousands):

	<u>2018</u>	<u>2017</u>
Investment income (loss)		
Net realized and unrealized appreciation (depreciation) in fair value of investments	\$ (19,926)	\$ 35,836

Net investment income (loss)	<u><u>\$ (14,732)</u></u>	<u><u>\$ 37,681</u></u>

Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Financial instruments, which potentially subject the CIF to a concentration of credit risk, consist principally of investments. The CIF limits this risk by diversifying the CIF's investment portfolio. The degree and concentration of credit risk varies depending upon the type and diversity of investments within the portfolio.

The following are the changes in net assets for the CIF for the years ended December 31 (in thousands):

NOTES TO FINANCIAL STATEMENTS

6. FAIR VALUE MEASUREMENTS

The Plan measures its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3 – Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and similar techniques.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31 (in thousands):

	2018

^a In accordance with FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, certain mutual funds held by the CIF, which are measured at NAV per share, are exempt from categorization within the fair value hierarchy. These mutual funds are valued by the investment advisor based on the current market values of the mutual funds' underlying assets. Further information concerning these mutual funds may be obtained from their separate audited financial statements. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items within the summary of the fair value of net assets held by the CIF, which is presented in Note 5.

HARSCO EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no significant transfers in or out of levels 1, 2, or 3 for investments held by the Plan or the CIF.

Following is a description of the valuation methodologies used for CIF investments measured at fair value.

Level 1 Fair Value Measurements

Money market funds are stated at cost, which approximates fair value. The fair values of certain mutual funds are based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock and corporate bonds, notes, and convertible debentures are valued at the closing price reported in the active market on which the individual securities are traded.

Level 2 Fair Value Measurements

Investments in U.S. Treasury notes and collateralized securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

For both Plan and CIF investments, there have been no significant changes in the methodologies used during the years ended December 31, 2018 and 2017.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

As of December 31, 2018, the CIF did not hold any investments measured at fair value based on the NAV per share practical expedient. The following table summarizes investments measured at fair value based on the NAV per share practical expedient that were held by the CIF as of December 31, 2017 (in thousands).

7. INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. U.S. Bank held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2018, and for the period September 1, 2017, to December 31, 2017. Wells Fargo held the Plan's investment assets and executed investment transactions for the period January 1, 2017, to September 20, 2017. Accordingly, U.S. Bank and Wells Fargo, the trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2018 and 2017, and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2018.

8. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated July 23, 2018, that the Plan and related trust are in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Effective September 1, 2017, the Plan's investments are managed by U.S. Bank. Prior to September 1, 2017, the Plan's investments were managed by Wells Fargo. The Plan invests in certain funds (directly and within the CIF) owned by the investment manager. U.S. Bank and Wells Fargo each served as the Plan's trustee during their respective periods as the Plan's investment manager. Therefore, transactions in funds owned by the investment manager qualify as party-in-interest transactions.

Fees incurred by the Plan for the trustee fees amounted to \$64,572 and \$99,818 for the years ended December 31, 2018 and 2017, respectively. CIF transactions in Harsco Corporation common stock also qualify as party-in-interest transactions. There were no purchases or sales of Harsco Corporation common stock in the CIF during 2018 and 2017. All other transactions which may be considered parties-in-interest transactions relate to normal plan management and administrative services, and the related payment of fees.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

10. RISKS AND UNCERTAINTIES

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the Statement of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee compensation and demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Benefits Paid Upon the Following Events

Monthly pension benefit

- HEPP Core

Benefit is (i) + (ii) where:

 - (i) 1.2% times average compensation times benefit service (to a maximum of 33 years)
 - (ii) 1.5% times (i), times benefit service in excess of 33 years, but not over 40

The amount above cannot be less than the minimum benefit determined at December 31, 2002 of (i) + (ii) where:

 - (i) 1.3% times average compensation times benefit service (to a maximum of 33 years)
 - (ii) 1.5% times (i), times benefit service in excess of 33 years, but not over 40
- Appendix A

Same as main group, subject to the minimum benefits below:

Minimum for Quaker Alloy Casting Co. Plan

(1.25% up \$4,200 of average compensation + 1% of the excess over \$4,200) x years of continuous service (max 33)

If the employee was a participant prior to January 1, 1976, the minimum benefit at that date is:

30% of average compensation

For this purpose, average compensation is the average of 5 highest years from January 1, 1966 to January 1, 1976 with a \$25,000 maximum salary recognized each year.

Minimum for Bowen-McLaughlin-York Co. Plan

If an employee was a participant on December 1, 1967, had 15 years of continuous service at that date, and retires on or after normal retirement, the applicable minimum benefit is:

10% of average compensation up to \$4,800 + 30% in excess of \$4,800.

For this purpose, average compensation is the average of 5 highest years from December 1, 1957 to December 1, 1967 with a \$25,000 maximum salary recognized each year.

- Social Security benefit

The projected amount of the participant's Social Security benefit at age 65 assuming level earnings and a level wage base after termination. For the purpose of determining the Social Security benefit, the salary in the year prior to normal retirement is assumed to be the greater of that year's compensation or average compensation. For all other prior years, the actual earnings history will be used, where available. To the extent that prior earnings are unavailable, a 6% salary scale is used to generate historical earnings.
- Accrued pension adjustment

Determined as (a) divided by (b), not greater than 1 where:

(a) Benefit service at date of termination in complete months

(b) Benefit service projected to normal retirement date in complete months
- Short service percentage

Determined as (a) divided by (b), not greater than 1 where:

(a) Benefit service projected to normal retirement date in complete months

(b) 240
- Monthly pension benefit

Determined as (a) times (b) times (c) where:

(a) 50% of average compensation minus 66.67% of Social Security benefit

(b) Accrued pension adjustment

(c) Short service percentage
- Appendix I (HTT UAW)

Monthly benefit unit times benefit service. See table of monthly benefit amounts. Accruals are frozen effective December 31, 2007.
- Appendix J (Capitol)

Monthly benefit unit times benefit service. See table of monthly benefit amounts.

- **Lump Sums** Corporate (Core plan document), and Reed Minerals Salaried (Appendix H) participants who terminated after 2008 and Fairmont (Appendix F) participants may elect to take their entire benefit as a lump sum. Corporate (Core plan document), SCI (Appendix B) and Reed Minerals Salaried/Hourly (Appendix H) participants may elect to take their benefits accrued before December 31, 1994 as a lump sum. Central East and Newport KY (Appendix G) and Patent (Appendix K) participants may elect a lump sum if the present value is less than \$15,000 and \$7,000, respectively. If participants are not early, normal, or postponed retirement eligible as of termination, the lump sum generally must be taken within one year of termination (in all cases for Fairmont; there is no restriction for Central East/Newport KY). Central East participants may elect a lump sum with a present value greater than \$15,000 in the event of a shutdown (which must be taken within one year).

Optional form conversion basis:

- **Annuities** For all groups except HTT UAW (Appendix I): 1983 Group Annuity Mortality Table for Males, with an age setback of one year for the Participant and five years for the co-pensioner or spouse, and an annual interest rate of 6%.

For HTT UAW (Appendix I): UP 1984 Unisex Mortality Table, with an age setback of four years for the co-pensioner or spouse, and an annual interest rate of 7%.
- **Lump Sums** For PBGC basis: 1983 Group Annuity Mortality Table for Males, with an age setback of one year for the Participant and five years for the co-pensioner or spouse, and the interest rate structure specified by the PBGC to value lump sums during the calendar month of distribution.

For IRC § 417(e) basis: IRC § 417(e) minimum lump sum value, based on October lookback rates.

Demographic Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

Mortality

- **Healthy and Disabled** Separate tables of rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected to 2033 using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2025 using Scale AA).
- **Lump sums** For lump sums determined on the IRC § 417(e) basis, the Applicable Mortality Table for the current year is used.

Termination

Rates varying by group and age

Representative termination rates are shown below:

Terminations per 1,000 participants		
Age	Pay-Based Formula	Dollar-Based Formula
20	120	300
25	120	271

Percent married	80%
Spouse age	Wife two years younger than husband
Administrative expenses	Estimated based on actual expenses during the prior year (adjusted for expected changes in current year expenses). The assumption for 2018 is \$3,203,478.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.
Late retirement adjustments	Retroactive benefit payments due to deferred vested participants who have surpassed their applicable normal retirement date are estimated for valuation purposes by applying an actuarial adjustment (using the plan's definition of actuarial equivalence) to the underlying deferred benefit for the period after the later of termination and suspension of benefits.

Methods

Valuation date	First day of plan year (January 1)
Funding target	Present value of accrued benefits, as required by regulations under IRC § 430.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year, as required by regulations under IRC § 430.
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the four immediately preceding semi-annual periods, adjusted for contributions, benefits, administrative expenses and expected earnings of 6.34% during the calendar 2017 and 6.42% during calendar year 2016 (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2017 plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any significant benefits required to be valued that were not.</p> <p>The plan pays automatic cashouts of small benefits with a present value up to \$5,000 in a single lump sum payment, optional distributions for small present values in certain circumstances, and various actuarially equivalent annuity options. Such forms of payment are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.</p> <p>Late retirement actuarial increases for active participants who were over 65 prior to the year in which Harsco began providing suspension of benefits notices to active participants over Normal Retirement Age are not explicitly valued (fewer than five were identified in the valuation data).</p>

Sources of Data and Other Information

Harsco Corporation through its third party administrator furnished participant data as of January 1, 2018. Information on assets, contributions and plan provisions was supplied by Harsco Corporation. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any such significant event, so no adjustments were made.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	Lump sum benefits determined on the IRC § 417(e) basis are valued assuming that the lump sum conversion rate in the future is equal to the discount rate. Lump sum benefits determined on the PBGC basis are valued assuming that the lump sum conversion rate is equal to 4.0%, which represents an assumed long-term PBGC effective interest rate.
Administrative expenses	Administrative expenses for the coming year are estimated by taking the actual expenses paid during the prior year and adjusting for expected changes in the current year, reflecting items like expected changes in PBGC premiums.
Investment return	A 6.34% investment return assumption for 2017 was selected for use in the actuarial value of assets (with such expected earnings limited as described in IRS Notice 2009-22). This assumption is based on an estimate of future experience for asset investments returns reflecting the plan's asset allocation and any expected changes during the plan year, market conditions at the measurement date and expectations for future market conditions. Portfolio return simulations using Willis Towers Watson's CAP:Link model were used to select this assumption.

Assumptions Rationale - Significant Demographic Assumptions

Healthy mortality	Assumptions used for funding purposes are as prescribed by IRC § 430(h). Note that the plan sponsor has decided, as allowed by regulation §1.430(h)(3)-1, to delay until the 2019 plan year updating the required mortality table to reflect the RP-2014 study and subsequent Society of Actuaries studies.

Disabled mortality	Assumptions used for funding purposes are as prescribed by IRC § 430(h). Note that the plan sponsor has decided, as allowed by regulation §1.430(h)(3)-1, to delay until the 2019 plan year updating the required mortality table to reflect the RP-2014 study and subsequent Society of Actuaries studies.
Termination	Termination rates were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Disability	Disability rates were based on a published table for pension participants believed to have reasonably similar characteristics, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Retirement	Retirement rates were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Benefit commencement date for deferred vested benefits	Deferred vested participants are assumed to receive lump sum benefits upon termination and to commence annuity benefits at the later of age 63 or the current age based on a best estimate of commencement age based on an experience study conducted in 2012.
Form of payment	Form of payment assumptions were based on an experience study conducted in 2012, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Spouse age	The assumed age difference for spouses is based on the age difference observed among recent retirees from the experience study conducted in 2012.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC § 430, or were selected by the plan sponsor from a range of methods permitted by IRC § 430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target, target normal cost, and IRC § 417(e) lump sums were updated from an applicable month of September 2016 to September 2017, as required by IRC § 430.

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC § 430.

The mortality table used to calculate lump sum values based on IRC § 417(e) assumptions was updated to from the 2017 table to the 2018 table, as defined in IRS Notice 2017-60.

The administrative expense assumption used to calculate the target normal cost was updated to reflect recent plan experience.

Change in methods since prior valuation

None.

The actuarial assumptions that are not mandated by IRC § 430 and regulations represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.
