HPJ INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan

The following description of the HPJ Industries, Inc. 401(K) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on January 1, 2015, and amended from time to time thereafter, for the benefit of eligible employees, who are at least age 21 and have completed three months of service, of HPJ Industries, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year participants may contribute a percentage of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to contribute to the Plan.

Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participants are subject to scheduled increases on the first day of the second Plan year beginning after the initial automatic enrollment up to a maximum of 6% of eligible compensation. The participant may enter into a salary deferral agreement at any time to select an alternative deferral amount or elect not to contribute to the Plan.

The Plan provides for matching contributions equal to 100% of the first 1% of a participant’s deferral plus 50% of the next 5% of a participant’s deferral for a maximum match of 3.5% of eligible compensation.

The Company may make discretionary profit sharing contributions. Participants must be employed on the last day of the year, unless terminated prior to the last day of the year due to death, disability or attainment of age 65, to qualify for any discretionary profit sharing contributions (when made). The Company did not make a profit sharing contribution for the year ended December 31, 2018. Contributions are subject to certain statutory limitations.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common collective trust as investment options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and the Company’s matching contribution and an allocation of (a) the Company’s discretionary profit sharing contribution (when made) (b) Plan earnings, and (c) charged with an allocation of administrative expenses, if any. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined.

HPJ INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan (continued)

Participant Accounts (continued)

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions, Company matching contributions and Company discretionary profit sharing contributions (when made), plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 4.5% to 7.25%, which are commensurate with local prevailing rates at the time the notes are issued, as determined monthly by the Plan Administrator. Principal and interest are paid ratable through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, or annual installments. If the participant's vested account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. If the balance is greater than \$1,000 but less than \$5,000, payment will be made to an individual retirement account at a provider selected by the Plan administrator without the participant's consent, unless the participant requests a different disposition of his or her account balance within the applicable election period.

In-service withdrawals of vested account balances may be elected by participants who have reached 59-1/2 years of age. The Plan also permits withdrawals from participant deferral balances in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan agreement. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

HPJ INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note B – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note D for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's aggregate gains and losses on such investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant does not make loan repayments and the Plan administrator deems the note receivable to be in default, the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan agreement.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2018, the most recent statement of net assets available for benefits presented herein, through October 10, 2019, the date these financials were available to be issued. No significant events or transactions were identified.

HPJ INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note C – Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company ("Reliance"), as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statement of net assets available for benefits as of December 31, 2018, (2) the December 31, 2018 schedule of assets (held at end of year), and (3) the related investment activity reflected in the statement of changes in net assets available for benefits during 2018. Reliance has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the year ended December 31, 2018.

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

HPJ INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note D – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value (“NAV”) of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Common collective trust: The common collective trust is valued at the NAV of units of the collective trust. The NAV, as provided by the custodian of the trust, is used as a practical expedient to estimate fair value and, as a result, is not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan’s investments at fair value at December 31:

2018	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Other (1)</u>	<u>Total</u>

(1) Certain investments are measured at NAV per share (or its equivalent) on a non-active market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

The following is a description of the investment strategies for investments in certain entities that calculate net asset value per share (or its equivalent) at December 31, 2018 and 2017:

Common collective trust: These funds include investments that seek capital appreciation to provide a fixed income.

Note E – Related Party and Party-in-Interest Transactions

Fees paid by the Plan for custodial and record keeping services amounted to \$9,269 in 2018. Fees paid by the Plan for investment management services are included as a reduction of net appreciation or an addition to net depreciation in fair value of mutual funds and the common collective trust fund.

Note F – Tax Status

The Company's Board of Directors adopted the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan prototype plan document. The prototype plan document has received an opinion letter from the Internal Revenue Service ("IRS") dated July 8, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification.

HPJ INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note F – Tax Status (continued)

The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note H – Delinquent Participant Contributions

As required by ERISA, the Employer is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practical. During 2017 and 2018, the Employer failed to remit to the Plan's custodian certain employee contributions and loan repayments totaling \$27,457 within the period prescribed by the Department of Labor regulations. The contributions were remitted to the Plan's custodian in January 2018 when discovered by management.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note J – Reconciliation of Financial Statements to Schedule H of Form 5500

Contributions are accrued in the period in which they are withheld from participants and become obligations of the employer in the accompanying financial statements. Contributions are recorded in the period received by the Plan on Schedule H of Form 5500.
