Encompass Supply Chain Solutions, Inc. 401(k) Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN

The following description of the Encompass Supply Chain Solutions, Inc. 401(k) Plan (the Plan) provides only general information. Refer to Plan Document for a more complete description of the Plan provisions.

General

The Plan is a single employer defined contribution retirement Plan established effective January 1, 2009 for Encompass Supply Chain Solutions, Inc. (the Employer, the Plan Administrator and the Plan Sponsor). The Plan has adopted a volume submitter profit sharing plan sponsored by E-Plan Services, Inc. as its Plan Agreement. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held and managed by Matrix Trust Company, which invests contributions and Plan earnings, makes investment transactions as directed by the Plan Administrator. E-Plan Services, Inc. provides certain recordkeeping services and acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

An employee is eligible once 90 days of entry service has been completed and attained the age of 21. Each employee is eligible to make contributions to the Plan on the first day of the month on or after they have met the eligibility requirements. Each employee is eligible to receive matching contributions when they enter the Plan.

Contributions

Participants are allowed to contribute up to 100% of their annual compensation, subject to statutory dollar limitations of \$18,500 and \$18,000 for 2018 and 2017, respectively. In addition, participants who are age 50 or older and have made the maximum contribution to the Plan can make an additional "catch-up" contribution to an annual maximum of \$6,000 for 2018 and 2017.

The Employer matches a percentage of the participant's pre-tax contributions. The Plan provides for a safe harbor matching contribution of 100% of each participant's contribution not exceeding 3% of the participant's compensation, plus 50% of each participant's contribution in excess of 3% but not to exceed 5% of the participant's compensation.

The Employer may also make a discretionary profit sharing contribution to the Plan. There were no profit sharing contributions for the years ended December 31, 2018 and 2017.

Encompass Supply Chain Solutions, Inc. 401(k) Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, qualified matching contributions, rollover contributions, plus earnings thereon. Participants become 100% vested in the Employer's profit sharing contributions and earnings when the participants reach normal retirement age. Prior to normal retirement age, the participants become vested in profit sharing contributions and earnings based on a 5 year vesting schedule. Participants are 20% vested after one year of service and vesting increases 20% for each additional year of service until fully vested after five years of service.

Notes Receivable from Participants

A participant may borrow up to the lesser of \$50,000 or 50% of the vested portions of his/her account balance, repayable over a reasonable period of time not to exceed five years and bearing interest at 2% over the prime rate in effect at the beginning of the month in which the loan is approved. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

The participant's vested portion of his/her account balance will be available for distribution in the event of retirement, death, disability, or termination of employment subject to the Plan's provisions.

While employed, a participant may withdraw rollover contributions at any time. Also while employed, a participant who either reaches age 59½ or is considered totally disabled may withdraw all or part of his/her account balance.

Forfeitures

Any forfeited account balances are used to reduce employer contributions. For the year ended December 31, 2018, \$8,755 forfeitures were used to reduce employer contributions. No forfeitures were used to reduce employer contributions for the year ended December 31, 2017.

Encompass Supply Chain Solutions, Inc. 401(k) Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN (Continued)

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimate

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Encompass Supply Chain Solutions, Inc. 401(k) Plan Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the year ended December 31, 2018 and 2017, expenses of \$22,804 and \$28,511, respectively, were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The financial instruments, which potentially subject the Plan to concentrations of credit risk, are principally investments. The Plan's investments consist primarily of various mutual funds in pooled separate accounts and the credited interest option. To reduce concentrations of credit risk, the Plan Administrator has made numerous types of investment choices available to the participants, and the participants themselves make their own choices based upon their appropriate risk level. As a consequence, the Plan Administrator believes that its credit risk exposure is limited.

However, due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- a) Total investments included in the statements of net assets available for benefits at December 31, 2018 and 2017.
- b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2018 and 2017.
- c) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- d) Total notes receivable from participants' included in the statements of net assets available for benefits at December 31, 2018 and 2017.
- e) Interest income on notes receivable from participants' information included in the statement of changes in net assets available for benefits for the year ended December 31, 2018 and 2017.
- f) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2018.

Encompass Supply Chain Solutions, Inc. 401(k) Plan Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan applies ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash Equivalents: A money market mutual fund, valued at the NAV of \$1 which is a quoted price in an active market and represents fair value.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2018</i>				
Mutual funds	\$ 5,828,486	\$ -	\$ -	\$ 5,828,486
Cash equivalents	1,155,021	-	-	1,155,021
Total investments at fair value	\$ 6,983,507	\$ -	\$ -	\$ 6,983,507

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2017</i>				
Mutual funds	\$ 5,225,260	\$ -	\$ -	\$ 5,225,260
Cash equivalents	1,832,595	-	-	1,832,595
Total investments at fair value	\$ 7,057,855	\$ -	\$ -	\$ 7,057,855

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of Levels 1, 2 or 3.

NOTE 5: TAX STATUS

The E-Plan Services, Inc. volume submitter profit sharing Plan has received an advisory letter from the Internal Revenue Service stating that the form of the Plan is acceptable under §401 of the Internal Revenue Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. The date of the letter is March 31, 2014.

The Plan Administrator believes that the Plan, as adopted from the amended prototype plan, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan was qualified and the related trust was tax-exempt at December 31, 2018 and 2017.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
