NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of Fenwick & West LLP 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1992 by Fenwick & West LLP (the Partnership) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Partnership has appointed the Retirement Committee (the Committee) to manage the operation and administration of the Plan. The Partnership has contracted with Fidelity Management Trust Company (Fidelity) to act as the trustee and custodian, and an affiliate of Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Partnership, except for certain recordkeeping fees which are paid by the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts will be used to pay Plan administrative expenses or reduce future employer contributions.

Investment valuation and income recognition – The Plan's investments are stated at fair value. The Plan's trustee, Fidelity, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable), are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Income taxes – The Plan has adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service. The Plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes. The Adoption Agreement has been amended since the opinion letter was received.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through October 14, 2019, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value, and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds (valued as noted above) and common stock which is valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 313,188,531	$ -	$ -	$ 313,188,531
Self-directed brokerage accounts	40,399,927	-	-	40,399,927
Investments at fair value	$ 353,588,458	$ -	$ -	$ 353,588,458

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 297,583,968	$ -	$ -	$ 297,583,968
Self-directed brokerage accounts	39,339,074	-	-	39,339,074
Investments at fair value	$ 336,923,042	$ -	$ -	$ 336,923,042

NOTE 3 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Partnership contribute their eligible pre-tax, Roth, or other after-tax compensation to the Plan up to the amounts allowable under the Plan document and current income tax regulations. An employee who meets Plan eligibility requirements will be automatically enrolled in the Plan at a rate of 3% prior to April 3, 2018, and 4% effective April 3, 2018, of eligible compensation, with an automatic deferral increase of 1% each year, up to a maximum of 10%, unless the employee opts out on or before the 30th day following the employee entry date or selects a different deferral percentage. The automatic enrollment feature defaults into a predetermined fund unless another fund is elected by the participant. Participants who elect to have the Partnership contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans and individual retirement accounts. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Plan allows the Partnership to make nondiscretionary nonelective contributions to the Plan for eligible nonpartners annually and equal the sum of 10% of each participant's eligible compensation in effect at the end of the calendar year, up to the maximum compensation limit for the year plus an additional 5.7% of eligible compensation in excess of the Social Security wage base, up to the maximum compensation limit for the year. The partner contributions to the Plan are made annually equal to the participant's Code 415(c) dollar limit reduced by the Code 402(g) dollar limit in effect at the beginning of the year.

All eligible nonpartner participants must be employed by the Partnership on the last day of the Plan year, must work 1,000 hours, and have completed one year of service, as defined in the Plan, in order to be eligible to share in the nondiscretionary nonelective Partnership contributions for the year. The entry date of a nonpartner participant is the first day of January or July following one year of service and 1,000 hours of work.

All partner and chief participants must be employed by the Partnership on the last day of the Plan year, as defined in the Plan, in order to be eligible to share in the nondiscretionary nonelective Partnership contributions for the year. The entry date of partner and chief participants is the first day of January or July following hire date.

Vesting – Participants are immediately vested in their contributions. Participants were fully vested in the Partnership's contributions allocated to their account after three years of credited service in which they work 1,000 hours unless they were terminated prior to January 1, 2009, in which case the participants were fully vested after six years of credited service. Participants who become disabled, retire, or die are exempt from the last day or hour of service requirement in order to receive the nondiscretionary nonelective contributions for the year.

Participant accounts – Each participant's account is credited with the participant's contribution, allocation of the Partnership's contributions, and any investment earnings or losses. Allocation of the Partnership's contributions is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Participants who had balances transfer from the Money Purchase Pension Plan (MPP) are eligible to receive qualified joint and 100% survivor annuity and corresponding qualified preretirement 50% survivor annuity payments. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $1,000.

Notes receivable from participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Plan or Committee. Outstanding notes receivable at December 31, 2018, carry interest rates ranging from 3.25% to 7.00%.

NOTE 5 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.

- Net appreciation (depreciation) in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.

- Investments reflected on the schedule of assets (held at end of year).

NOTE 6 – PLAN TERMINATION OR MODIFICATION

The Partnership intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its managing partner and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of Fenwick & West LLP 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1992 by Fenwick & West LLP (the Partnership) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Partnership has appointed the Retirement Committee (the Committee) to manage the operation and administration of the Plan. The Partnership has contracted with Fidelity Management Trust Company (Fidelity) to act as the trustee and custodian, and an affiliate of Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Partnership, except for certain recordkeeping fees which are paid by the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts will be used to pay Plan administrative expenses or reduce future employer contributions.

Investment valuation and income recognition – The Plan's investments are stated at fair value. The Plan's trustee, Fidelity, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable), are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Income taxes – The Plan has adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service. The Plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes. The Adoption Agreement has been amended since the opinion letter was received.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through October 14, 2019, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value, and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds (valued as noted above) and common stock which is valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 313,188,531	$ -	$ -	$ 313,188,531
Self-directed brokerage accounts	40,399,927	-	-	40,399,927
Investments at fair value	$ 353,588,458	$ -	$ -	$ 353,588,458

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 297,583,968	$ -	$ -	$ 297,583,968
Self-directed brokerage accounts	39,339,074	-	-	39,339,074
Investments at fair value	$ 336,923,042	$ -	$ -	$ 336,923,042

NOTE 3 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Partnership contribute their eligible pre-tax, Roth, or other after-tax compensation to the Plan up to the amounts allowable under the Plan document and current income tax regulations. An employee who meets Plan eligibility requirements will be automatically enrolled in the Plan at a rate of 3% prior to April 3, 2018, and 4% effective April 3, 2018, of eligible compensation, with an automatic deferral increase of 1% each year, up to a maximum of 10%, unless the employee opts out on or before the 30th day following the employee entry date or selects a different deferral percentage. The automatic enrollment feature defaults into a predetermined fund unless another fund is elected by the participant. Participants who elect to have the Partnership contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans and individual retirement accounts. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Plan allows the Partnership to make nondiscretionary nonelective contributions to the Plan for eligible nonpartners annually and equal the sum of 10% of each participant's eligible compensation in effect at the end of the calendar year, up to the maximum compensation limit for the year plus an additional 5.7% of eligible compensation in excess of the Social Security wage base, up to the maximum compensation limit for the year. The partner contributions to the Plan are made annually equal to the participant's Code 415(c) dollar limit reduced by the Code 402(g) dollar limit in effect at the beginning of the year.

All eligible nonpartner participants must be employed by the Partnership on the last day of the Plan year, must work 1,000 hours, and have completed one year of service, as defined in the Plan, in order to be eligible to share in the nondiscretionary nonelective Partnership contributions for the year. The entry date of a nonpartner participant is the first day of January or July following one year of service and 1,000 hours of work.

All partner and chief participants must be employed by the Partnership on the last day of the Plan year, as defined in the Plan, in order to be eligible to share in the nondiscretionary nonelective Partnership contributions for the year. The entry date of partner and chief participants is the first day of January or July following hire date.

Vesting – Participants are immediately vested in their contributions. Participants were fully vested in the Partnership's contributions allocated to their account after three years of credited service in which they work 1,000 hours unless they were terminated prior to January 1, 2009, in which case the participants were fully vested after six years of credited service. Participants who become disabled, retire, or die are exempt from the last day or hour of service requirement in order to receive the nondiscretionary nonelective contributions for the year.

Participant accounts – Each participant's account is credited with the participant's contribution, allocation of the Partnership's contributions, and any investment earnings or losses. Allocation of the Partnership's contributions is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Participants who had balances transfer from the Money Purchase Pension Plan (MPP) are eligible to receive qualified joint and 100% survivor annuity and corresponding qualified preretirement 50% survivor annuity payments. The Plan allows for the automatic distribution of participant vested account balances that do not exceed $1,000.

Notes receivable from participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Plan or Committee. Outstanding notes receivable at December 31, 2018, carry interest rates ranging from 3.25% to 7.00%.

NOTE 5 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.

- Net appreciation (depreciation) in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.

- Investments reflected on the schedule of assets (held at end of year).

NOTE 6 – PLAN TERMINATION OR MODIFICATION

The Partnership intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its managing partner and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
