Hickok Incorporated Employee Savings and Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Hickok Incorporated Employee Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering substantially all employees of Crawford United Corporation (formerly known as Hickok Incorporated) and its subsidiaries (the Company). Employees become eligible to participate in the Plan after completing one consecutive month of service (as defined) with the Company and attainment of 21 years of age. Participants can enroll in the Plan on the first day of the month, on or after the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute between 2% and 100% of compensation, as defined in the Plan, or the legal limitation for the applicable year. Contributions can be made on a pre-tax or Roth basis. Participants who have attained age 50 before the close of the Plan year may also make catch-up contributions to the Plan, up to limits prescribed. Participants may also contribute amounts representing distributions from other certain qualified plans. The Company makes a matching contribution on behalf of each participant equal to 50% of the participants' contributions up to 6% of compensation that a participant contributes to the Plan. Additional profit-sharing contributions may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

There were no discretionary profit-sharing contributions made during 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Plan's earnings and administrative fees, as defined by the Plan document. Allocations of earnings are based on participant account balances. Profit-sharing amounts contributed to the Plan by the Company are allocated to participant accounts based on compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions are invested at the election of the participants in funds maintained by the Plan's trustee. Participants may elect to have contributions allocated between funds.

Vesting

Participants are 100% vested in their own contributions plus earnings thereon. Participants vest in employer matching and profit-sharing contributions ratably over a two-year period with 50% being vested upon one year of eligible service and 100% being vested after two years of eligible service. A participant must work at least 1,000 hours during the Plan year to earn a year of vesting service.

Hickok Incorporated Employee Savings and Retirement Plan

Notes to Financial Statements

Payment of Benefits

Upon normal retirement age (65), termination of employment, death or disability, participants or their beneficiaries may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or partial payment. Withdrawals may also be made upon attainment of age 59 ½ and circumstance of financial hardship as defined in the Plan. The Plan complies with applicable sections of the Internal Revenue Code (IRC) regarding mandatory cash-out distributions. Account balances of \$1,000 or less for terminated participants are automatically distributed to the participant in the form of a lump sum payment.

Forfeiture Accounts

If, upon termination of employment, a participant is not 100% vested in his or her account balance, the non-vested portion will become a “forfeiture” upon the date that the participant receives a distribution of their vested account balance. Forfeitures of terminated participants’ non-vested accounts are applied to reduce future Company contributions. At December 31, 2018 and 2017, the balance of unused forfeitures was approximately \$1,001 and \$0, respectively. For the year ended December 31, 2018, forfeitures used to reduce Company contributions were approximately \$541.

Notes Receivable from Participants

Participants may borrow from their fund accounts in any amount greater than \$1,000 up to the lesser of one half of the participant’s vested account balance or \$50,000. The notes are secured by the vested balance in the participant’s account and bear interest computed using the prime rate plus 1%. Interest rates ranged from 4.25% and 6.25% as of December 31, 2018. Principal and interest are paid ratably through payroll deductions over a period of five years or less, unless the note is used to purchase a participant’s principal residence.

Administrative Expenses

Certain administrative expenses are paid by the Company. Administrative expenses not paid directly by the Company may be paid from the Plan in accordance with Plan provisions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s valuation methodology used to measure the fair value of common / collective trusts as of December 31, 2018 and 2017 is derived from the net asset value (NAV) of units held by the Plan at December 31, 2018 and 2017. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. See Note 3 for discussion of fair value measurements.

Hickok Incorporated Employee Savings and Retirement Plan

Notes to Financial Statements

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Distributions

Benefit distributions are recorded when paid to participants.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2019, which is the date the financial statements were available to be issued. Effective October 1, 2019, the name of the Plan was changed from the Hickok Incorporated Employee Savings and Retirement Plan to the Crawford United 401(k) Plan. The CAD Enterprises, Inc. 401(k) Plan, which currently covers substantially all employees of CAD Enterprises, Inc., a subsidiary of Crawford United Corporation, will merge with the Plan effective January 1, 2020.

3. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Hickok Incorporated Employee Savings and Retirement Plan

Notes to Financial Statements

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common / collective trusts: The Plan's investments in common / collective trusts held by the Plan are valued using NAV as a practical expedient, as reported by the trustee, based on the underlying investments. The common / collective trusts held by the Plan provide for daily redemptions by the Plan at the report NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Hickok Incorporated Employee Savings and Retirement Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>December 31, 2018</i>	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,187,866	\$ -	\$ -	\$ 2,187,866
Investments measured at NAV (a)				144,488
Balance, December 31, 2018	\$ 2,187,866	\$ -	\$ -	\$ 2,332,354

<i>December 31, 2017</i>	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,802,873	\$ -	\$ -	\$ 3,802,873
Investments measured at NAV (a)				276,391
Balance, December 31, 2017	\$ 3,802,873	\$ -	\$ -	\$ 4,079,264

(a) Certain investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held as of December 31, 2018 and 2017, net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2018, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

Hickok Incorporated Employee Savings and Retirement Plan

Notes to Financial Statements

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Internal Revenue Service (IRS) ruled on January 1, 2018 that the Non-Standardized Prototype for Profit-Sharing Plan with CODA (the prototype plan of Ascensus LLC upon which the Plan is based) qualifies under section 401(a) of the IRC and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Partial Plan Termination

As a result of a divestiture by the Plan Sponsor in 2018, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting in the employer's matching contributions is required for the affected participants, but the remaining participants' vesting continues to be determined per the Plan provisions.

All affected employees who were participants in the Plan were fully vested in their account balances at the date of the partial plan termination.

8. Party-in-Interest Transactions

Transactions that qualify as party-in-interest transactions consist of notes receivable from participants and administrative fees paid to the trustee of the Plan. Fees paid by the Plan for these services for the year ended December 31, 2018 were \$26,202.
