NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Kewaunee Fabrications, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Kewaunee Fabrications, LLC (the "Company"), a wholly-owned subsidiary of Oshkosh Corporation under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan's Investment Committee has overall responsibility for the operations and administration of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Fidelity Management Trust Company ("FMTC") has been appointed trustee of the Plan.

Eligibility

The Plan covers all union employees of the Company. Employees become eligible to participate upon the first day of employment with the Company.

Contributions

Eligible employees can elect to defer from 2% to 100% of their compensation as defined in the plan document, up to the maximum limits of the IRC. Catch-up contributions are also allowed for participants age 50 and over. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company's matching contribution is $0.25 for each $1.00 of pretax participant contributions, limited to the first 6% of deferred participant compensation. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Individual accounts are maintained for each participant and reflect each participant's own contributions, employer matching contributions, each participant's share of the Plan's income or loss, and any related administrative expenses. Earnings and losses of the Plan are allocated daily to participant account balances in the proportion that each participant account balance bears to the sum of all participant account balances in that particular fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately100% vested with respect to their own contributions and the employer's matching contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (cont.)

Participant Loans

Participants are permitted to borrow from their accounts. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed the lesser of 50% of the participant's vested account balance or $50,000, with a minimum loan amount of $1,000. Loans are repayable through payroll deductions over periods ranging up to 60 months (or 180 months if the amount borrowed is used for the purchase of a primary residence). The interest rate is determined by the plan administrator based on prevailing market conditions and is fixed over the term of the loan. Interest rates ranged from 3.25% to 5.25% at December 31, 2018, and from 3.25% to 4.25% at December 31, 2017.

Payment of Benefits

Upon termination, participants or their beneficiaries may elect to receive their benefits in a lump-sum amount or in a series of installment payments and/or partial distributions equal to the value of the participants' vested interest in their account. If a participant's account balance does not exceed $5,000 at the date of distribution, the entire account balance shall be payable as a single lump sum upon retirement, death, or termination. For participants whose account balance exceeds $5,000 upon termination of service, the participant may defer payment until April 1 of the calendar year following the year in which the participant attains age 70½.

Aside from normal retirement distributions, in-service withdrawals of pretax contributions may be withdrawn only upon attainment of age 59½.

Termination of Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth under ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Accounting Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Risks and Uncertainties

The Plan provides for investments in mutual funds and common collective funds. Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could be material to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of the fair value measurements.

Net appreciation or depreciation of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period (or the cost of the investment if purchased during the year).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Managed Income Portfolio II Fund is a stable value common collective fund which holds fully benefit-responsive guaranteed investment contracts and is valued at the fair value of the underlying investments. The fund is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. Units are issued and redeemed daily at the fund's constant net asset value ("NAV") of $1 per unit. Distribution to the fund's unit holders is declared daily from the net investment income and automatically reinvested in the fund on a monthly basis, when paid. It is the policy of this fund to use its best efforts to maintain a stable NAV of $1 per unit; although there is no guarantee that the fund will be able to maintain this value.

The Growth Company Commingled Pool and the Low-Priced Stock Commingled Pool are both common collective funds which invest in a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. The funds are valued at the fair value of the underlying investments. The beneficial interest in the net assets of these funds is represented by units. The NAV per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unit holder's instructions in good order, based on the next determined NAV per unit.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. Interest income is recorded on the accrual basis. The notes are secured by the participants' account balances. A credit loss may occur due to a depreciation in the value of a participant's account balance. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Other Income

Other income consists of amounts received from the Plan trustee under a revenue sharing arrangement established under the trust agreement with the Company. The Plan trustee revenue is generated via investment fees charged to the Plan participants. The revenue allowance is used to pay the annual recordkeeping fee, and any excess amount is used to pay for activities that benefit Plan participants. Other income that is not used by the Plan for eligible activities can be allocated to participants' accounts. The Plan recorded other income of $9,708 and $7,040 during the years ended December 31, 2018 and 2017, respectively. Other income is recorded on an accrual basis.

Administrative Expenses

The annual recordkeeping fee, billed and payable quarterly effective April 1, 2017, is paid via a revenue allowance attributable to investment products. Any unpaid recordkeeping fee remaining after the application of the revenue allowance is paid by the Company. The majority of the other administrative expenses of the Plan are paid by the Plan through a revenue allowance if eligible. Any remaining expenses are paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement*, Conceptual Framework for Financial Reporting - Chapter 8: Notes to the Financial Statements*, which the FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. The Plan has not yet determined the impact ASU No. 2018-13 will have on the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value while Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets

Level 3 — Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability

NOTE 3 – FAIR VALUE MEASUREMENTS (cont.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2018 and 2017.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective funds: valued at the NAV units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund, less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV. Participant transactions (i.e., purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan's Investment Committee is responsible for the determination of fair value. Accordingly, they perform periodic analyses on prices received from pricing services to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, they have not historically adjusted the prices obtained from pricing services.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2018, the fair values of the Plan's investments were as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,412,925	$ -	$ -	$ 9,412,925
Investments measured at NAV [(a)]				2,143,935
Investments at Fair Value				$ 11,556,860

As of December 31, 2017, the fair values of the Plan's investments were as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,544,997	$ -	$ -	$ 10,544,997
Investments measured at NAV [(a)]				2,498,474
Investments at Fair Value				$ 13,043,471

NOTE 3 – FAIR VALUE MEASURMENTS (cont.)

[(a)] In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

There were no transfers of assets between Level 1 and Level 2 during the years ended December 31, 2018 and 2017.

The following tables set forth additional disclosures for the fair value measurement of the Plan's investments that calculate fair value based on NAV per share practical expedient as of December 31:

	2018			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective funds	$ 2,143,935	$ -	N/A	Daily*

	2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective funds	$ 2,498,474	$ -	N/A	Daily*

* Participant-initiated transactions may be made on any business day; however, withdrawals directed by the plan sponsor must be in issued writing, twelve months in advance.

NOTE 4 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan’s investments are administered under a contract with the trustee of the Plan. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA. Additionally, the Plan issues loans to participants, which are secured by each participant’s account balance.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 5 – TAX STATUS

The IRS has determined and informed the Company in a letter dated July 6, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended December 31, 2018 and 2017. Accordingly, FMTC has certified the completeness and accuracy of all investments and notes receivable from participants as reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 and the supplemental Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2018 and 2017.

NOTE 7 – CONCENTRATIONS

As of December 31, 2018, the Plan had an investment of $1,443,305 concentrated in one mutual fund. As of December 31, 2017, the Plan had investments with fair value of $2,975,333 concentrated in two mutual funds.

NOTE 8 – SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through October 14, 2019, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
