Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Santa Catalina Island Savings Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the trustee of the Plan, and Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodian and trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2018, and schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the Santa Catalina Island Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

General

Catalina Island Company, formerly known as Santa Catalina Island Resort Services, (the "Company" or "Sponsor") established the Plan, a defined contribution plan, effective January 1, 1985, to provide savings benefits for all eligible employees. The Plan has since been amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In February 2017, the Company changed the name of Santa Catalina Island Resort Services ("SCIRS") to Catalina Island Company.

Plan Administration

The Plan is administered by the Company. The Plan administrator has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan, to authorize disbursements for the payment of the Plan's benefits, to determine the appropriateness of the Plan's investment offerings, and to monitor investment performance. The Plan's trustee is Reliance Trust Company ("Trustee"), and the Plan's custodian is Massachusetts Mutual Life Insurance Company (the "Custodian").

Eligibility

Employees who are at least 21 years old and have completed at least 1,000 hours of service, defined as employment with the Company in a 12-month period, are eligible to participate in the Plan following the completion of the eligibility requirement. Employees covered by a collective bargaining agreement are eligible to participate in the Plan. An eligible employee who has satisfied the eligibility requirements can enter the Plan the first day of the month coinciding with or next following the date on which such requirements are satisfied.

The Plan offers an auto enrollment feature to all participants. Employees who do not affirmatively opt out or otherwise elect a specified deferral rate, are auto enrolled in the Plan and will have 3% of their compensation deferred upon meeting the eligibility requirements of and entry into the Plan. The Plan allows for permissible distributions to automatically enrolled participants within 90 days from the first payroll deduction.

Contributions

Eligible participants can contribute up to 50 percent of their eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations. In addition, participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the IRC maximum. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans. For the year ended December 31, 2018, participants who have made contributions to the Plan are eligible to receive matching contributions from the Company equal to 100 percent of each participant's contribution, not to exceed six percent of each participant's total compensation.

Participant Accounts

Each participant's account is credited with participant's contributions, the Company's matching contributions, allocations of Plan net earnings, and charged with certain administrative expenses (investment transaction fees) as defined in the Plan document. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in the amount of their contributions and employer matching safe harbor contributions and earnings thereon.

Break in Service

A break in service occurs if an employee has five hundred hours or less of service during any year of service.

Investment Options

Upon enrollment in the Plan, a participant may direct Company and his or her contributions in one percent increments in any of the investment options offered by the plan. Participants should refer to their enrollment package for a complete summary of the investment options. Participants may change their investment allocations in the Plan's investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance during the previous 12 months. Loans, for purposes other than to acquire a principal residence, are not to exceed a term of five years. Loans to acquire a principal residence are not to exceed a term of 20 years. Notes receivable from participants are secured by the balance in the participant's account. The loans bear interest at the prime rate, as published in the Wall Street Journal, plus 2% on the date of origination. Principal and interest are paid ratably through biweekly payroll deductions. Participants are limited to only one loan outstanding at any one time. At December 31, 2018, outstanding loans bear interest between 5.25% and 6.50% and mature on various dates through 2022.

Termination of the Plan

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions or amend the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Payment of Benefits

Upon termination of employment, attainment of early retirement age at 55 years (with the consent of the Company), normal retirement at age 65 years, financial hardship, permanent disability, or death, 100% of the vested interest of the participant's account is distributable to the participant or

the participant's beneficiary in a lump sum payment or, at the election of the participant, in annual installments over a specified period of time.

Upon termination of service, participants with account balances not in excess of $1,000 will receive an automatic lump-sum payout. For participants with account balances in excess of $1,000, but not in excess of $5,000, participants may elect to (1) receive a lump-sum payout, or (2) rollover the account to another qualified plan or an Individual Retirement Account ("IRA"). If the participant does not make an election, the amount will be rolled over into an IRA selected by the Plan Sponsor on behalf of the participant. For participants with account balances in excess of $5,000, no distribution will occur until a withdrawal request form is completed. A participant may elect to leave his or her account balance in the Plan, receive either a lump-sum amount equal to the value of the vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

Administrative Expenses

Certain administrative expenses (investment transaction and processing fees) are paid from the assets of the Plan. However, the Company has paid certain administrative costs of the Plan for the year ended December 31, 2018. The Company is not obligated to pay Plan expenses and expenses that are paid by the Company are excluded from these financial statements. There is no guarantee the Company will continue to pay the Plan's administrative expenses and thus such costs would be payable from the assets of the Plan, as provided for in the Plan document.

The Plan has an annual asset charge at an effective annual rate of 0.15% which is applied to all assets of the Plan, except for assets invested in a self-directed brokerage account, a Company stock account or a third-party component of a blended stable value investment option, if any. These charges are to be paid by the participant and are determined and deducted on a monthly basis. Administrative expenses paid by the Plan totaled $6,982 for the year ended December 31, 2018.

Related Party Transactions and Party-in-Interest Transactions

Pursuant to the terms of the Plan, the Sponsor entered into a service agreement with the Trustee and Custodian. Among other duties, the Custodian is to receive contributions and disburse funds from the Plan as directed by the Plan administrator. Certain of the Plan's investments as of December 31, 2018 and 2017 and for the year ended December 31, 2018, were managed by the Custodian. There were also certain transaction fees paid by the Plan participants to the Custodian for the year ended December 31, 2018. Therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Administrative expenses paid by the Plan to the Trustee and Custodian are also party-in interest transactions. Additionally, notes receivable from participants qualify as exempt party-in-interest transactions.

Forfeitures

As of December 31, 2018 and 2017, forfeitures included in Plan assets were $48,028 and $45,575, respectively. These amounts are to be used first to reduce future Company payments for Plan expenses and second, to reduce employer matching contributions and are held in a holding account of the Guaranteed Fund. During the Plan year ended December 31, 2018, no forfeitures were used to pay Plan expenses or offset employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investments in various instruments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Plan invests in various instruments that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If notes receivable from participants are deemed to be uncollectible, they are

written off and included as benefits paid to participants in the financial statements and deemed distributions in the Form 5500 for financial reporting purposes in the year the determination is made. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the recovery is made. During the year ended December 31, 2018, $1,287 of defaulted notes receivable from participants were recorded as deemed distributions and included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Plan benefits.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, Codification Improvements, ("ASU 2018-09"), which includes amendments to Subtopic 962-325, Plan Accounting Defined Contribution Pension Plans Investments Other. The amendment removes the stable value common collective trust fund from the illustrative example to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with ASC 820. The amendment to Subtopic 962-325 is effective for fiscal years beginning after December 15, 2018 using a modified retrospective approach. The Plan is currently in the process of determining the impact of adoption of the amendment.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The ASU removes, modifies, and adds certain disclosure requirements in Accounting Standards Codification ("ASC") Topic 820. For the Plan, this ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Plan management is currently evaluating the impact of the adoption of the ASU on the financial statements.

Subsequent Events

Management has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued and has determined that there were no material events requiring recognition or disclosure.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018 and 2017. Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - Pooled separate accounts invest mainly in mutual funds, domestic equity securities, and fixed maturity securities. Units held in pooled separate accounts are stated at fair value using the net asset value per share (or its equivalent) as a practical expedient as reported by the investment manager, based on pricing inputs, including quoted market prices for similar assets in active or non-active markets. While the underlying asset values are based on quoted prices, the net asset values of the pooled separate accounts are not publicly quoted. As of December 31, 2018, the Plan had no unfunded commitments related to the pooled separate accounts. The pooled separate accounts have a daily redemption frequency and a daily redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,007,309	$ -	$ -	$ 4,007,309
Pooled separate accounts [1]	-	-	-	7,891,558
Total investments at fair value	$ 4,007,309	$ -	$ -	$ 11,898,867

(1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Plan Benefits.

Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient, which made up all of the Company's investments at fair value of $11,607,517 as of December 31, 2017 have not been classified in the fair value hierarchy. There were no investments that required inclusion within the fair value hierarchy as of December 31, 2017.

4. Guaranteed Investment Contract

Contributions made to the Guaranteed Fund are invested in the Custodian's general investment account. The principal is guaranteed as long as the contract is in force and it provides for a fixed rate of return. The Guaranteed Fund is valued at contract value which represents participant contributions, plus credited interest, less participant distributions for Plan benefits and fees. Participant directed transfers from the Guaranteed Fund are made at contract value. The contract is fully benefit responsive and is presented on the Statements of Net Assets Available for Plan Benefits at contract value. The contract matured December 31, 2018 and is renewed on an annual basis. Plan management is not aware of any event that has occurred which would affect the value of the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan's Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. As of December 31, 2018 and 2017, the Guaranteed Fund was valued at $4,883,855 and $5,497,533, respectively.

The contract is cancelable by the Plan upon written notice to the Custodian.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield earned by the Plan and average interest rate credited to participants was 2.96% for 2018 and 2017. Such interest rate is reviewed on a semi-annual basis for resetting.

5. Information on Certified by Trustee and Custodian

The plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's Trustee and Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017;
- Net investment income (loss) and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2018:
- Investment values disclosed in Notes 3 and 4;

- Investments and notes receivable from participants, as reflected in Form 5500 - Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Tax Status

The Plan is based on the Prototype Standardized Profit Sharing Plan meeting the cash or deferred arrangements ("CODA") provisions of the IRC, which received an opinion letter dated March 31, 2014 stating that the Plan was designed in accordance with the applicable regulations of the IRC. At that time, the Plan was deemed to be designed to satisfy the qualification requirements of the IRC. The Plan has been amended since that date, however, the Company believes that the Plan is currently designed and being operated in compliance with the qualification requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Santa Catalina Island Savings Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the trustee of the Plan, and Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodian and trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2018, and schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the Santa Catalina Island Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

General

Catalina Island Company, formerly known as Santa Catalina Island Resort Services, (the "Company" or "Sponsor") established the Plan, a defined contribution plan, effective January 1, 1985, to provide savings benefits for all eligible employees. The Plan has since been amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In February 2017, the Company changed the name of Santa Catalina Island Resort Services ("SCIRS") to Catalina Island Company.

Plan Administration

The Plan is administered by the Company. The Plan administrator has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan, to authorize disbursements for the payment of the Plan's benefits, to determine the appropriateness of the Plan's investment offerings, and to monitor investment performance. The Plan's trustee is Reliance Trust Company ("Trustee"), and the Plan's custodian is Massachusetts Mutual Life Insurance Company (the "Custodian").

Eligibility

Employees who are at least 21 years old and have completed at least 1,000 hours of service, defined as employment with the Company in a 12-month period, are eligible to participate in the Plan following the completion of the eligibility requirement. Employees covered by a collective bargaining agreement are eligible to participate in the Plan. An eligible employee who has satisfied the eligibility requirements can enter the Plan the first day of the month coinciding with or next following the date on which such requirements are satisfied.

The Plan offers an auto enrollment feature to all participants. Employees who do not affirmatively opt out or otherwise elect a specified deferral rate, are auto enrolled in the Plan and will have 3% of their compensation deferred upon meeting the eligibility requirements of and entry into the Plan. The Plan allows for permissible distributions to automatically enrolled participants within 90 days from the first payroll deduction.

Contributions

Eligible participants can contribute up to 50 percent of their eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations. In addition, participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the IRC maximum. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans. For the year ended December 31, 2018, participants who have made contributions to the Plan are eligible to receive matching contributions from the Company equal to 100 percent of each participant's contribution, not to exceed six percent of each participant's total compensation.

Participant Accounts

Each participant's account is credited with participant's contributions, the Company's matching contributions, allocations of Plan net earnings, and charged with certain administrative expenses (investment transaction fees) as defined in the Plan document. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in the amount of their contributions and employer matching safe harbor contributions and earnings thereon.

Break in Service

A break in service occurs if an employee has five hundred hours or less of service during any year of service.

Investment Options

Upon enrollment in the Plan, a participant may direct Company and his or her contributions in one percent increments in any of the investment options offered by the plan. Participants should refer to their enrollment package for a complete summary of the investment options. Participants may change their investment allocations in the Plan's investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance during the previous 12 months. Loans, for purposes other than to acquire a principal residence, are not to exceed a term of five years. Loans to acquire a principal residence are not to exceed a term of 20 years. Notes receivable from participants are secured by the balance in the participant's account. The loans bear interest at the prime rate, as published in the Wall Street Journal, plus 2% on the date of origination. Principal and interest are paid ratably through biweekly payroll deductions. Participants are limited to only one loan outstanding at any one time. At December 31, 2018, outstanding loans bear interest between 5.25% and 6.50% and mature on various dates through 2022.

Termination of the Plan

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions or amend the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Payment of Benefits

Upon termination of employment, attainment of early retirement age at 55 years (with the consent of the Company), normal retirement at age 65 years, financial hardship, permanent disability, or death, 100% of the vested interest of the participant's account is distributable to the participant or

the participant's beneficiary in a lump sum payment or, at the election of the participant, in annual installments over a specified period of time.

Upon termination of service, participants with account balances not in excess of $1,000 will receive an automatic lump-sum payout. For participants with account balances in excess of $1,000, but not in excess of $5,000, participants may elect to (1) receive a lump-sum payout, or (2) rollover the account to another qualified plan or an Individual Retirement Account ("IRA"). If the participant does not make an election, the amount will be rolled over into an IRA selected by the Plan Sponsor on behalf of the participant. For participants with account balances in excess of $5,000, no distribution will occur until a withdrawal request form is completed. A participant may elect to leave his or her account balance in the Plan, receive either a lump-sum amount equal to the value of the vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

Administrative Expenses

Certain administrative expenses (investment transaction and processing fees) are paid from the assets of the Plan. However, the Company has paid certain administrative costs of the Plan for the year ended December 31, 2018. The Company is not obligated to pay Plan expenses and expenses that are paid by the Company are excluded from these financial statements. There is no guarantee the Company will continue to pay the Plan's administrative expenses and thus such costs would be payable from the assets of the Plan, as provided for in the Plan document.

The Plan has an annual asset charge at an effective annual rate of 0.15% which is applied to all assets of the Plan, except for assets invested in a self-directed brokerage account, a Company stock account or a third-party component of a blended stable value investment option, if any. These charges are to be paid by the participant and are determined and deducted on a monthly basis. Administrative expenses paid by the Plan totaled $6,982 for the year ended December 31, 2018.

Related Party Transactions and Party-in-Interest Transactions

Pursuant to the terms of the Plan, the Sponsor entered into a service agreement with the Trustee and Custodian. Among other duties, the Custodian is to receive contributions and disburse funds from the Plan as directed by the Plan administrator. Certain of the Plan's investments as of December 31, 2018 and 2017 and for the year ended December 31, 2018, were managed by the Custodian. There were also certain transaction fees paid by the Plan participants to the Custodian for the year ended December 31, 2018. Therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Administrative expenses paid by the Plan to the Trustee and Custodian are also party-in interest transactions. Additionally, notes receivable from participants qualify as exempt party-in-interest transactions.

Forfeitures

As of December 31, 2018 and 2017, forfeitures included in Plan assets were $48,028 and $45,575, respectively. These amounts are to be used first to reduce future Company payments for Plan expenses and second, to reduce employer matching contributions and are held in a holding account of the Guaranteed Fund. During the Plan year ended December 31, 2018, no forfeitures were used to pay Plan expenses or offset employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investments in various instruments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Plan invests in various instruments that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If notes receivable from participants are deemed to be uncollectible, they are

written off and included as benefits paid to participants in the financial statements and deemed distributions in the Form 5500 for financial reporting purposes in the year the determination is made. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the recovery is made. During the year ended December 31, 2018, $1,287 of defaulted notes receivable from participants were recorded as deemed distributions and included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Plan benefits.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, Codification Improvements, ("ASU 2018-09"), which includes amendments to Subtopic 962-325, Plan Accounting Defined Contribution Pension Plans Investments Other. The amendment removes the stable value common collective trust fund from the illustrative example to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with ASC 820. The amendment to Subtopic 962-325 is effective for fiscal years beginning after December 15, 2018 using a modified retrospective approach. The Plan is currently in the process of determining the impact of adoption of the amendment.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The ASU removes, modifies, and adds certain disclosure requirements in Accounting Standards Codification ("ASC") Topic 820. For the Plan, this ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Plan management is currently evaluating the impact of the adoption of the ASU on the financial statements.

Subsequent Events

Management has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued and has determined that there were no material events requiring recognition or disclosure.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018 and 2017. Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - Pooled separate accounts invest mainly in mutual funds, domestic equity securities, and fixed maturity securities. Units held in pooled separate accounts are stated at fair value using the net asset value per share (or its equivalent) as a practical expedient as reported by the investment manager, based on pricing inputs, including quoted market prices for similar assets in active or non-active markets. While the underlying asset values are based on quoted prices, the net asset values of the pooled separate accounts are not publicly quoted. As of December 31, 2018, the Plan had no unfunded commitments related to the pooled separate accounts. The pooled separate accounts have a daily redemption frequency and a daily redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,007,309	$ -	$ -	$ 4,007,309
Pooled separate accounts [1]	-	-	-	7,891,558
Total investments at fair value	$ 4,007,309	$ -	$ -	$ 11,898,867

(1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Plan Benefits.

Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient, which made up all of the Company's investments at fair value of $11,607,517 as of December 31, 2017 have not been classified in the fair value hierarchy. There were no investments that required inclusion within the fair value hierarchy as of December 31, 2017.

4. Guaranteed Investment Contract

Contributions made to the Guaranteed Fund are invested in the Custodian's general investment account. The principal is guaranteed as long as the contract is in force and it provides for a fixed rate of return. The Guaranteed Fund is valued at contract value which represents participant contributions, plus credited interest, less participant distributions for Plan benefits and fees. Participant directed transfers from the Guaranteed Fund are made at contract value. The contract is fully benefit responsive and is presented on the Statements of Net Assets Available for Plan Benefits at contract value. The contract matured December 31, 2018 and is renewed on an annual basis. Plan management is not aware of any event that has occurred which would affect the value of the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan's Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. As of December 31, 2018 and 2017, the Guaranteed Fund was valued at $4,883,855 and $5,497,533, respectively.

The contract is cancelable by the Plan upon written notice to the Custodian.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield earned by the Plan and average interest rate credited to participants was 2.96% for 2018 and 2017. Such interest rate is reviewed on a semi-annual basis for resetting.

5. Information on Certified by Trustee and Custodian

The plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's Trustee and Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017;
- Net investment income (loss) and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2018:
- Investment values disclosed in Notes 3 and 4;

- Investments and notes receivable from participants, as reflected in Form 5500 - Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Tax Status

The Plan is based on the Prototype Standardized Profit Sharing Plan meeting the cash or deferred arrangements ("CODA") provisions of the IRC, which received an opinion letter dated March 31, 2014 stating that the Plan was designed in accordance with the applicable regulations of the IRC. At that time, the Plan was deemed to be designed to satisfy the qualification requirements of the IRC. The Plan has been amended since that date, however, the Company believes that the Plan is currently designed and being operated in compliance with the qualification requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
