**BROWN & ROOT HOURLY EMPLOYEES’
401(k) PLAN
Notes to Financial Statements**

(1) Description of the Plan

(a) General

The Brown & Root Hourly Employees’ 401(k) Plan (the Plan) is a defined contribution plan for certain qualified employees of certain subsidiaries of Kellogg Brown & Root, LLC (the Company), the plan sponsor. The Plan was established in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan’s provisions.

(b) Administration

The KBR Benefits Committee (Benefits Committee) maintains all control, management, and administration of the Plan. The KBR Investment Committee maintains all powers and duties related to the Plan’s investment fund or funds.

Fidelity Personal Trust Company, FSB serves as the Plan’s trustee, asset custodian of the investment funds, and record keeper. Employee Incentive Plans, Inc. serves as the Plan’s third-party administrator and administrator of the loan fund.

(c) Eligibility and Vesting

Any employee of the Company performing services for the Company under a public contract subject to the Davis-Bacon Act of 1931 or any federal, state, or municipal prevailing wage law is eligible to participate in the Plan upon date of hire.

Each participant becomes fully vested in his/her account immediately upon entry into the Plan.

(d) Rollovers

Participants’ distributions from another qualified plan may be transferred into the Plan, as described under the Plan’s provisions.

(e) Contributions

Participants may elect to contribute to the Plan, via payroll deferrals, a percentage ranging from 1% to 100% of their compensation, as defined by the Plan document and subject to Internal Revenue Service (IRS) limitations.

All eligible employees who have attained age 50 before the end of the year shall be eligible to make a catch-up contribution in the amount of \$6,000 for 2018. Participants may change their contribution rates each pay period and investment options at any time.

BROWN & ROOT HOURLY EMPLOYEES'
401(k) PLAN
Notes to Financial Statements

The Company contributes to the Plan an amount on behalf of the participant equal to the hourly contribution rate designated for the participant's employment classification and work project multiplied by the number of hours worked by the participant on such project. For the year ended December 31, 2018, the Company did not make any contributions, as there was no active contract during 2018.

(f) Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 to a maximum of the lesser of \$50,000 reduced by the highest outstanding note balance in the preceding twelve-month period or 50% of their vested account balance. Note terms range from one to five years unless the note relates to the purchase of a principal residence. The notes are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates.

(g) Payment of Benefits

A participant who terminates his/her employment with the Company is entitled to a benefit equal in value to the vested balance in such participant's account. Such benefits are to be paid in one lump-sum distribution of the participant's entire account balance. A participant is considered to have terminated employment on the earlier of (a) the attainment of age 65 or (b) the date of death. If the vested value of a participant's account balance is \$1,000 or less at the date of termination, the participant will receive his/her entire account balance in one lump-sum amount when administratively feasible.

Effective November 18, 2018, the Plan was amended to state that if at termination, the participant's vested account balance is not in excess of \$5,000, the participant will receive his/her entire balance in a lump-sum amount when administratively feasible.

Participants may make in-service withdrawals in accordance with the Plan document. A participant who receives a withdrawal on account of proven financial hardship shall be prohibited from making elective deferrals for six months after receipt of the distribution.

(h) Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on a participant's eligible compensation, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan’s financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Administrative Expenses

At the option of the Company, expenses related to the administration of the Plan may be paid from Plan assets. The Company paid all administrative expenses during 2018, with the exception of attorney and investment advisory fees and fees for withdrawal of amounts under the Plan, which were paid from each participant’s account electing withdrawals. The Plan is not required to reimburse the Company for any expenses paid on its behalf by the Company.

(c) Valuation of Investments and Investment Income

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Realized gains (losses) on the sale of investments during the year and unrealized appreciation (depreciation) of investments held at the end of the year are reflected as net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan’s management to use estimates and assumptions that affect the reported amounts of assets and liabilities, and the changes therein, and disclosures of contingent assets and liabilities at the date of the Plan’s financial statements. Actual results could differ from those estimates.

(e) Payment of Benefits

Benefit payments are recorded when distributed.

(f) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. At December 31, 2018 and 2017, no allowance was considered necessary by management.

**BROWN & ROOT HOURLY EMPLOYEES’
401(k) PLAN
Notes to Financial Statements**

(3) Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (ASC 820), *Fair Value Measurement*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the fair value of the Plan’s investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the type of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretation, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used for valuing securities at December 31, 2018 or 2017.

**BROWN & ROOT HOURLY EMPLOYEES’
401(k) PLAN
Notes to Financial Statements**

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2018 and 2017:

<u>Description</u>	<u>December 31, 2018:</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total investment at fair value	<u>\$1,275,011</u>			<u>\$1,275,011</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual Funds	<u>\$1,508,440</u>			<u>\$1,508,440</u>
Total investment at fair value	<u>\$1,508,440</u>			<u>\$1,508,440</u>

(4) Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Personal Trust Company, FSB, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2018, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company may amend, modify, or terminate the Plan at any time. Upon termination, Plan assets are distributed according to the Plan document.

(6) Tax Status

The IRS informed the Company by a letter dated November 6, 2015 that the Plan and related trust were designed in accordance with the applicable provisions of the IRC. The Plan has been amended since receiving the letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of December 31, 2018 and 2017.

**BROWN & ROOT HOURLY EMPLOYEES’
401(k) PLAN
Notes to Financial Statements**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan provides for investment in mutual funds. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

(8) Party-in-Interest Transactions

Certain Plan investments are in mutual funds managed by entities related to Fidelity Personal Trust Company, FSB; therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

(9) Subsequent Events

The Plan has evaluated subsequent events through, August 30, 2019, the date the financial statements were available to be issued.
