1. DESCRIPTION OF PLAN

The following description of the Dynegy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents, which are the governing documents, for a more complete description of the Plan's provisions.

General

The Plan was previously sponsored and maintained by Dynegy Inc., a Delaware corporation, ("Dynegy") for the exclusive benefit of eligible employees of certain affiliates of Dynegy (collectively, the "Employer") that participate in the Plan. Effective as of April 9, 2018, Dynegy was merged with and into Vistra Energy Corp. ("Vistra Energy"), with Vistra Energy being the surviving entity, the Plan was amended to reflect Vista Operations Company LLC (the "Company") as the Plan sponsor.

The Plan qualifies under Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code") and is a trusteed, defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan's trustee is Vanguard Fiduciary Trust Company ("Vanguard" or the "Trustee"). The Dynegy Inc. Benefit Plans Committee serves as the "Plan Administrator" for the Plan. Effective as of January 1, 2019, the Plan was merged into Vistra Energy Thrift Plan. As a result, the Plan's assets totaling approximately $431.7 million were transferred out in December 2018.

All employees of the Employer are eligible to participate in the Plan other than (a) employees covered by a collective bargaining agreement (unless such an agreement provides for coverage under the Plan), (b) certain nonresident aliens, (c) any individual designated, compensated, or otherwise classified or treated by the Employer as a leased employee, an independent contractor or other non-common law employee, and (d) an employee of an entity that has been designated to participate in the Plan to the extent that such entity's designation specifically excepts such employee's participation. Although eligibility in the Plan commences immediately upon employment, a participant's election to make before-tax and/or after-tax contributions to the Plan is voluntary. Active participation ceases upon termination of employment with the Employer.

Contributions

Participants may make before-tax contributions, including "catch-up" contributions (if age 50 or older before the close of the particular Plan year), by payroll deduction up to the legal dollar limit. Participants may elect to have some or all of their before-tax contributions (including any catch-up contributions) contributed to the Plan as an after-tax Roth contribution up to the legal dollar limit. Participants may also make after-tax contributions in cash or by payroll deduction. Total contributions are limited to the extent required by law. A participant may also "roll-over" into the Plan amounts distributed from another eligible retirement plan.

The Employer makes a matching contribution each pay period to the Plan equal to 100% of

the participant's before-tax contributions (including any catch-up contributions and Roth contributions) that are not in excess of 5% of the participant's "Compensation" (as defined in the Plan) for such pay period, except as may be provided differently in any collective bargaining agreement with any Employer. In addition, for each calendar year, the Employer makes a "true-up" matching contribution, if necessary, on behalf of each participant who was an eligible employee on the last day of the year that takes into account the participant's before-tax contributions (including any catch-up contributions and Roth contributions) and Compensation for the year.

In addition, the Employer may make a discretionary contribution for a calendar year that is allocated based on Compensation to (a) participants who are eligible employees on the last day of the year and (b) participants who terminated employment during the year on or after attaining age 65 or by reason of death or total and permanent disability. No such discretionary contributions were made during plan year 2018. Further, the Employer may make contributions in order to meet nondiscrimination requirements as prescribed in the Plan document.

Lastly, the profit-sharing contribution for former Kincaid Energy Services Company, LLC 401(k) Plan for Bargaining Employees who is a member of Local 15 union, is 5% of each participant's eligible compensation for the year ended December 31, 2017. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the "Code").

Investment of Funds

The Plan offers a variety of investment options. Each participant has the right upon enrollment to select, from among the available investment options under the Plan, the fund(s) into which the participant's before-tax, after-tax and rollover contributions (and the earnings allocable thereto) will be invested. A participant may change the allocation of such participant contributions made to the selected funds or transfer amounts among investment funds in accordance with the procedures established by the Plan Administrator. If a participant does not make investment elections, the contributions will be invested in the default investment fund selected by the Plan Administrator for the Plan.

Participant Accounts

Each participant's accounts are credited with the participant's contributions, allocations of the Employer's contributions and Plan earnings or losses. Certain administrative expenses may also be deducted from participant's accounts. The benefit to which a participant is entitled is the balance of the participant's vested accounts.

Vesting

Participants have an immediate 100% vested and non-forfeitable interest in their contributions and earnings and 50% vested and non-forfeitable interest in year 1 of service and 100% vested and non-forfeitable interest in year 2 and thereafter of service in Employer contributions and actual earnings thereon.

Notes Receivable from Participants

The Plan allows participants to borrow from their Plan accounts an amount not to exceed the lesser of (a) $50,000 (reduced by the excess of the highest outstanding balance of loans during the one-year period before the date the loan is made over the outstanding balance of loans on the date the loan is made) or (b) 50% of the vested account balance (other than the portion of such account balance that is invested under the directed brokerage investment fund option). Interest is charged on these loans at a rate commensurate with interest rates charged by financial institutions in the business of lending money for similar types of loans. A loan may not be made in an amount less than $500. Additionally, no participant may have more than three outstanding loans at any given time, and only one of those loans may be used to acquire any house that within a reasonable period of time is to be used as a primary residence. Loans must be repaid within a certain period of time as specified in the Plan's Loan Procedure. Loan repayments are made by payroll deductions authorized by the participant while the participant remains employed by the Employer or an affiliate. After termination of employment and before receiving a distribution from the Plan, a participant may continue to make loan payments directly to the Trustee. Principal and interest paid on the loan is credited to the participant's account.

Payment of Benefits

Participants (or their beneficiaries as applicable) may elect to receive the vested interest in their accounts upon termination of employment (including as a result of normal retirement), total and permanent disability or death. All distributions are made in one lump sum in the form of cash. Generally, a participant can defer the receipt of his or her distribution until April 1 of the calendar year following the later of the calendar year in which he or she reaches age 70½ or the calendar year in which he or she terminates employment. However, an automatic lump sum distribution may be made upon termination of employment if the participant's aggregate account balance is not in excess of $1,000 (or as of January 1, 2011, $5,000). Note that the Plan also permits a variety of in-service withdrawals allowing participants to withdraw certain amounts from the Plan while working, as described in more detail in the Plan documents.

The Plan was permitted to Participants who hold investments in a self-directed brokerage account to make in-kind distributions of their account balances to an individual retirement account sponsored by Vanguard.

Forfeitures

In the event a participant's before-tax contributions exceed Plan and/or IRS limits, such excess contributions are distributed and any related Employer matching contributions are forfeited. Forfeitures are used to reduce Employer matching contributions and/or to pay Plan administrative expenses.

The balance of forfeitures held by the Plan as of December 31, 2018 and 2017 was $148,628 and $48,558 , respectively. In 2018, forfeitures were used to reduce Employer contributions

by $30,808 and administrative expenses by $0.

Termination of the Plan

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time subject to provisions of ERISA and must give written notice to the Trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying Plan financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investments and Related Income

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans (presented as Notes Receivable from Participants) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company. These expenses include fees and expenses of the consultants, auditors, and legal personnel. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from these estimates.

Distribution of Benefits

Distributions of benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for several investment options, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 27, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and the Plan sponsor's counsel believe these amendments have not adversely affected the Plan's qualified status and the related trust's tax-exempt status as of the financial statement date.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. INVESTMENTS (Certified by Trustee)

Information related to investments as of December 31, 2018 and 2017 and related investment loss for the year ended December 31, 2018 was certified by the Vanguard, the Trustee, as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Fair Value Measurements

The FASB establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs, including valuations based on pricing models, discounted cash flow methodologies or similar techniques where at least one significant model assumption or inputs is unobservable. Unobservable inputs are used to the extent that observable inputs are not available and reflect the Plan's own assumptions about the assumptions the market participants would use in pricing the assets or liabilities. Unobservable inputs are based on the best information available in the circumstances, which might include the Plan's own data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Collective investment trust: Valued at NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities.

Common stock (brokerage option): Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at closing NAV reported on the active market on which mutual funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017		
	Level 1	Total
Mutual funds	$ 456,832,864	$ 456,832,864
Brokerage option	8,077,935	8,077,935
	$ 464,910,799	$ 464,910,799
Investments measured at NAV as a practical expedient		$ 41,906,740
		$ 506,817,539

NAV per Share

In accordance with FASB ASU No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share or its equivalent for which the fair value is not readily determinable as of December 31, 2017 and 2016. For the Plan, such assets include investments in common collective trust funds.

The following table for December 31, 2017, sets forth a summary of the Plan's investments with a reported NAV.

	Fair Value Estimated Using NAV per Share December 31, 2017				
	Fair Value *	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective Investment Trust	$ 41,906,740	None	Daily	None	1 Day

* The fair values of the investment have been estimated using the NAV of the investment.

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Vanguard, the Trustee as defined by the Plan and, therefore, these qualify as party-in-interest transactions. Further, Vanguard Advisers, Inc. (a subsidiary of The Vanguard Group, Inc., the parent company of Vanguard, which provides recordkeeping and certain administrative services for the Plan) offers certain investment advisory programs for Plan participants; however, the provision of these programs is not a prohibited transaction under ERISA. Fees paid during the year for legal, accounting, and other professional services rendered by parties-in-interest were based

on customary and reasonable rates for such services. Investment and administrative expenses paid by the Plan to Vanguard Group Inc. Company or their affiliates totaled $330,205 for the year ended December 31, 2018.

6. SUBSEQUENT EVENTS

Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2018, through October 14, 2019, for inclusion in the financial statements and footnotes.
