HELP FOUNDATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017 AND YEAR ENDED DECEMBER 31, 2018

1. DESCRIPTION OF PLAN

The following description of Help Foundation Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Help Foundation, Inc. and Help, Inc. (the “Organizations”). There is no minimum age requirement, but the employees must complete six consecutive months of employment to be eligible on the first day of the following quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is sponsored and administered by Help Foundation, Inc.

Participant Accounts – Each participant’s account is credited with his or her elective deferrals, the Organizations’ contributions, if applicable, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Upon enrollment in the Plan, participants may direct contributions among investment choices and may change their investment options on any normal business day. Allocations by the Plan are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions – Participants may make pre-tax or after-tax contributions in any percentage of their compensation as defined by the Plan or a flat dollar amount per pay period up to the maximum amount set by law. The Plan allows for catch-up contributions for participants who attain age 50 before year end. The Organizations may make discretionary matching contributions. The Organizations matched participant contributions up to 4% of compensation during the year ended December 31, 2018. The Plan also provides for a discretionary employer profit sharing contribution for participants who are employed on the last day of the Plan year. No profit sharing contributions were made for the year ended December 31, 2018. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code).

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Notes receivable terms range from 1 – 5 years, or longer for the purchase of a primary residence. Notes receivable are secured by the balances in the participants’ accounts and bear interest at the rate of 1% above the prime rate. Interest rates ranged from 4.50% to 6.25% during the year ended December 31, 2018. Principal and interest are paid ratably through bi-weekly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participants’ accounts. Repayments of principal and interest are credited to the participants’ accounts within the funds elected by the participants. Until such repayments are received, the notes receivable are accounted for in the participant loan fund.

Payment of Benefits – Benefits will be paid from the Plan in a lump-sum or partial withdrawal upon the occurrence of any of the following events:

Retirement – A participant, upon retirement from employment with the Organizations at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Hardship – A participant shall be entitled to a hardship withdrawal from the participant's account after maximum participant loans have been withdrawn. The participant will not be permitted to make salary deferrals for a period of six months after receiving a hardship distribution.

Disability – In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death – Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

Termination of Employment – Upon termination of employment with the Organizations for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account. If the value of vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will be distributed to the participant without the participant's consent.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions. Vesting in the participant's share of the Organizations' matching and profit sharing contributions is based upon years of continuous service according to a five year graduated scale. The participant will be 20% vested after one year of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after five years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Organizations have the option to use forfeited non-vested unallocated accounts to reduce the employers' discretionary contributions or to pay for plan expenses immediately following the Plan year in which the forfeitures occur. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$2,874 and \$2,702, respectively. During 2018, forfeitures of \$538 were used to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value)(see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. The change in the difference between the fair value and the cost of investments and gain or loss on the sale of investments are reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments. Interest income is recorded on the accrual basis.

Notes Receivable from Participants – Notes receivable from participants are measured as at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2018 and 2017. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the balance on the note receivable is reclassified to benefits paid to participants in accordance with Plan provisions.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed \$564 and \$753 in excess contributions at December 31, 2018 and 2017, respectively, to the applicable participant prior to March 15, 2019 and 2018, respectively.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organizations. Expenses that are paid by the Organizations are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable disclosed in the accompanying financial statements and supplemental schedule, including notes receivable and investments held at December 31, 2018 and 2017 and net depreciation in fair value of investments and interest income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TransAmerica Financial Life Insurance Company, the custodian of the Plan.

Plan assets certified by the custodian at December 31, 2018 and 2017 includes the following:

	December 31,	
	2018	2017
Investments, at fair value:		
Pooled separate accounts	\$ 246,894	\$ 191,998
Fully benefit-responsive investment contract	4,403	9,614
Notes receivable from participants	8,434	10,100

Plan income certified by the custodian for the year ended December 31, 2018 includes the following:

Investment loss	\$ (15,774)
Interest income on notes receivable from participants	407

4. VALUATION OF INVESTMENTS

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts – Valued at the net asset value of shares held by the Plan at year end. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. Net asset value is based on the quoted market prices of the underlying investments, net of insurance company fees and expenses, less their liabilities. This practical expedient is not used when it is determined to be probable that the accounts will sell the investments for an amount different than the reported net asset value.

The method described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

5. INVESTMENTS IN POOLED SEPARATE ACCOUNTS

The Plan holds investments in Transamerica Financial Life Insurance Company (Transamerica) pooled separate accounts. The ability to exchange units of pooled separate accounts may be restricted in the event the plan sponsor or participant engages in trading patterns which are considered to be detrimental to the pooled separate accounts or their underlying investments.

6. INVESTMENT IN STABLE VALUE INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive stable value investment contract with Transamerica with a balance of \$4,403 and \$9,614 at December 31, 2018 and 2017, respectively. Transamerica maintains the contributions in a general account. The account is credited with interest and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and interest credited to participants. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within 30 days of the request.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its financial obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Transamerica, such as partial or complete contract termination by the Plan. Upon termination, payment may be delayed up to 270 days. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

7. PLAN TERMINATION

Although they have not expressed an intent to do so, the plan sponsor has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. TAX MATTERS

The Organizations adopted a prototype non-standardized profit sharing plan which received a favorable opinion letter from the IRS dated March 31, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has determined that the Plan does not have any uncertain tax positions that would require recognition of a liability or asset or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

10. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by TransAmerica. TransAmerica is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

11. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the Statement of Net Assets date, but before the financial statements are issued, or are available to be issued. FASB Accounting Standards Codification Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through October 11, 2019 which is the date the financial statements were available to be issued.
