NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Automotive Fastener Group 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established on February 1, 2004 as a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees of Continental/Midland, LLC; Jacobson Mfg., LLC; MSD Stamping, LLC; and Jacobson Mfg.–Tiffin, LLC (collectively referred to as the "Company") who have attained the age of 21 are eligible to participate in the Plan. Effective with the sale of MSD Stamping, LLC on March 30, 2016, MSD Stamping, LLC employees were given the option to either withdraw or roll over their account to the acquirer's defined contribution plan. Effective September 2, 2016, due to the acquisition of Continental Midland Group, plan sponsorship transferred from Continental/Midland, LLC to Agrati USA Corp.

Contributions: Each year, participants may contribute up to 100% of their annual pretax compensation, as defined in the Plan and subject to IRS limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions for each location up to 75% of the first 6% of contributions made by participants. The Company contributed $561,289 in discretionary matching contributions to the Plan for the year ended December 31, 2018. The Plan allows for a discretionary profit sharing contribution from the Company. No such contribution was made in 2018.

Participant Accounts: Each participant's account is adjusted daily to reflect any earnings or losses on investments, contributions, or distributions that have been made to a participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participant's contributions and earnings thereon are immediately vested. Participants must complete one year of service to be eligible for contributions other than elective deferral contributions. A participant's portion of the Company's contributions and related investment income vests according to the following schedule:

Full Years of Service	Vested Percentage
1 year	20%
2 years	40
3 years	60
4 years	80
5 or more years	100

Participants must work at least 1,000 hours during the plan year to be credited with a year of service. The Plan also contains provisions under which the entire amount credited to a participant's account is distributable upon a participant's permanent disability or death.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: On the date a terminated participant receives or is deemed to receive a distribution, the portion of the participant's matching account that was not fully vested becomes a forfeiture. Forfeitures are first used to pay administrative expenses of the Plan. Forfeitures in excess of administrative expenses are used to reduce future employer contributions. Approximately $18,802 of forfeited non-vested accounts were used to reduce the 2018 employer contributions. At December 31, 2018 and 2017, unallocated plan assets resulting from forfeited non-vested accounts totaled $6,985 and $3,473, respectively.

Notes Receivable from Participant: Upon the request of a participant, the plan administrator may authorize a note to such participant. The amount of any note from a participant's account may not exceed the lesser of 50% of his or her vested account balance or $50,000. The total of all outstanding notes to a participant may not exceed $50,000.

All notes receivable must be secured and bear a reasonable rate of interest that provides a return commensurate with the interest rate that would be charged by entities in the business of lending money for loans made under similar circumstances. Notes must be repaid by the participant over a period not to exceed five years (except for notes used to acquire a dwelling unit for the participant, in which case the period may not exceed 15 years). A participant must obtain the consent of his or her spouse, if any, to the use of the vested account as security for the notes.

Administrative Expenses: Payments for fees related to asset management incurred in the operation and administration of the trust are paid from the trust's assets. All other fees are paid by the Company. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accounting principles and procedures followed by the Plan conform to accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit responsive contracts are reported at fair value as further discussed in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

(Continued)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan provides for various investment options including any combination of certain pooled separate accounts, mutual funds, and a collective trust. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the participants' individual account balances.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company as of December 31, 2017 and for the period from January 1st, 2018 through August 13, 2018 and Fifth Third Bank as of December 31, 2018 and 2017 and for the year ended December 31, 2018. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2018, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 19,065,863	$ 19,065,863	$ -
Total	$ 19,065,863	$ 19,065,863	$ -

	Fair Value Measurements at December 31, 2017, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 15,466,179	$ 15,466,179	$ -
Total	$ 15,466,179	$ 15,466,179	$ -

(Continued)

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Traditional Guaranteed Investment Contract: The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal"; Issuer). Principal maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated quarterly based upon contract provisions, and it may not be less than 1%. Principal's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract was fully liquidated during the year ending December 31, 2018. At December 31, 2017, the contract value of the investment contract was $5,341,068, respectively.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

Certain professional fees for the administration and audit of the Plan were paid by the Company. The Plan invests in shares of pooled separate accounts, collective trust funds and a guaranteed investment contract issued by Principal Life Insurance Company or one of its affiliates. These investments qualify as party-in-interest transactions. The Plan also held party-in-interest notes receivable in the form of participant notes receivable as of December 31, 2018 and 2017, respectively.

Administrative fees were paid by the Plan to the trustees and recordkeepers of the Plan. These fees qualify as party-in-interest transactions.

NOTE 7 - TAX STATUS

Effective October 20, 2017, the Plan adopted a nonstandardized form of a prototype plan sponsored by Fifth Third Bank. The prototype plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

(Continued)

NOTE 8 - DISTRIBUTION UPON TERMINATION OF THE PLAN

While the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. In the event of any termination of the Plan, no part of the Trust's assets shall revert to the Company. Participants will become fully vested in their accounts upon the Plan's termination, subject to the provisions of the plan document.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to the Form 5500:

	2018	2017

Difference in notes receivable from participants	(39,375)	(24,218)
Net assets per the Form 5500	$ 19,537,548	$ 21,295,309

The following is a reconciliation of the change in net assets per the financial statements to Form 5500 for the year ended December 31, 2018:

Decrease in net assets available for benefits per financial statements	$ (1,742,604)
Change in difference in notes receivable from participants	(15,157)
Net loss per the Form 5500	$ (1,757,761)

NOTE 10 - SUBSEQUENT EVENTS
