Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cedarville University Retirement Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified by the Teachers Insurance and Annuity Association of America (TIAA), College Retirement Equities Fund (CREF), Voya Retirement Insurance and Annuity Company (Voya), and the Variable Annuity Life Insurance Company (VALIC), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that TIAA and CREF (together, TIAA-CREF), VOYA and VALIC, hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certifications from TIAA-CREF, Voya and VALIC as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator is complete and accurate.

Cedarville University Retirement Savings Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1: Description of the Plan

The following description of the Cedarville University Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined-contribution supplemental plan sponsored by Cedarville University (University) for the benefit of its employees. Students who are employed by the University are generally excluded from participation in the Plan. Participants are eligible to participate in the Plan upon employment.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. Teachers Insurance and Annuity Association (TIAA) serves as the issuer of the TIAA Traditional Annuity Contract held by the Plan. College Retirement Equities Fund (CREF) serves as the issuer of CREF variable annuities held by the Plan. TIAA, TIAA-CREF Trust Company, FSB, Voya Retirement Insurance and Annuity Company (Voya), The Variable Annuity Life Insurance Company (VALIC), GuideStone Financial Resources (GuideStone) and Pacific Life serve as the custodians of most nonannuity assets and as recordkeepers of the Plan.

Contributions

Participants may make elective deferral contributions up to the limits prescribed by law. Participants who have attained age 50 and/or have 15 years of service before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employees who have one year of experience, worked 1,000 hours and are at least 21 years of age are also eligible for a discretionary employer matching contribution of 2 percent when the employee contributes 4 percent to the Plan.

The University contributes 8 percent of the annual compensation of all eligible employees to the Plan. Additionally, the University may make matching discretionary contributions. If participants contribute 4 percent of their compensation to the Plan, the University will make an additional 2 percent contribution to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Investment Account Options

Investment account options available include various annuity accounts, a pooled separate account and mutual funds. Each participant has the option of directing their contributions into any of the investment account options selected by the University and may change the allocation to the extent permitted by the individual agreements.

Participant Accounts

Each participant's account is credited with the University's contributions, participant's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's account. All amounts in participant accounts are participant-directed.

Vesting

Participants are immediately vested in the University's and their contributions plus actual earnings thereon.

Payment of Benefits

Upon retirement, reaching age 62, or termination of service due to death, or disability, participants with account balances greater than $5,000 generally receive payments in the form of a lifetime annuity or if married as a joint and survivor annuity. Other forms of payment are available, provided that the participant and spouse, if married, waive the annuity form of payment. Participants with vested account balances of $5,000 or less will receive a single lump-sum payment.

Participant Loans and Plan Loans

Participants with accounts at Voya Retirement Insurance and Annuity Company (VOYA) may apply for a participant loan from their elective deferral and/or rollover accounts. The minimum loan amount is $1,000, and the maximum number of loans outstanding at any one time is five. Participant loans are reported as notes receivable from participants on the statements of net assets available for benefits.

Participants with accounts at Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF) or the Variable Annuity Life Insurance Company (VALIC), may apply for a Plan loan directly from TIAA-CREF or VALIC. Plan loans of $153,000 and $102,000, as of December 31, 2018 and December 31, 2017, respectively, are not considered assets of the Plan and, therefore, are not included in notes receivable from participants on the statements of net assets available for benefits. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.00 percent to 5.55 percent.

The total of the loans that a participant has outstanding is limited to the lesser of $50,000 or 50 percent of the participant's account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Principal and interest are paid at a frequency no less than quarterly over a maximum of five years (with certain expectations for loans used to acquire a principal residence).

Loan Collateral Account

When a participant enters into a VALIC loan agreement, the principal amount, plus the first quarter's interest and potential surrender charge are transferred from the participant's investment options to a loan collateral account. The loan collateral account earns interest at a contractually guaranteed minimum interest rate. The balance is equal to outstanding principal plus interest, less repayments. Principal and interest are paid quarterly by the participants directly to VALIC. As repayments are made, funds are released from the loan collateral account back to the participant's investment options.

Plan Termination

Although it has not expressed an intention to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan is funded by individually controlled TIAA, CREF, Voya, VALIC, GuideStone and Pacific Life investments. Contributions are allocated to the various investment options based on the individual participant elections.

The TIAA Fully Benefit-Responsive Traditional Annuity is recorded at contract value. The TIAA, VALIC and Voya Nonbenefit-Responsive Traditional Annuity contracts are recorded at fair value. Fair value, as reported to the Plan by TIAA, VALIC and Voya, represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses. The investment contract with TIAA, VALIC and Voya contain liquidity restrictions that require withdrawals and transfers from the investment contracts to other investment options available to the Plan to be spread over a period of 10 annual installments or five annual installments for withdrawals after a participant's termination of employment.

The nonbenefit-responsive contract is recorded at fair value, which approximates contract value as estimated by TIAA, VALIC and Voya. At December 31, 2018 and 2017, the fair value of the nonbenefit-responsive contracts at TIAA, VALIC and Voya totaled $4,843,584 and $4,647,947, respectively. At December 31, 2018 and 2017, the contract value of the benefit-responsive contracts totaled $2,677,967 and $2,846,485, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer of the TIAA Traditional Annuity. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

TIAA Stable Value Fund

The TIAA Stable Value Fund is a fixed rate group annuity contract and investment product offered by TIAA, an insurance company. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1 percent and 3 percent (before deductions for contract fees) with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA Board of Trustees. Additional amounts of interest are not guaranteed for periods other than the periods for which they are declared. The TIAA Stable Value Fund is immediately liquid to a participant for withdrawals and transfers and does not have withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's "equity wash" provisions). In addition, transfers into TIAA Stable Value Fund may not be made for 30 days following a transfer out. The TIAA Stable Value Fund is a benefit-responsive contract. At December 31, 2018 and 2017, the contract value of the fully benefit-responsive contract totaled $128,332 and $10,304, respectively.

CREF Variable Annuity Accounts

Participants purchase accumulation units in the variable annuity contracts and their value is calculated daily. Variable annuity accounts, except for the money market account, are recorded at their estimated fair value, which is based upon the underlying value of the assets.

Mutual Funds

Quoted market prices, if available, are used to value investments. TIAA-CREF, Voya, VALIC, GuideStone and Pacific Life mutual funds are valued at the market quoted net asset value (NAV) of shares held by the Plan at year-end.

Pooled Separate Accounts

Pooled separate accounts are valued at the NAV per accumulation unit of the investment as provided by the insurance company. The NAV of these accounts is based on the underlying assets owned by the fund, minus liabilities, divided by the units outstanding. The NAV is not a publicly quoted price in an active market. The NAV is used as a practical expedient to estimate the fair value of pooled separate accounts. There are no unfunded commitments or redemption notice periods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended.

The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not currently provide that service for 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, is not subject to tax.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Plan or University, at the University's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period ending date.

Note 3: Certification by Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017

- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2018

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements are primarily attributable to classification differences.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

	2018			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2018. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Valuation Process

Fair value determinations for Level 3 measurements of securities are the responsibility of the Business Office. The Business Office contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Business Office challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States of America.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompany statements of net assets available for benefits using significant unobservable (Level 3) inputs for the years ended December 31, 2018 and 2017:

	Fixed Annuity Contracts
Balance, January 1, 2017	$ 4,705,999
Investment income	184,126
Purchases	1,145,070
Sales	(1,387,248)
Balance, December 31, 2017	4,647,947
Investment income	192,730
Purchases	296,037
Sales	(293,130)
Balance, December 31, 2018	$ 4,843,584

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements:

	Fair Value at December 31, 2018	Valuation Technique	Unobservable Inputs	Range (Weighted-Average)
Fixed Annuity Contracts	$ 4,843,584	Discounted cash flow	Contractual interest rate	3.50% - 4.25%

	Fair Value at December 31, 2017	Valuation Technique	Unobservable Inputs	Range (Weighted-Average)
Fixed Annuity Contracts	$ 4,647,947	Discounted cash flow	Contractual interest rate	4.00%

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	December 31, 2018			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	$ 2,919,004	N/A	Daily	None

	December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	$ 3,158,293	N/A	Daily	None

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan invests in various funds of the Plans' recordkeeper and custodian, and fees for trust and management services paid by the Plan to this recordkeeper were $247,292 and $232,704 for 2018 and 2017, respectively.

The University provides certain administrative services at no cost to the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 8: Subsequent Events

Subsequent events have been evaluated through October 9, 2019, which is the date the financial statements were available to be issued.
