WRIGHT CONSTRUCTION CO., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

Note 1 DESCRIPTION OF PLAN

The following description of the Wright Construction Co., Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan established by Wright Construction Co., Inc. (the Company). The Plan qualifies as a profit-sharing plan under Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan covers all employees over 18 years of age who have completed six months of service, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan, as amended and restated effective January 1, 2016, excludes bonuses from compensation for Highly Compensated Employees.

Employee contributions

Subject to limitations in the Code, participants are permitted to contribute up to 100% of their annual compensation (as defined in the Plan document) to the Plan on a tax-deferred or non tax-deferred (Roth) basis. Employees over the age of 50 may make additional "catch up" contributions up to \$6,000. Transfers from qualified plans (rollovers) are allowed under the provisions of the Plan. Except for the Roth contributions, after-tax contributions are not allowed.

Employer contributions

The Company makes safe harbor matching contributions of 100% of the first 4% of the employee's contributions. At its discretion, the Company may make additional matching, profit sharing, qualified matching (QMAC), or qualified nonelective (QNEC) contributions. If made, these contributions would be allocated to participants under the terms of the plan document. All 2018 employer contributions were safe harbor matching contributions.

Participant accounts

Each participant's account is credited with the participant's contribution, the employer's contribution (if any), and Plan investment earnings or losses, which are allocated proportionately among all participants based on their investment in each fund.

WRIGHT CONSTRUCTION CO., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

Note 1 **DESCRIPTION OF PLAN – (continued)**

Vesting

Participants are fully vested in their elective tax-deferred, Roth, Safe Harbor Matching, rollover, QMAC, and QNEC contributions, together with the accumulated earnings on those accounts. Participants still employed by the Company become fully vested in all accounts at normal retirement age (65), death, or termination of employment due to disability. Otherwise, any additional matching and profit sharing contributions and the related earnings are 100% vested after three years of service.

Notes receivable from participants

Participants may borrow from their participant accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account and, as of December 31, 2018, bear interest between 4.25% – 6.25%, and mature at various dates through September 2026. Principal and interest are paid ratably through weekly payroll deductions.

Administrative expenses

The Company absorbs the cost of all administrative expenses not paid from the Plan's assets.

Payment of benefits

Benefits are generally paid as lump-sum distributions. Participants may elect to receive distributions of their vested balances upon termination of service due to death, disability, retirement or other reasons. Upon termination of service, participants with vested balances of \$5,000 or less receive a distribution of their vested balances. If the participant does not affirmatively request that vested balances of \$5,000 or less be rolled directly into an eligible retirement plan or paid to them, net of tax withholding, an individual retirement account is created for them and the balance is rolled into it.

The Plan allows in-service withdrawals for participants over 59 ½ and for hardship situations, as defined by the Plan. In-service withdrawals over 59 ½ are limited to the participant's salary deferral and Safe Harbor Matching contributions. In-service hardship withdrawals are limited to the participant's salary deferral. Participants may take an in-service withdrawal of their rollover contributions at any time.

Other plan provisions

Other plan provisions are described in the Plan Document.

WRIGHT CONSTRUCTION CO., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 3 TAX STATUS

Effective January 1, 2015, the Plan adopted the July Business Services, Inc. Non-standardized Prototype Profit Sharing/401(k) Plan (the Non-standardized Prototype Plan.) The Non-standardized Prototype Plan obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Non-standardized Prototype Plan, as designed, was in compliance with the applicable requirements of the Code.

WRIGHT CONSTRUCTION CO., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

Note 3 TAX STATUS – (continued)

The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the U.S. Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is subject to income tax examinations for all years since inception.

Note 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5 INFORMATION PREPARED AND CERTIFIED BY MID ATLANTIC TRUST COMPANY

The December 31, 2018 and 2017 statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Mid Atlantic Trust Company (Mid Atlantic) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$1,296,096 and \$1,091,475 at December 31, 2018 and 2017, respectively, and related investment earnings of \$(85,999) for the year ended December 31, 2018.

These accounts are maintained by Mid Atlantic, a party-in-interest.

Note 6 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets or liabilities. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. Level 1 inputs are used to value mutual funds and interest bearing cash. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. Interest bearing cash is carried at amortized cost.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total

There were no reportable transactions in 2018.

NOTES TO FINANCIAL STATEMENTS

Note 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 PARTY-IN-INTEREST TRANSACTIONS

Most of the Plan's investments at December 31, 2018 are shares of mutual funds managed by Box Advisors, and held by Mid Atlantic, the custodian of the Plan.

Note 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2019, the date which the financial statements were available to be issued.
