Note 1. Description of Plan

The following description of the Rapid Displays Savings and Protection Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan was most recently restated October 23, 2014, effective November 1, 2014. The Plan is a contributory, defined contribution plan maintained for the benefit of eligible employees, as defined by the Plan of Rapid Displays, Inc. (the Sponsor). The Sponsor's Retirement Plan Committee is the Plan Administrator, and is responsible for the oversight of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

BMO Harris Bank N.A. (BMO) and OneAmerica Retirement Services LLC (OneAmerica) are the trustee and recordkeeper, respectively, for the Plan.

Eligibility: Eligible employees are all nonunion employees who are 18 years of age or older. The Plan provides for eligible employees to enter the Plan on the first day of each month. The Plan provides for automatic enrollment at a deferral rate of 1 percent of compensation, as defined by the Plan, unless an eligible employee elects otherwise. Effective January 1, 2014, the automatic enrollment increased from 1 percent in the participant's second contributing plan year to 2 percent in the participant's third contributing plan year and will continue to increase by 1 percent per contributing year until reaching 5 percent, unless an eligible employee elects otherwise. The same eligibility requirements apply to discretionary employer matching, discretionary employer profit sharing and qualified discretionary contributions for the year ended December 31, 2018.

The Plan's investments are 100 percent participant-directed.

Contributions: The Plan provides for the following contributions, which are to be maintained in separate accounts for each participant:

Participant-directed contributions: To be made by the Sponsor, at the discretion of the participant, which amounts are deducted from the participant's direct compensation (and are excluded from the participant's reportable wages for the year). Salary deferral contributions are allowed up to the statutory limit provided by Section 402(g) of the Internal Revenue Code (IRC) as in effect at the beginning of the taxable year. Contributions cannot exceed statutory limits. The Plan allows "catch-up contributions" for participants who are age 50 and older. The Plan also allows participants to make after-tax Roth 401(k) contributions.

Discretionary employer matching contributions: The amount to be contributed by the Sponsor is at the discretion of the Sponsor. For 2018, the Sponsor made contributions of $1.50 for the first 1 percent and $.50 for the next 4 percent of all employee deferral elections.

Discretionary employer profit sharing contributions: The amount to be contributed by the Sponsor is at the discretion of the Sponsor. No discretionary employer profit sharing contributions were made in 2018.

Note 1. Description of Plan (Continued)

Qualified discretionary contributions: The Sponsor may, but is not required to, make contributions for non-highly compensated employees in order to assure that the Plan satisfies certain nondiscrimination testing requirements. No qualified discretionary contributions were made in 2018.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Participants' accounts: Each participant's account is credited with participant contributions, and allocations of the Sponsor's matching, profit sharing and qualified discretionary contributions and plan earnings. Allocations are based on the participant's earnings or account balances, as defined. Allocation of administrative expenses of the Plan is based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income is allocated daily.

Participant investment options: Upon enrollment in the Plan, a participant directs their account balances to be invested in selected funds as made available and determined by the Sponsor. Participants are allowed to change their investment options on a daily basis.

Vesting: Participants are immediately vested in their employee-directed, qualified discretionary and rollover contribution accounts and earnings thereon. Vesting of Sponsor discretionary matching and discretionary profit sharing contributions and related earnings and allocated forfeitures is based on years of service (with 20 percent vesting for each year of service) and date of termination as described in the Plan. The Sponsor has not authorized any discretionary profit sharing or qualified discretionary contributions through December 31, 2018.

Forfeitures: Participants are automatically fully vested upon normal retirement, death or permanent disability. In the event of termination of employment before full vesting, the nonvested portion is immediately forfeited. The amount of the participant's account forfeited will be reinstated providing the participant resumes employment prior to incurring a "break in service" (as defined). The Plan provides that the administrator will use forfeitures to reduce employer contributions, unless, in its discretion the administrator first uses the forfeitures to pay administrative expenses. At December 31, 2018 and 2017, forfeited non-vested amounts were approximately $28,000 and $25,000, respectively. In 2018, a total of approximately $29,000 of non-vested accounts were forfeited. In 2018, a total of approximately $26,000 of forfeitures were used to pay plan expenses.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. A participant may not have more than one note outstanding at any given time. Notes receivable from participants are made in accordance with the Plan's provisions and ERISA regulations whereby interest is calculated and allocated to the individual participant. Notes are repayable over a period ranging from one to five years (unless for the purchase of a primary residence) through employee payroll deductions. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the note was funded. Interest rates on the notes outstanding at December 31, 2018 and 2017, ranged from 4.25 percent to 6.25 percent.

Note 1. Description of Plan (Continued)

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or, at the option of the employee, termination of employment. Benefits are payable in a lump sum or by other methods as described in the plan document. Participants may make withdrawals from their account balances upon reaching age 59 1/2 or by determination that a financial hardship, as defined, has been incurred.

At December 31, 2018, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported as net assets available for benefits and changes herein. Actual results could differ from those estimates.

Valuation of investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements.

Income recognition: Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Any capital gains or losses are included in net appreciation or depreciation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Subsequent events: The Sponsor has evaluated subsequent events for potential recognition and/or disclosure through October 10, 2019, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; and • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Shares held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 input).

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$28,203,522	$ -	$ -	$28,203,522
Total assets in fair value hierarchy	$28,203,522	$ -	$ -	28,203,522
Investment measured at NAV (a)				2,243,343
Investments at fair value				$30,446,865

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$29,456,437	$ -	$ -	$29,456,437
Total assets in fair value hierarchy	$29,456,437	$ -	$ -	29,456,437
Investment measured at NAV (a)				2,156,764
Investments at fair value				$31,613,201

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2018 and 2017:

	Fair Value		Underfunded		Redemption	Redemption Frequency
Investment	2018	2017	2018	2017	Frequency	Notice
Interest in common/collective trust	$2,243,343	$2,156,764	$ -	$ -	Daily	None

A redemption period is the period when the Plan changes or removes funds in the Plan and the Plan Sponsor sends a notice to the participants which includes the date the fund will be removed, the date the new fund will be available, and the date at which the money will be moved from the old account fund to the new account fund.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers between levels.

Note 4. Information Certified and Provided by BMO

The following is a summary of the Plan's asset and income (loss) information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by and derived from information certified and provided by BMO and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from BMO that information they provided to the Plan Administrator related to the following assets and income (loss) is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income (loss).

	2018	2017
Shares of registered investment companies (mutual funds)	$ 28,203,522	$ 29,456,437
Units of common/collective trust	2,243,343	2,156,764
Notes receivable from participants	406,701	392,626
Net depreciation in fair value of registered investment companies (mutual funds)	(2,432,281)	
Dividends on shares of registered investment companies (mutual funds)	575,728	
Other income	300	
Interest on shares of common/collective trust	28,460	
Interest on notes receivable from participants	20,461	

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participants' accounts and distributed in such manner as the Sponsor may determine.

Note 6. Income Tax Status

The Plan is operating under a volume submitter plan sponsored by BMO. The volume submitter plan has received an opinion letter dated September 24, 2015, by the Internal Revenue Service (IRS), that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

Investments are managed by BMO, and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to BMO totaled $64,384 for the year ended December 31, 2018. The Sponsor pays certain investment and administrative expenses of the Plan. In addition, certain administrative functions are performed by the Sponsor or employees of the Sponsor for which no compensation is received from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2018.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per the financial statements	$ 30,865,096	$ 32,010,931
Notes receivable from participants	(406,701)	(392,626)
Participant loans	406,701	392,626
Net assets available for benefits per Form 5500	$ 30,865,096	$ 32,010,931
