NOTE A – DESCRIPTION OF PLAN

The following brief description of the CSafe Global 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution 401(k) plan covering substantially all employees of Doubleday Acquisitions, LLC dba CSafe Global (the "Company") who are not subject to a collective bargaining agreement, unless that agreement specifically allows for participation. Generally, all eligible employees are able to participate in the Plan and to receive an allocation of Company contributions at the date of hire. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under the Internal Revenue Code (the Code).

Contributions

Each year, participants may contribute up to the lesser of 75% of their eligible compensation, as defined by the plan document, or the maximum dollar amount allowed by the Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or benefit plans. Participants may direct investment of their account balances into various investment options offered by the Plan.

The Plan has automatic enrollment for all employees who meet the eligibility requirements. An automatic deferral election of 2% will be withheld if an election is not made by the date the participant becomes eligible.

The Company's non-discretionary matching contribution shall be determined by the Company with respect to each plan year. The Company elected to make a matching contribution of 50% of deferral contributions subject to a maximum limit of 6% of eligible compensation contributed to the Plan for the year ended December 31, 2018. See Note K – Subsequent Events for discussion of a plan amendment effective January 1, 2019 related to Company matching contributions.

The Company may also make a discretionary profit sharing contribution that is allocated to all eligible participants at an amount determined by the Board of Directors for each plan year. There were no profit sharing contributions in 2018.

At December 31, 2018, included within employer contribution receivable was $1,336 to record an estimate for a corrective matching contribution to the Plan. This corrective action relates to inadvertent exclusion of certain eligible wages from Plan compensation to calculate the non-discretionary matching contributions in certain years. For the 2018 Plan year, the Company is evaluating the lost earnings and will deposit the funds into the Plan during 2019.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting
Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Employer matching contributions and discretionary profit sharing contributions to the Plan, plus any earnings they generate, vest after the second year of service at 20% each year and are fully vested after six years of service.

Participant Accounts
Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, if any, and plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed; however, the trustee has complete control over the investment offerings made available to plan participants.

Participant Loans
Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. If a participant had a loan balance in the most recent prior period, the maximum loan amount is $50,000 or 50% of their vested balance less the highest loan balance in the prior period. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.20%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Distributions
Participants become eligible for benefit distributions upon retirement, disability, death, termination of employment, or termination of the Plan. A participant who has attained age 59½ and who has not separated from service may also request to receive a distribution of the funds which the participant has contributed to his or her account. All benefit distributions are made in lump sum cash payments or rollovers to other plans. Benefit payments are recorded when approved. Hardship withdrawals may be authorized for the following reasons: (a) purchase of primary residence, (b) tuition expense for post-secondary education, (c) medical expenses, (d) prevention of foreclosure on a primary residence, (e) funeral or burial expenses for parents, spouse, children, or dependents, and (f) repair or damage expenses to primary home that would be tax deductible.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures resulting from the non-vested portion of participants' accounts who terminate prior to being fully vested are generally used first to pay any administrative expenses of the Plan. Any remaining forfeitures will be used to reduce employer contributions. At December 31, 2018 and 2017, forfeitures totaled $49,279 and $23,194, respectively. For the year ended December 31, 2018, $901 was used to reduce employer contributions and administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in the employer portion of contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan are allocated to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. Administrative expenses paid by the Plan totaled $7,389 for the year ended December 31, 2018.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation and depreciation are calculated by comparing fair value to cost.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when approved. There were no approved, but unpaid distribution requests as of December 31, 2018 or 2017.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. All investment information disclosed in the accompanying financial statements and supplemental Schedule H, Line 4i – Schedule of Assets(Held at End of Year), including investments held at December 31, 2018 and 2017, net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2018, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds/ money market funds: Mutual funds and money market funds are stated at fair value as defined by observable quoted prices in active markets (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total

Mutual funds	3,010,999	-	-	3,010,999
Total investments at fair value	$ 3,257,881	$ -	$ -	$ 3,257,881

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

Mutual funds	2,633,361	-	-	2,633,361

NOTE E – CORRECTIVE DISTRIBUTIONS

The Plan failed to pass the Average Deferral Percentage (ADP) test for the plan year ended December 31, 2017. The accompanying statements of net assets available for benefits include a liability of $12,931 as of December 31, 2017, related to excess contributions due to the participants. The Plan distributed these corrective distribution amounts to the participants within two and a half months after the Plan's respective year end.

NOTE F - NONEXEMPT TRANSACTIONS

As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions and loan repayments were not remitted to the Plan within the timeframe specified by the Department of Labor's Regulation 29 CFR §2510.3102, thus constituting nonexempt transactions between the Plan and the Company during the 2018 plan year. Late remittances, including loan repayments, amounted to $525 for the 2018 plan year. The Company is evaluating the lost earnings and will deposit the funds into the Plan during 2019.

NOTE G – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Total increase in net assets per the Form 5500	$ 588,938

NOTE H – TAX STATUS

The plan sponsor amended and restated the Plan effective October 22, 2015, by adopting the Fidelity Management & Research Company Volume Submitter Defined Contribution Plan (Profit Sharing/401k Plan). The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the plan is qualified under Section 401 of the Code and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain tax position that are more likely than not would not be sustained upon examination by the IRS. The Plan has taken no uncertain tax positions that require adjustment to the financial statements.

NOTE H – TAX STATUS (CONTINUED)

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE I – RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of certain mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE J – PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan, and qualifies as a party in interest. The Plan also issues loans to participants, which are secured by the balances in the participants' accounts.

Certain administrative expenses are provided by the Company at no cost to the Plan and certain administrative expenses of the Plan are paid by the Company.

NOTE K – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2018, events and transactions subsequent to December 31, 2018 through October 14, 2019 have been evaluated by the plan administrator for possible adjustment and/or disclosure. As of January 1, 2019, the Plan was amended to change the matching company contribution to a safe harbor contribution equal to 100% of the first 6% of participant eligible compensation. No other subsequent events requiring financial statement adjustment and/or disclosure have been identified.
