401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following is a description of the Epstein Becker & Green, P.C. 401(k) Retirement Savings Plan (the "Plan"). For a more complete description of the Plan, see the plan document and Summary Plan Description. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a defined contribution plan, which was established July 1, 1991 as a Section 401(k) Savings Plan that covers all eligible employees except non-partner attorneys of Epstein Becker & Green, P.C. (the "Employer").

Contributions

The Plan is funded by employee pre-tax contributions and post-tax Roth contributions, as well as Employer discretionary non-elective contributions. Eligible employees may elect to make contributions up to the maximum allowable under the Internal Revenue Code ("IRC").

Eligibility and Vesting

The Plan provides employees who have attained the age of 21 to be eligible to participate as of the first day of the payroll period coinciding with or next following such employee's employment commencement date and are 100% vested in the employee contributions plus actual earnings thereon. Effective September 1, 2014, the Plan adopted an automatic enrollment feature whereby employees hired on or after the effective date will be entered into the plan at a 4% deferral rate. A participant's default percentage will increase by 1% each year up to a maximum default percentage of 10%. An employee has 30 days from the date they are entered into payroll to opt out of the automatic enrollment feature. After one year of service, the non-attorney employees become eligible to receive Employer discretionary non-elective contributions. Vesting in the Employer discretionary non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested on the earlier of five years of credited service or attaining age 65.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Employer's discretionary non-elective contribution and Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets. However, some of the administrative expenses of the Plan are paid by the Company without charge to the Plan. Certain expenses relating to specific participant transactions are charged directly against the appropriate participant's accounts.

Investment Options

Participants direct the investment of contributions credited to his or her accounts into various investment options offered by the Plan.

Information as to investment options and benefit payments has been published and made available to all participants.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance. Loan terms may not exceed five years unless the loan is for the purpose of acquiring a principal residence in which case the term may be in excess of five years. The loans are secured by the vested balance in the participant's account. The loans bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application to the Plan Administrator. Loans outstanding during the year had interest rates which ranged from 4.25% to 6.25%. Principal and interest are paid ratably through semi-monthly payroll deductions or directly from the borrower and credited to the borrower's account balance.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payments of Benefits

The Plan provides for benefits to be paid upon termination of service, death, disability or retirement. Payments can be made in the form of installments in accordance with minimum distribution requirements of the IRC or lump-sum payments as prescribed in the Plan. In service withdrawals are permitted by the Plan, and are subject to certain restrictions.

Forfeitures

At December 31, 2018 and 2017 forfeited non-vested accounts total $53,818 and $28,458, respectively. These accounts will be used first to reinstate participant accounts, as applicable, then to reduce plan expenses, if any, and then to reduce future Employer discretionary non-elective contributions to the Plan. Also, in 2018, Employer contributions were reduced by $23,126 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation

The Plan's investments are stated at fair value as described in Note 4.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded to the participant's account. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 - UNAUDITED INFORMATION

State Street Bank and Trust Company, the trustee/custodian of the Plan, holds the notes receivable from participants and the Plan's investment assets and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by Transamerica Retirement Solutions, LLC, the recordkeeper, which was certified by the trustee/custodian as complete and accurate. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2018 and 2017 and investment income for the year ended December 31, 2018. The Plan Administrator has obtained certification from the trustee/custodian that the information is complete and accurate.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual fund and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

2018	**Total**	**Level 1**	**Level 2**	**Level 3**
Mutual Funds and money market funds	**$ 76,479,328**	**$ 76,479,328**	**$ -**	**$ -**
Total Investments at Fair Value	**$ 76,479,328**	**$ 76,479,328**	**$ -**	**$ -**

2017	Total	Level 1	Level 2	Level 3
Mutual Funds and money market funds	$ 82,491,098	$ 82,491,098	$ -	$ -
Total Investments at Fair Value	$ 82,491,098	$ 82,491,098	$ -	$ -

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and terms of the Plan. In the event of termination or partial termination of the Plan, participants' accounts shall be fully vested as of the date of such termination. The Employer determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2014, that the form of the volume submitter plan is acceptable under the applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the advisory letter. However, the plan administrator believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The cash account is held at State Street Bank and Trust Company and is comprised of unallocated accounts including forfeitures and funds earned by the Plan from the recordkeeper based on a percentage of the participant account balances to be utilized against future Plan expenses and are maintained in an account managed by the trustee/custodian. Accordingly, these transactions qualify as party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 8, 2019 which is the date the financial statements were available to be issued.
