WABCO 401(k) Retirement Plan

Notes to the Financial Statements
December 31, 2018 and 2017

Note 1: Description of Plan

The following description of the WABCO 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of WABCO Holdings Inc. and affiliated companies (collectively referred to as the Company) as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan and subject to various regulatory limitations, through a salary reduction agreement. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation until changed by the participant.

Each pay period, the Company matches participant deferral contributions dollar-for-dollar, up to a maximum of 6% of eligible compensation. In addition, each pay period, the Company contributes a basic contribution representing 3% of each participant's eligible pay to his/her account regardless of his/her contribution level. During the year ended December 31, 2018, the Company made \$4,459,713 in contributions to the Plan. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional contributions were made during 2018 or 2017.

All investments are participant-directed and participants may change their investment options at any time. Upon enrollment, a participant may direct employee contributions in percentage increments to any of the Plan's fund options. If a participant is automatically enrolled, their contributions are invested in a JP Morgan SmartRetirement Target Date Fund, based on the assumption that the participant will retire at age 65, until the participant changes the election.

Notes to the Financial Statements
December 31, 2018 and 2017

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately 100% vested in both their own contributions and the Company's basic and matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Participants may only have two loans outstanding at any given time and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period, unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. All loans shall bear a rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2018, outstanding participant loans carried interest rates ranging from 3.25 to 8.25 percent, and mature at various dates through July 2048.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the vested value of his or her account or installments over a period of time. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less. Any force-out distribution that exceeds \$1,000 will automatically be rolled into an individual retirement account on behalf of the participant.

Forfeited Accounts

Typically, the Plan does not have forfeited accounts as participants are immediately vested in all contribution types. However, during 2017 approximately \$70,000 of forfeitures occurred due to excess-contributions of participant dollars. At December 31, 2018 and 2017, forfeited accounts totaled approximately \$33,800 and \$73,000, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses, as defined and permitted by the plan document.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments held by the Plan are reported at fair value (see Note 3). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2018 and 2017

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to the administration of the plan are charged directly to the participant's account and are net with off-setting revenue credits, and are included in administrative expenses. For the year ended December 31, 2018, the amount of revenue credits received by the Plan exceeded the amount of fees charged to the Plan by \$11,580, which resulted in additional Plan income shown as a negative administrative expense on the Statement of Changes in Net Assets Available for Benefits.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after, December 31, 2018 are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2019, the date the financial statements were available to be issued. See Note 11 for more information.

WABCO 401(k) Retirement Plan

Notes to the Financial Statements
December 31, 2018 and 2017

Note 3: Fair Value Measurements

The established framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered Investment Companies – Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

Common/Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Level 1	Level 2	Level 3	Fair Value
December 31, 2018				
Mutual Funds	\$ 54,201,023	\$ -	\$ -	\$ 54,201,023
Total assets in fair value hierarchy	<u>\$ 54,201,023</u>	<u>\$ -</u>	<u>\$ -</u>	54,201,023
Investments Measured at Net Asset Value (a)				<u>3,072,959</u>
Total Assets at Fair Value				<u>\$ 57,273,982</u>
December 31, 2017				
Mutual Funds	\$ 56,030,833	\$ -	\$ -	\$ 56,030,833
Total Assets in Fair Value Hierarchy	<u>\$ 56,030,833</u>	<u>\$ -</u>	<u>\$ -</u>	56,030,833
Investments Measured at Net Asset Value (a)				<u>2,671,274</u>
Total Assets at Fair Value				<u>\$ 58,702,107</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that se NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2018				
Common Collective Trust	<u>\$ 3,072,959</u>	<u>\$ -</u>	<u>Daily</u>	<u>N/A</u>
December 31, 2017				
Common Collective Trust	<u>\$ 2,671,274</u>	<u>\$ -</u>	<u>Daily</u>	<u>N/A</u>

Note 4: Income Tax Status

The underlying prototype volume submitter plan has received an advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and therefore the related trust is tax-exempt. The plan administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the prototype volume submitter plan. While the Plan cannot rely on the IRS opinion letter, the Company and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2018 and 2017

Note 5: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2018 and 2017, the Plan had one investment that accounted for approximately 13 percent of the Plan's total assets.

Note 6: Information Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee of the plan:

	2018	2017
Assets:		
Investments, at fair value	\$ 57,273,982	\$ 58,702,107
Notes receivable from participants	1,352,682	1,068,744
	<u>2018</u>	
Income (Loss) for the Year Ended December 31:		
Net depreciation in fair value of investments	\$ (6,806,953)	
Dividends from registered investment companies - mutual funds	3,179,554	
Interest income on notes receivable from participants	54,313	

Note 7: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Fidelity Management Trust Company, the trustee of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations, except for certain participant transaction fees included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

Less: Employer Contributions Receivable	-	(70,999)
Net Assets Available for Benefits Per Form 5500	<u>\$ 58,626,664</u>	<u>\$ 59,770,851</u>

The following is a reconciliation of contributions per the financial statements to Form 5500 for the year ended December 31, 2018:

	Participants	Employer
Contributions Per the Financial Statements	\$ 3,948,851	\$ 4,459,713
Add: Contributions Receivable at December 31, 2017	<u>57,909</u>	<u>70,999</u>
Contributions Per Form 5500	<u>\$ 4,006,760</u>	<u>\$ 4,530,712</u>

Note 10: Plan Errors and Prohibited Transactions

During 2018 and 2017, certain employee elected deferrals were erroneously calculated and withheld (or not withheld). Additionally, certain employer contributions were incorrectly calculated for these years. These constitute operational failures within the Plan. Management has evaluated the effect of these plan errors and determined they are not material to the overall financial statements and thus no receivable has been recorded by the Plan. The Plan Sponsor intends to make the above mentioned corrections as soon as administratively possible and file Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the Company's assets and not from the assets of the Plan.

During 2018, 2017, 2016, 2015 and 2014, the plan sponsor inadvertently failed to make deposits of \$439,890, \$446,418, \$467,919, \$302,460 and \$757,762, respectively, of participant deferrals and loan payments within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the employer remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. Management believes that assets can reasonably be segregated within 10 calendar days; therefore, any amount remitted after 10 calendar days is considered late. The plan sponsor made deposits ranging from 10 days to 45 days after the date in which the contribution was withheld. The Plan Sponsor intends to file a Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan. In addition, participant accounts will be credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis. During the year ended December 31, 2018, the Plan sponsor fully corrected the errors listed above relating to 2017 and prior plan years. The Plan sponsor anticipates correcting the errors from the 2018 plan year during the plan year ended December 31, 2019.
