NOTE 1 - DESCRIPTION OF PLAN

The American Financial Network, Inc. 401(k) Profit Sharing Plan (the Plan) is sponsored by American Financial Network, Inc. (the Company) and was established on January 1, 2010 and restated effective January 18, 2018. The following brief description is provided for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees who have completed three months of service and are at least eighteen years old. Employees are eligible to receive profit sharing contributions after the completion of one year of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to contribute to a pre-tax deferral or a Roth deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may elect to make discretionary matching and profit-sharing contributions, which is allocated to each eligible participant according to the employee grouping method specified in the plan documents. There were no discretionary matching or profit-sharing contributions made during the years ended December 31, 2018 and 2017.

Participant Accounts - Each participant's account is credited with the participant's voluntary contribution and allocations of Plan earnings or losses and charged with an allocation of administrative expenses in proportion to participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half their vested account balance. The loan repayment period must be no more than five years and bear interest at the prime rate plus 1%. Home loans can be repaid over a reasonable period of time that may exceed five years.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. However, vesting in employer discretionary contributions is based on years of continuous service. The employer discretionary matching and profit-sharing contributions vest according to the following schedules:

Employer discretionary matching contributions:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employer discretionary profit-sharing contributions:

Years of Service	Vested Percentage
1	0%
2	0%
3	100%

Payment of Benefits - Upon termination of employment due to death, disability, retirement, or termination of employment, a participant may elect to receive the value of the participant's vested interest in their account and are recorded in the year of distribution. The Plan allows for hardship distributions, as defined in the Plan document. Participants may elect lump sum, rollover or installment distributions or a combination of each.

Forfeitures - Amounts forfeited from terminating participants' nonvested portion of their Company contributions and earnings on Company contributions can be used to pay administrative expenses or reduce future employer contributions. At December 31, 2018 and 2017, there were non-vested forfeited amounts of $758 and $16,267, respectively. Forfeited amounts of $13,416 and none were used to pay administrative expenses during the years ended December 31, 2018 and 2017, respectively. No forfeited amounts were used to reduce employer contributions during the years ended December 31, 2018 and 2017.

Investments - Each participant directs the allocation of his or her contribution, and profit sharing contributions to one or more of 38 investment options offered by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements have been prepared in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting - The financial statements of the Plan have been prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses - Administrative expenses incurred in the administration of the Plan are paid by both the Plan and the Company.

Risk and Uncertainties - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Subsequent Events - The Plan evaluated subsequent events through October 8, 2019, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Note 3 continued on the following page)

Notes to Financial Statements
(Continued)
December 31, 2018 and 2017

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
	If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash: Valued at market value of corresponding currency at year end.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	*Level 2*	*Level 3*	*Total*
Interest-bearing cash	$ 758	$ --	$ --	$ 758
Mutual funds	10,926,526	--	--	10,926,526

	Assets at Fair Value as of December 31, 2017

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a portfolio of investment contracts with Mass Mutual Life Insurance Company (Mass Mutual). This contract meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is summarized as follows:

	2018	2017
Investment contract	$ 495,589	$ --

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit- responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. During the year ended December 31, 2018, the Plan had a change in trustee from Fidelity Management Trust Company to Mass Mutual Life Insurance Company. Accordingly, the trustees of the Plan as of December 31, 2018 and 2017 have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

- Net (depreciation) appreciation in fair value of investments, interest and dividends reflected on the accompanying Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2018 and 2017.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

NOTE 7 - TAX STATUS

The Plan has obtained its latest determination letter from the IRS dated March 31, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan has been restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax exempt.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan issues notes receivable from participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the change in net assets per the Plan's financial statements to the Form 5500 at December 31, 2018 and 2017:

	2018	2017
Net increase in assets available for benefits per the financial statements	$ 1,436,203	$ 4,256,460
(Decrease) in: Corrective distributions	--	(69,319)
