NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2018 AND 2017, AND FOR THE YEAR ENDED DECEMBER 31, 2018

1. DESCRIPTION OF THE PLAN

The following description of the Hearthside Food Solutions 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering eligible nonunion employees of Hearthside Food Solutions, LLC and affiliated employers (the "Company"), as defined in the Plan. Great-West Trust Company, LLC serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to participate in the Plan upon completion of three months of service. There is no age requirement to participate in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees whose hire date is on or after January 1, 2015, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. Automatically enrolled participants may elect to increase or decrease percentages or discontinue deferrals as defined in the Plan.

Plan Amendment—Effective January 1, 2018, the Company applies all forfeitures to reduce nonelective and Plan expenses, whereas previously it was applied to Safe Harbor Contributions and Plan expenses. Effective January 1, 2017, the Plan amended the safe harbor nonelective Company contribution from 4% of participant's compensation to 3% of a participant's compensation. The amendment also removed the exclusion of bonus and overtime from the safe harbor nonelective contribution plan to the safe harbor nonelective plan compensation.

Plan Merger—Effective December 31, 2018, the Standard Functional Foods Group, LLC—401(k) Plan merged with the Plan. As a result, net assets of \$9,101,222 were reflected as a receivable from the Standard Functional Foods Group, LLC 401(k) Plan in the Statement of Net Assets Available for Benefits as of December 31, 2018, and as a transfer in due to merger in the Statement of Changes in Net Assets Available for Benefits for the year then ended. The asset transfer occurred on January 2, 2019.

Effective December 31, 2017, the Hearthside Food Solutions, LLC—Wenona 401(k) Plan merged with the Plan. As a result, net assets of \$17,669,362 were reflected as a receivable from the Hearthside Food Solutions, LLC Wenona 401(k) Plan in the Statement of Net Assets Available for Benefits as of December 31, 2017, and as a transfer in due to merger in the Statement of Changes in Net Assets Available for Benefits for the year then ended. The asset transfer occurred on January 11, 2018.

Contributions—Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) contributions made by the Company, and (iii) participant rollovers from another plan. Each year, participants may contribute up to 100% of their

pretax annual compensation, subject to certain Internal Revenue Code ("IRC") limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows participants to make Roth contributions to the Plan on an after-tax basis, and allows rollovers of designated Roth contributions into the Plan.

The Plan provides for safe harbor nonelective Company contributions equal to 3% of a participant's compensation. Participants must be employed for three months in order to receive the safe harbor nonelective Company contributions.

Participants may direct the investment of all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant Accounts—Each participant's account is credited with the participant's contributions and safe harbor nonelective Company contributions as well as allocations of (1) any discretionary profit-sharing Company contributions and (2) Plan earnings or losses. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are immediately 100% vested in their contributions and the safe harbor nonelective Company contributions plus actual earnings thereon.

Notes Receivable from Participants—Participants may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' account. Interest rates are based on the prime rates plus 2% on the first day of the month the loan originated. Interest rates range from 3.25% to 9.75%. Principal and interest is paid ratably through payroll deductions over a term not exceeding five years, or longer for loans used for purchase of primary residence.

Payment of Benefits—Upon termination of service due to death, disability, retirement, separation from service, or attainment of age 59 1/2, a participant may elect to receive the value of their vested interest in his or her account as a lump-sum amount, or may elect to receive their benefits in the form of installments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk

associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits—Benefit payments are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2018 and 2017.

Administrative Expenses—Certain expenses of maintaining the Plan are paid directly by the Plan and are included as administrative expenses in the Statement of Changes in Net Assets Available for Benefits. Any expenses paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are reflected as a reduction of return for such investments and are not separately reported.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to Great-West Trust Company, LLC to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts. For the year ended December 31, 2018, \$431,711 was used to offset Plan expenses. The Plan held no undistributed administrative revenues at December 31, 2018 and 2017, respectively.

Subsequent Events—Effective January 1, 2019, in connection with the Standard Functional Foods Plan merger, the following plan amendments were made:

- As to all contributions, the eligibility conditions and entry dates do not apply to employees who were employees of Standard Functional Foods Group LLC as of December 31, 2018.
- The Automatic Deferral provisions will not apply to employees of Standard Functional Foods Group, LLC as of December 31, 2018.

- The Company has added Qualified Reservist Distributions as a permitted in-service distribution/event for elective deferrals made under the plan.

During the year ended December 31, 2018, the Company acquired Greencore US Holdings, LLC. The Board of Directors of the Company signed a resolution to merge the Greencore USA 401(K) Savings Plan with the Plan effective December 31, 2019.

The financial statements and related disclosures include evaluation of events up through and including October 11, 2019, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds—Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund—Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using NAV as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB ASC Topic 946, *Financial Services—Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund’s NAV, the relevant measurement is net assets which include the fully benefit responsive investment contracts held by the fund at contract value. This NAV represents the Plan’s fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2018 and 2017:

	Assets (Level 1)	Inputs (Level 2)	Inputs (Level 3)	2018 Total
Mutual Funds	\$120,661,085	\$ -	\$ -	\$120,661,085

Total investments	<u>\$120,661,085</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$129,313,908</u>

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2017 Total

Total investments	<u>\$110,605,103</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$118,437,438</u>

For the year ended December 31, 2018, there were no transfers between levels.

4. STABLE VALUE FUND

The Goldman Sachs Stable Value Collective Trust (the “Fund”) is a collective trust fund sponsored by The Goldman Sachs Trust Company, N.A. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund’s constant NAV of \$1 per unit. Distribution to the Fund’s unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit; although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct either the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value

Restrictions on the Plan—Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- Complete or partial termination of the Plan or its merger with another plan
- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option

Circumstances That Affect the Fund—The Fund invests in fixed income, money market instruments, other collective or commingled fixed income funds and enters into “wrapper” and separate account contracts (“wrap contract”) issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund’s cash flow
- Employer-initiated transactions by participating plans as described above

In the event that wrap contracts fail to perform as intended, the Fund’s NAV may decline if the market value of its assets declines. The Fund’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet their financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Great-West Trust Company, LLC, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statement of Changes in Net Assets Available for Benefits

Supplemental schedules: All investment balances and information included in the supplemental schedule of assets (held at end of year).

Notes 3: All investment balances and investment information, excluding the classification and level of investments in Note 3, Fair Value Measurements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document from Great-West Trust Company, LLC, which received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 stating that the prototype plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the aforementioned opinion letter, the Plan administrator believes that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. TRANSFERS

As permitted by the Plan, participant accounts may be transferred from or to the Plan from the Hearthside Food Solutions Union 401(k) Plan (an affiliated union plan sponsored by the Company) based on changes in job status. The net balance of these transfers is included in net transfers from other qualified plans on the Statement of Changes in Net Assets Available for Plan Benefits.

9. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan held the Goldman Sachs Stable Value Collective Trust investment, which was an affiliate of a shareholder in Hearthside Food Solutions, LLC until May 23, 2018.

Fees paid by the Plan for investment management services provided by Great-West Trust Company, LLC were included as a reduction of the return earned on investments, and administrative revenue received by the Plan through the Plan's revenue-sharing agreement by Great-West Trust Company, LLC was used to offset the Plan's administrative expenses. These transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.
