LTD COMMODITIES LLC 401(K) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the LTD Commodities LLC 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan established under Section 401(k) of the Internal Revenue Code, covering employees of LTD Commodities LLC (the “Company” or “Employer”). Employees of the Company are eligible to participate in the Plan upon reaching twenty-one (21) years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions. All eligible employees may voluntarily elect to contribute up to 50% of their pre-tax compensation and/or their post-tax compensation as defined in the Plan subject to federally mandated limits. Participants who reach age 50 by the end of the Plan year may make additional catch-up contributions. For participants who have completed one year of service, the Company may contribute a discretionary matching contribution. For the year ended December 31, 2018, the Company elected a discretionary matching contribution equal to 50% of the first 4% of salary that a participant contributes to the Plan. The Plan does not provide for a discretionary match on additional catch-up contributions.

The Plan includes an auto-enrollment provision whereby employees are auto-enrolled in the Plan upon meeting the eligibility requirements at a contribution deferral rate of 4%, unless the participant affirmatively elects otherwise. The Plan also includes a provision to automatically increase the deferral rate by 1% annually up to a maximum of 6%, if the participant so chooses.

The Plan accepts rollovers and transfers as defined in the Plan document. Rollover contributions consist of contributions from other employers’ plans, which employees have elected to include with the Company’s Plan.

Participant Accounts. Each participant’s account is credited with the participant’s and matching employer’s contributions and an allocation of the Plan’s earnings, and charged with an allocation of administrative expenses. Allocations of the Plan’s earnings are based on the participant’s investment fund earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting. Participants are fully vested in their employee contributions plus actual earnings thereon. Vesting in Company matching contributions, and earnings thereon, is based on years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear fixed interest at the prime rate plus 1% at the time of the loan. Principal and interest are paid ratably through weekly payroll deductions and are credited to participants’ accounts at that time. Participants are only allowed one loan outstanding and are prohibited from refinancing loans.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. Upon termination of service, death, or retirement, a participant or their beneficiary can leave the balance in the Plan or receive either a lump-sum amount equal to the vested value of his or her account or receive a life annuity or joint and survivor annuity. Normal retirement is defined as the date a participant reaches age 65, early retirement is not permitted. The Plan also permits hardship withdrawals and in-service distributions if certain criteria are met. Participants may withdraw any part of their vested account balance resulting from rollover contributions at any time.

Forfeitures. Forfeited non-vested accounts are used to reduce the Employer's contributions to the Plan. The Plan used \$32,746 of forfeitures to reduce the Employer's contribution to the plan for the year ended December 31, 2018. The forfeiture account balance was \$13 and \$-0- as of December 31, 2018 and 2017, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes Plan's gains and losses on investments bought and sold as well as held during the year (unrealized).

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Costs. Certain administrative costs of the Plan are paid by the Company and are not included in these financial statements. The Company does not intend to obtain reimbursement for such costs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN ASSETS

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Trustee"), the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Investment income and interest income – notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Note 4: All investment balances.
- The schedule of assets held for investment purposes at end of year as of December 31, 2018, as shown on Form 5500, Schedule H, Part IV, Line 4i.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include the following:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual Funds. Valued at closing price reported on the active market on which the mutual funds are traded.

Collective Investment Trusts (“CCTs”). The CCTs invest in collective trust funds as well as a variety of separate accounts and mutual funds. The fair value of the collective trust funds and separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs (level 1). The fair value of all of these investments are used in determining the net asset value (“NAV”) of the CCTs, which is not publicly quoted. These investments are valued at NAV as a practical expedient, as that value can be used as an estimate of fair value.

Pooled Separate Accounts. Accounts that invest in domestic stocks. The fair value of the separate accounts are not publicly quoted pricing inputs. The fair value of the stocks are publicly quoted pricing inputs (level 1). The fair value of all of these investments are used in determining the NAV of the pooled separate accounts, which is not publicly quoted. These investments are valued at NAV as a practical expedient, as that value can be used as an estimate of fair value.

Stable Value Collective Trust Fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification to ensure securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

	Assets at Fair Value as of December 31, 2018

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested.

NOTE 6 – RELATED PARTY TRANSACTIONS

Various investments are managed by a related party to the Trustee of the Plan. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

See Independent Auditor's Report.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for investing in numerous funds, which invest in various types of investment securities and in various companies within various markets. Investment securities, generally, are exposed to several risks, such as interest rate, market, and credit risks. Due to the level risk associated with the funds, it is reasonably possible that changes in the values of the funds will occur in the near term and such changes could materially affect the amounts reported in the financial statements and supplementary schedule.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
