1. Description of the Plan

The following description of the J. McLaughlin (the Company or Plan Sponsor or Employer) 401(k) Plan (the Plan), which was established by Georgica Pine Clothiers, LLC (the Company), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution retirement plan covering all full-time employees of the Company who are age 21 or older and have completed 1,000 hours and six consecutive months of service or are age 21 and have completed one year of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2000 and was amended and restated effective February 1, 2016 for regulatory and certain plan changes.

Contributions

For the 2018 Plan year, participants may contribute up to $18,500 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Any eligible employee, even prior to the employee meeting eligibility conditions to be a participant may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover) at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute an annual match at its discretion to those employees who have completed 1,000 hours of service in the Plan year. Contributions are subject to certain limitations. The Company made no matching contributions during 2018. Additional profit-sharing amounts may be contributed at the option of the Company's owners. For the 2018 Plan year, the Company did not make any profit-sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as follows:

Years of Service	Vesting Percentage (%)
Less than 1	-
Less than 2	20
Less than 3	40
Less than 4	60
Less than 5	80
5 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loans are made for terms not to exceed five years unless the loan is used to acquire a principal residence, in which case the loan may not exceed 10 years. The loan interest rate is based on prime rate plus 1%. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

As of December 31, 2018 and 2017 and during the 2018 year, the Plan did not have any forfeited nonvested accounts. Forfeitures of the Plan would be used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Administrative Expenses

Certain expenses of maintaining the Plan investments are paid by reducing the participant's existing investment account balance and are shown as a reduction of investment (loss) income in the Statement of Changes in Net Assets Available for Benefit. Expenses that are paid directly by the Company, such as third-party administrator and payroll service provider fees, are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included as a reduction of investment (loss) income in the Statement of Changes in Net Assets Available for Benefit.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2017 excess contributions totaling $72,584 and $4,604 to the applicable participants prior to March 15, 2019 and 2018, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued. No material subsequent events were noted that should be disclosed.

3. Guaranteed-Income Contract

The Plan invests in the Voya Fixed Account, a guaranteed-income contract. The Voya Fixed Account is a fully benefit-responsive contract entered into with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain events that may limit the ability of the Plan to transact at contract value are not probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is a blended rate determined using a dollar-weighted average of all the guaranteed interest rates of the guaranteed interest funds under this contract. Under the terms of the existing contract, the interest rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate. The Voya Fixed Account is a single group annuity contract with a fixed rate of interest.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

4. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Voya. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. J. McLaughlin, the Plan Sponsor, is also a party-in-interest.

5. Information Certified by Voya

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, auditing procedures with respect to the information certified by Voya, except for comparing the information certified by Voya to information included in the Plan's financial statements and supplemental schedule. The following financial information has been certified by Voya, and is considered complete and accurate in all material aspects:

December 31,	**2018**	2017
Investments:		
Pooled separate accounts	**$ 2,046,015**	$ 2,576,251
Guaranteed interest contract	**640,406**	338,361
Notes receivable from participants	**27,143**	28,726

Year ended December 31, 2018	
Net depreciation in fair value of investments	$ (138,254)
Interest income from participant loans	1,485
Interest income from investments	7,734

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

7. Tax Status

The Internal Revenue Service (IRS) has informed the Company through an opinion letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Fair Value Measurements

The framework for measuring provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lower priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Pooled Separate Accounts

Pooled separate accounts are valued at their accumulation unit value (AUV) as a practical expedient. The AUV is determined daily based on the net asset value (NAV) of shares of the underlying fund, and the separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis.

December 31, 2018

	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 2,046,015
Total Assets at Fair Value	$ -	$ -	$ -	$ 2,046,015

December 31, 2017

	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 2,576,251
Total Assets at Fair Value	$ -	$ -	$ -	$ 2,576,251

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

December 31,	**2018**	2017
Net assets available for benefits per financial statements	**$ 2,659,359**	$ 2,951,171
Excess contributions due to participants	**72,584**	4,604

The following is a reconciliation of the statement of change in net assets available for benefits per the financial statements to Form 5500:
